HE WHO WAITS UNTIL ALL THINGS ARE PROVED

The prevalent error of the moment is to wait for definite news before making market commitments. For the past few months this policy has been especially mischievous and expensive...

CUT ICE SUPPLY FOR ALL SALOONS

so plenty that persons who formerly got along with a five-cent piece of ice now want three or four times that amount. The labor shortage has had a disastrous effect at the ice houses where \$5 a day is being paid to men for loading, but the job goes a-begging...

British, on Somme, Improve Positions, Capture Prisoners With the British Army in France, Aug. 13, 11.30 A. M.—Allied forces holding their new lines gained in the second battle of the Somme, improved their positions, beat off a few feeble counterattacks and increased the number of their prisoners last night and this morning. There has been some fighting in Madama Wood, about 2,000 yards southeast of Herleville, where the Australians are in touch with the enemy. A German counterattack yesterday at Chilly, father south, resulted in the British withdrawing to the edge of the town, as nothing could be gained by staying there. Chilly now is in No. Man's Land. Another counterattack east of Lihons, north of Chilly, was smothered under British fire.

SENATE TO START DRAFT EXTENSION

on record as opposed to substituting twenty-one for eighteen years minimum age of training an amendment proposed by Senator Kirby, of Arkansas. He announced the fight for the twenty-one minimum would be renewed when the bill reaches the Senate.

Prohibition leaders were elected last night over the movement to recall the Senate. Under the agreement the Emergency Agricultural Prohibition Bill to which the amendment providing for national prohibition during the war is attached as rider was made the unfinished business with a vote on interjection. Supporters of the prohibition amendment believe the manpower bill can be disposed of after a few days' consideration and will not interject a big battle raging on to vote on the prohibition question.

Senator Reed argued against overconfidence on the Allies' part and declared that now this country is in the rear it will have to fight to a finish. He asserted that even with our presence there is a very serious question whether the Central Powers will not have more men than we can put there than the Allies.

Bootlegging and Saloon Violations in Philadelphia Force Military Authorities to Ensure Sobriety of Soldiers and Arsenal Workers

Philadelphia, Aug. 13.—A dry zone within a radius of a half mile of the Frankford arsenal was declared last night by the department of justice. This action was taken by government officials following a complaint by Colonel Samuel Hoff, commandant of the arsenal. Those affected by the new order are given a period of ten days in which to arrange their affairs preparatory to closing up shops. United States District Attorney Kane last night said this action became necessary because the law requires that dry zones be established in any vicinity where at least 250 men are mobilized for Army training. Announcement was also made that similar zones would be established in any part of the city where the law is being violated. Mr. Kane asserted that his office would make a survey of the city, and other places in the city where groups of 250 or more men are assembled for training. The districts most likely to be affected are those surrounding the First Regiment Army, Broad and Calowhill streets, Second Regiment Army, Broad and Third Regiment Army, Broad and Federal streets.

GERMAN PIRATE DANCES A JIG

U-boat crew and knocked about when they failed to move as rapidly as ordered.

Stamp on Old Glory The mate of the Lena May declared that Germans were intoxicated. He said the crew were being hung down and stamped on, amid shrieks from the captors. A member of the submarine crew who spoke rather brokenly, was asked why they wanted a photograph. "That goes back to Germany," he replied. "To show what we do over here. We have quite a lot of them. They look good in Berlin."

Men Stripped Naked All of the men from the Lena May and the Earl and Nettie, another schooner, sent down by gunfire, said they received outrageous treatment at the hands of the Germans. Some were stripped naked. Rising to the surface in the midst of the fleet the submarine commander ordered the remaining crew to be sent to the surface in the dory, and Captain Frank Lynch of the Lena May and two other fishermen were made to man the boat. Efforts to find other fishermen were abandoned when they were held up by a fog. The boat bringing the survivors of the Earl and Nettie and the Lena May picked its way cautiously and made port safely.

Ten Fishing Smacks Sunk With the arrival of the men from the Earl and Nettie, the number of fishing vessels known to have been sunk was increased to ten. Two steamers, the Faston of British registry, and the Swedish freighter Sydland also were sent to the bottom off the New England coast by the submarine.

Norwegian Freighter Down New York, Aug. 13.—German submarines took toll of American shipping in the waters adjacent to this port for the first time last night. A Norwegian freighter was sunk off Fire Island. The 3,875-ton freighter was sent to the bottom not far from the locality where the ore carrier San Diego was blown up on July 19.
