CHICAGOPOSTOFFICE IS BADLY DAMAGED

Suit Case Filled With Nitro-Glycerine With Time Clock Attachment Set Oft in Crowded Corridor of Building When I. W. W. Leaders Were Convicted

Chicago, Sept. 5.—Four persons were killed and more than seventy-live others injured by the explosion of a bomb in a crowded entrance to the Federal building at 3.10 o'clock yesterday afternoon.

The explosion, which not only wrecked the entrance of the buildings, but shattered every window on the first three floors of two buildings across the street, was attributed to the I. W. W. by Phillp J. Barry, in charge of the local offices of the Department of Justice.

Woman Blown Through Window A young woman who was passing the offices of the British recruiting mission opposite the Federal buildings, was blown through the window by the explosion. A squad of British soldiers was sent immediately to help the police restrain the crowds.

Helen Michike, one of the victims, was killed at her sister's side as they were walking past the entrance of the building. Both were struck by pleces of the bomb or debris blown out by the explosion. The sister was revived and taken to her home.

Philadelphian Arrested
One of the first men taken into custody in connection with the outrage was James Connelly, of Philadelphia. He was found on an upper inoor of the building and was questioned by government officials.

A double guard of police and deputy sheriffs to-night was placed around the county jail where the ninety-five I. W. W. prisoners are awaiting removal to the Federal penitentiary at Leavenworth, Kansas. This action followed reports, which were denied by Sheriff John E. Traeger, that a bomb had been found in the jail.

Raids on two headquarters of the I. W. W. within fiften minutes after the explosion resulted in the arrest was replaced in the first minutes after the explosion resulted in the arrest was replaced by the passing throng. Nearly a hundred plant the proposition of the building and was questioned by government officials.

A double guard of police and deputy sheriffs to-night was placed and the country is the proposition of the building and was questioned by government officials.

A double guard of police and deputy s

found in the jail.

Raids on two headquarters of the I. W. W. within fiften minutes after the explosion resulted in the arrest of nine men. Several more were taken into custody within the Federal building and a woman whose name was suppressed was arrested in a nearby building. Last night more than 1,500 government agents and the entire city police force were seeking the perpetrator of the outrage.

Outrage Inevitable, Says Barry Outrage Inevitable, Says Barry
"This outrage, in my opinion, was inevitable as an act of reprisal on the part of the I. W. W., following the sentencing of nearly a hundred of their members," Mr. Barry said, after a hurried investigation. "We are certain that the I. W. W. committed this deed. I believe that the bomb was composed of nitroglycerine. Several arrests have been made, and we are questioning the prisoners as fast as we \$\pmu n."

The courtroom of Federal Judge K. M. Landis, where ninety-five I.

have consisted of at least three wire-wrapped steel cylinders charged with high explosive, was carried into the Adams' street entrance of the building during one of the most busy periods of the day. Concealed in a suitcase and connected with a time fuse, the device was deposited be-hind a radiator unnoticed by the passing throns. Nearly a hundred persons were in the corridors at the time and at the stamp windows writing desks and letter registry di-vision.

vision.

Fourteen men were rounded up as suspects in an all-night search following the explosion of a bomb yesterday in the Federal building which killed four persons, injured more than thirty others and did considerable derivations.

than thirty others and du considerable damnige.

"We believe we now are close to the persons responsible for the outrage," Acting Divisional Chief Phillip J. Barry, of the department of iustice said to-day. "We have descriptions from various witnesses who saw the man believed to have exploded the bomb and these descriptions tally."

Beautiful New Store Opened by Miss Sachs;

Opened by Miss Sachs;
Interior Is Handsome

Last evening marked the opening of Miss Mary Sachs' new store at 210 North Third street. The beauty of the interior which is unique and artistic in its arrangement and furnishings was enhanced by the floral tributes received by Miss Sachs from business houses of the city and elsewhere. She was also the recipient of congratulations and good wishes from many friends who attended the opening event.

The color scheme of the establishment is a tint of cafe-aulait and beige; lighting is all of the indirect type, eliminating all glare. All merchandise will be kept in enclosed stock rooms. Five booths are equipped with fitting apparatus, providing individual attention and privacy to each patrol.

The waist and underwear departments are both enclosed, and particular attention has been given to the arrangement and facilities of the alteration room.

Attractive enclosed show windows are draped with screen curtains which, in turn, are trimmed with natural linen fringe. While a few finishing touches are still to be put to the interior, due to transportation delays, the new store is open for business.

