

British Expect Fall of Lassigny Massif; Austrians Now in West

London, Aug. 13.—The mass of Lassigny, three miles northeast of Gury, in Picardy, was expected to be in the possession of the allies by nightfall, according to military opinion to-day based on the latest news from the front.

ground and firing into the Germans from the rear. It has been ascertained that there is one Austrian division on the western front but it has not yet been brought into action. The British are finding their hardest fighting in the district close around Chaules where the Germans are making a desperate effort to keep the allies back in order to retain the use of the important lateral railways and highways out of Chaules. Allied artillery and aircraft are doing their utmost to make use of these communications unpleasant for the Germans.

SCRANTON OPENS GATES WIDE TO UNION PRINTERS

More Than 2,000 Visitors Through City For Sixty-Fourth Convention

Scranton, Aug. 13.—The sixty-fourth annual convention of the International Typographical Union was opened formally in the Town Hall at 9:30 o'clock this morning. Bishop M. J. Hoban, of the Scranton Roman Catholic diocese delivered the invocation. Mayor Alex T. Connelley delivered the formal address of welcome in the name of the city, while Attorney Frank Donnelly performed a similar office for the Scranton Board of Trade.

District Attorney George W. Maxey delivered a stirring patriotic address, at the conclusion of which he presented to the courtroom a beautiful silk service flag measuring six feet by three and a half feet, the gift of Local 112. The flag bears a large star in the center of a field of blue, and the words "I U printed" in the official monogram, and the number 4308, signifying the number of members now serving with the colors. There are present 2,000 visitors in the city attending the convention, guests of the Scranton local, 200 strong.

Introduction of Chairman William H. Hughes, president of Scranton, welcomed the delegates and visitors to the city, introducing Marston G. Scott, of Indianapolis, Ind., president of the International Union who then took the chair. Mrs. W. Armistead, of Atlanta, Ga., president of the International Auxiliary, called the meeting of the auxiliary delegates to order at 9:30 o'clock in the courtroom. President W. H. Hughes, of Scranton Local No. 112, officially welcomed the women to the city, after which several talks were given by the auxiliary officers and delegates. The business session then commenced.

At 12:30 o'clock this afternoon the men and auxiliary delegates will meet in the front Town Hall, Adams avenue, and headed by the Big Six band, of New York, comprised of twenty-seven printers and led by Leroy Kennedy, connected with the New York Herald, will march to the L. C. S. building at Wyoming avenue and Ash street.

Luncheon will be served at 1 o'clock in the open air at the picnic grounds across from the I. C. S. building. Director of Public Works, R. W. Allen and Superintendent of Parks, Thomas H. Phillips have arranged the seating capacity. Should it rain the lunches will be served inside the big building. Following the dinner all delegates and visitors will be allowed to inspect the building and workings of Scranton's big institution to which a formal invitation was extended by Ralph E. Weeks.

Then the Ball Game At 4 o'clock the delegates and visitors will again form in line and headed by the Big Six band will march to Athletic Park, where at 4:30 o'clock the New York and Boston teams of the National Printers' League will cross bats. Players on both clubs arrived in Scranton yesterday afternoon, and a lively battle is expected. Several of the players have professional baseball records.

This evening at 8 o'clock a band concert will be given on the courthouse square, opposite the Post Office by the Big Six band. The Indian leader of the musical organization of printers, has arranged an attractive program. Tomorrow will be the Wilkes-Barre day and a big picnic has been arranged by the Wilkes-Barre printers at Harvey's Lake. There will be a number of athletic contests as features. An informal ball game will be played on Wednesday night will be another big social event of the convention. During the week the delegates will also be furnished with tickets to the Regent theater on Lackawanna avenue.

Conference Reports With one of the largest sessions in point of attendance since its organization, the Eastern Pennsylvania District of the International Typographical Union met in quarterly conference yesterday morning in Central Labor Union hall. The meeting was called to order by President William Corless, of Scranton. The conference opened with the singing of "America," with Robert J. Hennessy, a member of the Shamokin union, at the piano. Delegates were present from nearly all of the sixteen unions affiliated, most of them being represented by the full quota of three representatives. Bert G. Grady, chairman of the apprentices and supplemental education, and Harry Gottlieb, delegate from the New Jersey Printers' Union, were seated as fraternal delegates. Reports All Encouraging The committee on textbooks made a complete report and resolutions unanimously passed by the Federation of Labor at the May meeting were read. These resolutions call for all unions, Typographical and otherwise, to insist on school boards purchasing unionmade textbooks. The report of Secretary-Treasurer James McPherson showed a steady growth in membership. It was reported that a typographical union has been organized at Chester, Pa., and that within the next few weeks another new union will be organized in the Cumberland Valley. Allentown also expects to unionize another paper in the very near future.

