Changes Made in the
Hun Army Commands

French Headquarters in France,
Aug. 16—The successor to General Vorn
Mudra, who commanded the first German army in the attack on General
Gouraud's army in the Champagne
last month, apparently is General Vorn
Carlowitz, a Saxon, who had been
minister of 'war in Dresden and had
distinguished himself in leading a
Saxon army corps in the offensives
of this year.

General Von Boehn, who commands
the new army group recently formed
commanded the ninth corps, which
helped to sack Louvain. He is credited with saving the German army after Gen. Mangin's attack on July 10,
but has been forced to accept the
chief responsibility for such failures
as that of the battle of Malmaison
last fall and the retreat from the
Marne this spring.

George W. Young, who is elevatorman at the rear of the courthouse,
