

18 MORE GIRLS NEEDED TO FILL CITY'S QUOTA

Hospital Nurses' Drive Falls Short of Mark Set by Nation

If Harrisburg's drive for student nurses is to be a success, eighteen nurses must be secured before Saturday evening.

Harrisburg's quota for the drive is 40 student nurses. Up to noon to-day there were twenty-two applications for enlistment received at the local recruiting station at the Harrisburg Hospital.

The local campaign is in co-operation with a nation-wide drive for 25,000 student nurses. The drive is under the auspices of the Woman's Committee of the Council of National Defense.

The requirements for enrollment are very free, reads a recent statement of the National Council. Applicants can be between 19 and 35 years of age.

"If Boys Must Fall, Let Faces Be Toward Front"

Washington, Aug. 15.—In support of the assertion that America is united in the war, Clarence Ousley assistant secretary of agriculture, tells of an experience in a recent trip through Texas.

"When I reached the meeting the congregation had just risen for prayer," he said. "The minister preached with great fervor and the air was electric with spiritual rapture."

Toll of Shipping Reduced in July to 270,000 Tons

Paris, Aug. 15.—The allied and neutral shipping sunk by German submarines during July amounted to 270,000 compared with 534,839 tons sunk in July, 1917.

"Gas Attack" Off Carolina Coast Is Unconfirmed

Washington, Aug. 15.—Although final reports of the investigation into the "gas attack" off Smith's Island, North Carolina, last Saturday, have not yet reached the Navy Department, there were strong intimations to-day that the "gas" was not from a German submarine as first reported.

THREE KILLED BY LIGHTNING IN BIG STORM

Workmen Struck After Taking Shelter; Another Is Stunned

BENJAMIN GLASS

Two Harrisburg men were killed, another was slightly injured, and a Hummelstown man was killed, in the severe electrical storm which passed over this section early last evening.

The dead are: Harry Griffey, aged 53, 442 South Fifteenth street.

Paul Ickes, aged 32, Hummelstown. Benjamin Glass, 555 South Front street, was slightly injured at the same time Griffey was killed.

Griffey and Glass, both carpenters for the Harrisburg Burial Case Company, were working in the lumber yard at the rear of the building when the rain began, and to escape the deluge, they took shelter under a lumber pile. A few minutes later the lumber pile was struck by lightning.

Griffey was killed instantly. Glass was badly stunned, but revived sufficiently to walk to his home.

Griffey is survived by a wife, two sons, Amos and Francis, and a daughter, Esther. His son has been called for service in the army. The funeral services will be held Saturday afternoon at 2 o'clock from the home, with the Rev. R. L. Meisenholder officiating. Burial will be in Shoop's church cemetery.

Ickes and Frye were killed when the lightning struck a shanty located opposite the Rutherford roundhouse, where they had run to escape the storm. Both men were employed as brakemen on the Philadelphia and Reading railroad. Both men were killed almost instantly. The Harrisburg ambulance was rushed to the scene but the doctor at once pronounced the men dead.

Huns Force Russians Into Ranks of Army

London, Aug. 15.—A dispatch to the Daily News from Vladivostok, dated Sunday, says the Germans already are conscripting Russians on a small scale.

"According to stories of prisoners taken by the Czech-Slovaks," says the dispatch, "German flying columns are impressing males from 18 to 45 years of age and are bringing those who disobey the mobilization order before Germanized revolutionary tribunals, which condemn them to death."

Two Harrisburg Printers Chosen on Committees

Frank Somner and Oliver Oeler, Harrisburg delegates to the sixty-fourth annual convention of the International Typographical Union, now in session at Scranton, were elected to important committees. Somner was chosen chairman of the label committee and Oeler will serve on the Federation delegates committee.

SOVIET TROOPS BEGIN LEAVING RUSS CAPITAL

Loss of City Serious Blow to Cause of Bolsheviki; Republic in Danger

Amsterdam, Aug. 15.—(British Wireless Press).—Soviet troops have begun to evacuate Moscow. The gold reserves which had been in the basement of the Kremlin have been removed to an unknown place. Dispatches received in London on Monday reporting that Premier Lenine and War Minister Trotsky had fled to the naval base at Kronstadt, added that all the government departments would be removed there. The flight of Lenine and Trotsky was said to be due to the fact that the Social Revolutionists of the Left that they were about to begin a reign of terror there. Whether the Soviet troops were forced to depart from Moscow is not clear, but the loss of the city to the Soviet government undoubtedly will be a serious blow to their cause.

Moscow, the ancient capital of Russia, was made the Soviet capital in March. The Lenine government fled there from Petrograd, toward which the German troops were marching. It has been reported within the past few days that the Germans had renewed their march toward Petrograd. Czech-Slovak troops have been reported in force along the Volga, about 500 miles east of Moscow.

London, Aug. 15.—The Soviet government has issued a proclamation declaring the Russian republic is in danger, according to telegrams from Helsinki in Moscow, which were quoted by the correspondent of the Times there.

The Petrograd Soviet has removed to Kronstadt owing to the insecurity of the city. Bands of armed peasants are reported marching on Petrograd from surrounding districts. They declare they are starving and that the Red Guards have stolen all their food. Dissatisfaction with the Soviets is said to prevail everywhere in Russia.

Reuters Limited learns that British troops on their way to join the Czech-Slovak troops on the Ussuri front, were received by the Czechs with the greatest enthusiasm at Nicolak and elsewhere.

The Ussuri river joins the Amur near Khabarovsk, north of Vladivostok. The Czechs have been engaged with the Bolsheviki in this region for several weeks.

Washington, Aug. 15.—Official dispatches from American Consuls in Moscow were refused permission to be sent for a moment on what has been going on in Moscow and revealed an amazing train of events.

Consul General Poole, after witnessing the violation of the French and British consulates and the arrests of the consuls general and their staffs, destroyed his code book and part of his files. He then attacked the American consulate over to the Swedish consul, at the same time demanding safe conduct from the consuls for himself and his assistants.

French and British citizens have been arrested and the Bolsheviki have announced they would hold them as hostages because of the attack on the Soviet government by British and French troops at Archangel.

Members of the French and British military missions stationed in Moscow were refused permission to leave the country in spite of a previous promise of safe conduct. It is possible that since the sending of Consul General Poole's telegram, which began on July 29 and continued until August 6, the situation may have changed, because it is reported that Lenine and Trotsky have fled and the Bolsheviki leaders have fled and the Soviet government in Moscow may have been overthrown. In that event, Mr. Poole and the entente mission may find themselves in a better situation.

The story is told in sequence in the State Department's official announcement of its devices from Mr. Poole. City's New Traffic Law Making Speed Limit 24 Miles Effective Tomorrow

When Harrisburg's new traffic ordinance goes into effect tomorrow, there will be only slight changes in any of the rules issued from time to time in the past by the city police department.

The state law provides a twenty-four-mile-an-hour speed limit, except in congested districts or along highways placarded with danger signs, where fifteen miles an hour or less is the limit. This has been written into the new traffic measure for the city, together with all other existing regulations of one-way streets, parking near fire plugs and streets in which parking is prohibited.

Another ordinance prohibiting parking in Second street, between Walnut and Strawberry streets, has been introduced since the present traffic measure was passed, and will probably be presented for final passage next week.

REUN DOWN POLICE SIGNAL. Julius Levitan will have an answer to a charge of disorderly practice in police court to-day. He was arrested last night when it is said he speeded down Front street and knocked over and broke the "turn to the right" sign at Front and Market. Patrolman Newmeyer made the arrest.
