

Capt. Archie Roosevelt Arrives in America, Arm Shattered by Hun Bullet

By Associated Press An Atlantic Port, Sept. 3.—Captain Archie Roosevelt, son of Colonel Theodore Roosevelt, arrived here yesterday from France, where he was wounded last April during the capture of Cantigny by American troops in the first offensive operation carried out by General Pershing's men. On the same ship were eight other officers and 300 men who also have been invalided home. Captain Roosevelt's left arm was shattered by a machine gun bullet while leading his men in a charge, and he also is suffering from what he described as a "bad case of nerves." His arm is partially paralyzed and it may be many months before he can return to active duty.

A Health Builder For Weakened Lungs

After being weakened by a continued cough the lungs need the most careful attention. In many cases ECKMAN'S ALTERNATIVE, a calcium salt preparation, with many more than twenty years' successful use, has been found very beneficial in strengthening the lungs and helping to restore health. See and Buy Bottles at all druggists or from manufacturer, postpaid. ECKMAN LABORATORY, Philadelphia.

Ambition Pills For Nervous People

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous, tired out, all-in, despondent people in a few days in many instances. Anyone can buy a box for only 50 cents, and H. C. Kennedy is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased. Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind. For any affliction of the nervous system, Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid. Fifty cents at H. C. Kennedy's and dealers everywhere.—Advertisement.

GERMAN PAPERS SHOW SIGNS OF DEEP DEJECTION

Journals Strive to Restore National Morale and Influence Neutrals

Washington, Sept. 3.—Depression in Germany is becoming most marked, according to a diplomatic telegram from Berne yesterday, which said that the German press shows a general lowering of tone. Each paper is doing its utmost to find means of restoring the morale of the people and influence neutral opinion. Articles in which the writers seek to discover the best method of obtaining an honorable peace are published in great numbers. The Mannheim General Anzeiger tries to encourage the people with the thought that the reasons why Marshal Foch pursues his offensive are economical, alleging that the scarcity of coal and the inability of the Allies to postpone their action. It adds: "We are at this moment, it is true, passing through the most serious and painful days of the war. We must not and cannot make ourselves blind to the dangers that threaten us."

The Koelnische Zeitung also reveals its anxiety, saying: "The struggle on the southern front becomes every day greater and more formidable. The greatest German offensive cannot even be compared with the present fighting. We must not let the relative calm existing in some sectors deceive us. There formidable forces are concentrated. Are all these troops in need of rest or are they designed for fresh battles and ready to attack at the first opportunity?" The paper concludes: "We do not yet perceive Foch's aim in attacking with so much fierceness north of Soissons and between the Somme and the Scarpe. Our aim at the moment is to make the necessary dispositions to meet any painful eventualities."

CALLS ON AMERICA FOR VICTORY IN AIR

New York, Sept. 2.—Crushing defeat for the enemy, peace in six months and conservation of allied lives are possible only through the air, according to the message brought to America by Frank Carrel, proprietor of the Quebec Telegraph, just back from an official tour of the front as the guest of the British government. The victory air program, as outlined by Mr. Carrel's statements formulated on talks with overseas leaders, calls for America to build bigger, faster airplanes, and to build them more abundantly.

SOVIETS ROUTED IN SIBERIA; ALLIES FORCES IN PURSUIT

Tokio Reports Successful Fighting in Ureraya River Region

Tokio, Sept. 3.—(Delayed)—Entente Allied troops operating in Siberia are closely pursuing the enemy forces in the Ureraya river region, according to an official statement issued by the Japanese War Office. The statement reads: "The enemy who on August 24 retreated to the right bank of the Uyeraya river halted near Shimakofka and took up positions. The Allied 12th Division occupied the left bank of the river near Antofoka and Komalofka and on the railroad and engaged in reconnaissance."

"On August 25, the enemy was retreated to the northward, being closely followed by one company of our infantry. The enemy occupied Shimakofka and early on August 26 the Allied troops moved forward."

"In the engagements which the enemy on August 23 and 24, Captain Konomi and Sergeant Major Sumamoto killed fifteen noncommissioned officers, and wounded 136 of the enemy, including several officers. "The casualties sustained by the enemy were twice the number of ours. The enemy left behind 300 dead. Our booty included two armored cars, three guns, four machine guns, a number of rifles and quantities of telephone wire and ammunition."