German Bombardment of Fismes Brings Teuton Only a Fresh Batch of Woe

By Associated Press With the American Army on the Vesle, Aug. 13.—The Germans are shelling the Vesle front spasmodically, their heavy guns apparently being concentrated in turn on certain targets. St. Thibaut, Montmorency, Dame, and Fismes have been chiefly chosen. A real attempt to feel out the allied strength has taken the form of an attack at Fismette, a little village northwest of Fismes. This, however, was a failure as the American shooting was so good that not a single man was able to enter the village and the assaulting troops retired, leaving a fresh sprinkling of dead on the battlefield which already has been fatal to so many Germans.

ASSURE SUGAR SUPPLY FOR CUMBERLAND COUNTY At a meeting of the grocers and residents of the West Shore, at Le Moyne, last night, relief from the sugar shortage was promised. Dr. H. H. Metzger, Cumberland County Food Administrator, promised to secure the allotment for the West Shore. Last week the grocers were not even able to fill the allowed two pounds per customer.

BRITISH TROOPS JOIN THE CZECHS ON USURI FRONT

King George's Soldiers Have Been Landed North of Vladivostok

London, Aug. 13.—British troops which were landed at Vladivostok have proceeded to the Usuri river front, where they were given an evening drill by the Czechoslovak forces, with whom they are co-operating, according to an official announcement made last night.

The formation runs northward from Lake Chanks, about 100 miles north of Vladivostok, and empties into the Amur.

The Hague, Aug. 13.—Japanese advance troops are in touch with the Czechoslovak forces at Moscow dispatch to the Weser Zeitung, of Bremen.

Vladivostok, Aug. 13.—General Horvath, self-styled head of the new All-Russian government, says that no fewer than 150,000 allied troops will be required to prevent Germany from obtaining control of the food resources of Siberia and Mongolia. General Horvath's visit here was for the purpose of opening negotiations with the Vladivostok group of the "autonomous Siberian government."

Midway between Nikolok and Khabarovsk a few thousand Czechoslovak forces are opposing a larger force of the enemy, he says. They are suffering from lack of food, and are confronting them, even if supplied with artillery, which now is lacking.

Russia Grows Weaker General Horvath told the correspondent that not only will the allied forces be unable to prevent the practice of foodstuffs, if his domination of Russia is not contested, but he is already doing in Manchuria, he says, that the practice will grow, as Russia is becoming more and more powerless and poverty stricken. On the other hand, he says, a sufficient force of allied troops to stabilize the forward movement would attract thousands of Russians who are at present overawed.

H. C. Kennedy Has a Treatment That He Guarantees to Promptly Relieve All Stomach Distress

People go on suffering from little stomach troubles for years and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work.

But they never think that the stomach needs extra help to do extra work. If these people would take a Mi-o-na tablet with or after meals it would be a great big help to the stomach in its strain of overwork. Mi-o-na tablets help your tired-out stomach to do its work and banish the cause.

No matter what you eat or drink Mi-o-na tablets should sweeten your sour stomach and stop gas belching in 10 minutes. The heaviness disappears and the stomach is greatly aided in its work of digestion. And Mi-o-na not only promptly relieves all distress but if taken regularly will absolutely banish indigestion by building up the flabby over-worked walls of the stomach and making them strong enough to digest the most hearty meal. H. C. Kennedy sells and guarantees Mi-o-na.—Advertisement.

Woolen Stocks Short, Yarn Making Is Stopped

Washington, Aug. 13.—Hand knitting for the soldiers and sailors is to be checked until the war industries board can survey stocks and ascertain whether there is enough woolen and worsted in the country for uniforms and overcoats. The board yesterday directed spinners to discontinue manufacturing woolen and worsted yarns for hand knitting and the shipment of yarns or wool until further notice, and to furnish inventories of their stocks with full information concerning the contracts on which they are working.
