Abolition For Enemy; "Go at 'em!" Priest Said

New York, Aug. 29.—A letter received by Knights of Columbus headquarters here contains a story which marines in Paris are telling. The central figure of the story is the Rev. John J. Brady, of New York City. The first priest to go abroad with General Pershing's forces, Father Brady was working on the front line one day just as the "zero" hour of the moment of the launching of an attack arrived. The men were all ready and in another moment they would be going "over the top."

PIRATES LAUGH AS SUBMARINE RAMS LIFEBOATS

Survivors of Torpedoed Ship Murdered to Make Sport For Barbarian Crew

London, Aug. 29.—Details of the sinking of the French steamer Lydiana off the north coast of Spain on July 15 show that the crew of the German submarine deliberately murdered most of the thirty-eight persons lost. There were only eight survivors out of the forty-six of the crew and passengers on board. The U-boat torpedoed the vessel without warning killing several of the crew. While a boat was being lowered from the Lydiana a second torpedo struck the vessel. The boat was full of life jackets but she kept her keel. Seeing this the submarine rammed her and cut her in two. The enemy then turned and rammed a second boat, which had been lowered from the Lydiana. A young woman of 23, one of the passengers was thrown high in the air by the impact and killed. The captain of the Lydiana was killed in the same crash. After finally disposing of the Lydiana by shell fire the U-boat made a sixth and successful attempt to ram the raft, amid laughter from the U-boat's crew. The submarine then turned and disappeared toward the east. The eight survivors were picked up from the sea by patrol boats.

FORTY TRAINS TO MOVE DRAFTEES

Railroads Preparing For a Mighty Shipment of Pennsylvanians to Camps

Fully forty special trains will be required to move the 15,000 or 18,000 men drafted from Pennsylvania and scheduled to move to Camp Lee, Meade, Dix, Sherman, Forrest and Greenleaf in the first six days of September. Of this number nineteen will be on the Pennsylvania system alone and probably fifteen or sixteen on the Baltimore and Ohio. Everyone of the 282 draft districts in Pennsylvania is to contribute to these movements and some of the men just twenty-one who registered last Saturday and Monday will be in the contingents. All men going to camp next week are to wear brassards and will be under stricter discipline. Many of them are going with advice from boards of instruction in their home communities. State draft headquarters has received reports showing that the Camp Lee movement of 10,000 men is well under way and that the Camp Greene movement will start on time on Friday. All draft boards are called upon to-day by Major W. G. Murdoch, the state draft officer, in pursuance of orders from the provost marshal general to expedite appointment of boards of instruction and get them working before the big registration day under the new draft.

PRESIDENT IS APPLAUD BY GERMAN PEOPLE

Indicates Failure of Official Campaign Against U. S. by Hun Militants

Washington, Aug. 29.—Applause for President Wilson at a public meeting in Germany was reported in a dispatch from France, showing that the violent campaign against America by the German government has failed to silence all the opponents in sympathy with the dispatches of President Wilson. The dispatch says: "The intensity with which the greater part of the German press is prosecuting a campaign against President Wilson is proof that it has been ordered and organized by official services of the Wehrmacht. Wilson is presented to all as a hypocrite and ultra-imperialist who is not taking seriously the principles proclaimed by him in regard to the league of nations and who at the bottom of his heart has only one sincere wish and that is to annihilate Germany."