Soldier With Wooden Leg Fought at Front in France

Hammond, Ind.—John Clements, with a wooden leg, who did such gallant work at Chateau-Thierry that he was made a corporal, has arrived in America. General Pershing sent him back to the States. He lives in Battle Creek, Mich., and has notified his brother, James Clements, an East Chicago assessor, of his return. John enlisted last summer. He was examined, passed and placed in an engineering corps at Camp Custer. He took his training and went overseas in June. After strenuous fighting with the engineers he complained of sore feet to the surgeon, who told him to take off his shoes. Taken down from his post, the officer asked him how he got to France. He is now in a hospital at Ellis Island.

REVENUE BILL IS APPROVED BY COMMITTEE

House Body Unanimously Indorses New Law to Raise \$8,012,792,000

Washington, Sept. 3.—The new revenue bill—greatest of all tax measures in the history of the nation—with a levy affecting every individual and business concern in the country was approved unanimously yesterday by the House Ways and Means Committee. Chairman Kitchin is to introduce the measure in the House today. He will ask that consideration of it be begun next Friday. Leaders hope to send it to the Senate within ten days after debate begins. The final committee estimate of the revenue to be yielded under the new bill is \$8,012,792,000 as against \$2,941,633,000 last year under the present law. The largest source of estimated revenue is from taxes on excess profits, including war profits—\$3,100,000,000—and the next is from taxes on incomes—\$1,482,186,000—from individuals and \$828,000,000 from corporations.

The increase in the taxes on the specified incomes of married persons without dependants is shown by the following table:

Table with columns: Incomes, Tax Under Existing Law, Proposed Law. Rows range from \$2,500 to \$5,000,000.

The exemptions under the new bill are the same as under the old \$1,000 for single persons and \$2,000 for married persons with \$200 additional allowed for each dependant child under 18 years of age. An exemption of \$200 for each dependant incapable of self-support because of mental or physical disability also is allowed.

Mortgage Burned at Leah Robins Memorial

On Sunday evening a crowded house greeted the speakers at the Leah Robins Memorial Methodist Church at Summerdale. The pastor, the Rev. Mr. Meech, was in charge. Prayer was offered by the Rev. Mr. Aller, of Enola. Mrs. W. J. Snyder presided at the piano, and delivered a short address on the presentation to the church of a new silk flag. Mrs. W. L. Brubaker, who as the head of the Ladies' Aid Society had raised \$400 of the \$1,060 necessary to clear the debt, delivered a short address. John Shaffer, of Camp Hill, sang two solos. A trio of young ladies sang, "Betsy and the Flag." The Rev. Dr. S. C. Swallow gave a brief account of the donation of three lots to the church by Mr. Horener early in 1910 and of the struggle in raising of the two-thirds of the estimated cost of the church and of the dedicatory services on November 20, 1910. The Rev. Dr. M. E. Swartz, district superintendent, then burned the \$1,060 mortgage, the congregation rising and singing repeatedly "Praise God From Whom All Blessings Flow," after which Dr. Swartz spoke impressively of the value of work in the church and of harmony among its members. It was a most interesting service, lasting for nearly two hours.

Hearse With Corpse Buried in Sandstorm

San Angelo, Tex.—With all but its plumes completely covered by wind-driven sand, a hearse on its way to the cemetery for negroes was stalled for two days in a drift in a village northwest of San Angelo before it could be dug out and the corpse finally taken to the last resting place. It was not until the sky grew black, with the sun completely obscured, that the mourners showed fright. Then the negroes believed a visitation had come upon the camp and that all of them would be engulfed in a flood of sand. As they were on their knees praying the drifting sand began to rise and some of them were more than half covered. By this time the horse attached to the hearse was knee deep in sand and the driver bethought himself of the impending loss of good horseflesh as well as the possible loss of his own soul. He determined to save both if he could, so he hitched his horse and began a laboring march to the nearest village. One by one the kneeling mourners struggled to their feet and followed him. Everybody reached the village in safety, but badly frightened.

First Frost Predicted Northeast Pa. Sept. 26

Hasleton, Pa.—The first frost is to prevail throughout northeastern Pennsylvania September 26, according to the predictions by Quakake Valley farmers. They base their prophecy on the appearance of the katydid six weeks ahead of that date and say that this is always the forerunner of cold weather.

OLIVER TWIST FINED Boston—Oliver Twist has been ordered to pay a fine of \$10 by the Charleston Municipal Court for having been found guilty of displaying a substitute number plate on his automobile without the permission of the State Highway Department.