Effective Monday is a sept. 5.—The Philadelphia district committee of the states railroad administration sent to committee of the states railroad administration sent to enter the new regulations for states railroad administration sent to enter the new regulations for the forwarding and acticates to more than 9,000 shippers to the states to more than 9,000 shippers to the states railroad administration sent to enter the petucote section of the United may are visited in the new regulations had been placed in all registry to the fersion of the city and orthwest of the city. New Freight Rules Effective Monday

Cereal Food That

Contains Its Own Sugar

Grape-Nuts

is utterly unlike any other prepared cereal.

Take a handful of its golden-brown granules and hold it in a strong light. You will see little shining particles on each granule -a result of the Grape-Nuts process of cookery, which turns the starch of wheat and barley into actual sugar.

The sweet, nutty flavor of Grape-Nuts requires no added sugar and where fresh milk or cream is not obtainable condensed or evaporated milk fits in finely.

No sugar is needed, and but little cream or milk, and this makes Grape-Nuts a very desirable cereal these saving days.

"There's a Reason"

NEWS OF THE RAIL ROAIDS INCLUDE CITY

Fourteen Zones to Handle Less Than Carload Lots; **Effective Monday**

Philadelphia, Sept. 5. — The Philadelphia district committee of the car service section of the United States Railroad Administration sent notices to more than 9,000 shippers yesterday that the new regulations governing the forwarding, and acceptance of freight will go into effect on September 9, also giving them notice that a book covering the new regulations had been placed in all freight yards. The new book contains more than 400 pages, and shippers will be supplied with a copy on application at the office of the car service committee, 724 Commercial Trust Building.

The Hadrighung District
The adding will haul all less-thancaload and and southwest, including the Building in a general way, no the first of the city. The Baltimore and Ohio will have for its territory the south and southwest, including the Baltimore and Washington districts and the states south of the Potomac and Ohio rivers. The Pennsylvania will provide service for what may be broadly described as the middle section of the country. West of Philadelphia this will include the Harrisburg, Pittsburgh and Erie districts, embracing central and western Pennsylvania.

Fourteen Zones

embracing central and western Pennsylvania.

Fourteen Zones

Freight stations in Philadelphia will be divided into fourteen zones. To equalize the service among the different sections of the city the "sailing days" for various specified destinations days for various specified destinations are selected between the roles zones to the city selected to the contract of the contract of the contract of the zones in turn on different days. Thus the shipper in any given zone will have his choice of waiting until the car comes around to a station in his neighborhood or of teaming his goods across the city to a station in another zone.

Northwest Car Shortage Reported to Be Serious

St. Paul Minn. Sept. 5. — The growing car shortage throughout the Northwest became more serious yesterday, according to railroad officials here. For several days grain elevators from here to Montana have been closing because they were filled to capacity. It is probable that an appeal will be made immediately to Director General McAdoo to rush cars to the Northwest.

Railroad Notes

Passenger traffic on the Reading from Saturday to Monday broke all records.

Ten of the Mallet locomotives of an order for twenty-five, have been received by the Reading Kallway the Reading Kallway the Reading and Harriservice on the Roading and Harriservice are modern giants and haul from Rutherford seventy-five loaded cars.

Howard Bare, aged 38, brakeman for he Pennsy, was injured yesterday at litoona, when he fell from his train.

Altoona, when he fell from his train.

The Reading Raliway Company has made application to the Public Service Commission for the approval of the construction, maintenance and operation of an additional track, at grade, at Sinking Springs and Wernersville stations. These improvements are to be made in connection with the third and fourth tracks on the Lebanon Valley. It is expected that application will soon be made for the same kind of improvements on the East Penn east of Reading.

E. B. Dorsett Again Heads Market Bureau

E. B. Dorsett, of Mansfield, Tioga cunty, former director of the State ureau of Markets, was to-day again losen for that place, the appoint-County, former director of the State Bureau of Markets, was to-day again chosen for that place, the appointment being recommended by Secretary will be heard next Monday by President Judge George Kunkel. The following in jail or under bail for the position carries a salary of \$4,000, and Mr. Dorsett will assume direction of the bureau at once. The director was the first man recommended for the place a year ago, but the commission held up action until February, when, after a conference with the Governor, and Dorsett, the appointment was confirmed, Mr. Dorsett immediately resigning. Since that time he has been engaged as one of the farm advisors.

The commission issued a statement to the effect that it hoped to obtain an adjustment of prices for products of milling used for cattle feeds, but

hat conditions now were very unset-led. Farmers of the state are also School Board to Act on
