What Is Rheumatism? Why Suffer From It?

Sufferers Should Realize That It Is a Blood Infection and Can Be Permanently Relieved.

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism, it is not a wise thing to write the physician of this com-

Stamps. The occasion of the annual exhibition here, which is the oldest continuous affair of its kind in America, will be made the occasion for a great patriotic demonstration along war sentiment, food conservation and government, finance lines. There will be no racing at the fair this year, with the exception of harness events for horses owned in the county, due to transportation difficulties. Instead, special attention will be made to the agricultural end. Every one of the nine Granges in the county is preparing an exhibit, with scores of merchants and others also planning to have showings.

Central headquarters will be established for patriotic work. The aggregate value of the stamps to be given in prizes will amount to several thoughand dollars and will aid.

CHIMNEY FALLS

when a chimney fell upon him crush ing his skull. Young Evans, whose home was at Ebensburg. Cambria county, Pa., with several other children, were playing about the house near the railway station, while several men were engaged in tearing down the walls of the building. While thus engaged the chimney toppled over and Evans was caught beneath it and had his life crushed out. When the chimney began to fall a warning was sounded, but the youth became confused and, instead of running away, ran toward it and was entrapped. The funeral services will be held Monday at 2.30 p. m.
