

**DRY BILL FACES  
UNCERTAIN FATE  
IN THE SENATE**

**Complication Arises in Fight  
Over Food-Production  
Measure**

Washington, Sept. 6.—A bar that Senator Kellogg, of Minnesota, declared was nine miles long and which, he said, was making the munition workers of Duluth, Minn., less efficient in their work, as well as allaying the thirsts of the two dry cities of Duluth and Superior, Wis., caused the Senate yesterday to adopt a resolution empowering President Wilson to establish dry zones of any size he wishes around munition plants.

This bar of record size is located at Oliver, Wis., midway between Duluth and Superior, said Senator Kellogg. He said that it was established to supply the dry cities and the munition workers from nearby plants. The laws of the state of Wisconsin, he explained, permit one bar to be established in a new town of 250 inhabitants. So the town of Oliver was created and a bar opened. The bar, he said, now virtually extends for nine miles between the two cities. Among other facilities it has at least seven wholesale liquor establishments connected with it to supply whiskey for the munition workers of Duluth.

All of the liquor traffic between Duluth and Superior, said Senator Kellogg, is being conducted under the license of the bar established at Oliver and there is no way under the laws of Wisconsin to stop it.

He introduced a resolution empowering the President to establish dry zones of any size around coal mines, munition factories, shipbuilding plants and any other war material factories. It was adopted immediately and now goes to the House.

**Romanoff Family Is  
Reported Assassinated**

Madrid, Sept. 6.—A dispatch from London reported the assassination of the former Russian Empress and her daughters, but in view of steps taken by King Alfonso to obtain the transfer to Spain of the family of ex-Czar Nicholas, the report was treated with reserve.

El Sol says the Spanish ambassador at Berlin conferred on the question of removing the ex-Empress and her daughters from Russia with M. Joffe, the Bolshevik ambassador at Berlin. At the same time a Spanish military medical mission, which was in Germany in connection with the exchange of prisoners, left for Russia and is now said to be with the ex-Empress and daughters. El Sol says the ex-Empress and her children will come to Spain on a yacht flying the Papal colors and will reside in the Magdalena palace at Santander. The newspaper adds that it seems difficult to believe the negotiations could be conducted without the Spanish government learning of the death of the ex-Empress.

**150 Hun U-Boats Have  
Been Destroyed; U-20  
and U-44 Among Them**

London, Sept. 6.—Although the British government does not intend to adopt the practice of giving prizes of official utterances made by its ministers, it has been thought desirable to print in to-day's newspapers the names of the commanding officers of 150 German submarines which have been disposed of in order to substantiate the statement of Premier Lloyd George in the House of Commons that "at least 150 of these ocean pests have been destroyed."

Among the officers named are: Kapitan Lieutenant Schweiger, who, while in command of the U-20, torpedoed the Lusitania in May, 1915. The U-20 was lost on the Danish coast in 1916, but Schweiger survived and was in command of the U-80, which was lost with all hands in September, 1917.

**Hun Executioner, Enemy  
Alien, to Be Interned;  
Pleads "Law of Country"**

New York, Sept. 6.—Gustave Kordes, an official German executioner, told officers of the Enemy Alien Bureau here that he had not registered as an enemy alien because he would have had to submit several photographs and "in Germany an executioner is not permitted to have his photograph taken." His internment was recommended despite his plea that "a man should not be compelled to violate what is the law of his country."

**GREEN CROSSES TO MARK  
PHYSICIANS' AUTOMOBILES**

Posters will be distributed to doctors who call at the mayor's office to-morrow or thereafter to be pasted on the windshields of doctors' automobiles in order that the traffic officers will be able to distinguish them and facilitate their passage through crowded traffic. A green cross will be the symbol of the doctor's car. It is pointed out that the green cross will also serve to distinguish a doctor's car from that of a slacker on "gasolineless Sundays." They physicians will be expected to remove the symbol of their profession when not on professional calls.

**CALLED TO SERVICE**  
Howard David Schwarz, 719 North Sixth street, called by City Board, No. 1, for immediate military service.

**WHEN HOT AND TIRED**  
Hersford's Acid Phosphate gives prompt relief to tired nerves. It cools and refreshes.—Advertisement.

# MARK-DOWN SALE

Where Everything In Our Entire Stock Is Reduced Except Collars

It's the final "wind up" of the most successful clearance sale this "Live Store" has ever conducted — It didn't take the people long to learn that at Doutrichs they could buy high-grade merchandise at lower prices than the present wholesale cost of wearing apparel and they bought in such great quantities that they lessened our stocks enough to make room for the incoming fall shipments, that's the policy we work on year after year and that's why you can always get good clean reasonable merchandise at all times, we don't hoard the good things we get until they lose their friendship to the buying public — We dispose of our stocks in the season for which the goods are bought.

It does seem a little unwise to reduce prices the way we do at this "Live Store" when there is such a valid excuse to hold our high-grade stocks for the coming "higher prices" for you know the true worth of the known quality merchandise to be had HERE.

## Hart Schaffner & Marx & Kuppenheimer Clothes

"Manhattan Shirts"

"Monito Hose"

"Munsing Underwear"

But we reserve nothing—you can fill every "drawer" in your chiffonier and every "hook" in your wardrobe if you come here to-morrow for we have enough on hand to supply your wants for this "last day" — This condition will not always last, however, because sooner or later merchandise will be so scarce that you will only be able to buy in limited amounts — We advise you to spend your money now and save the difference and keep down the excessive prices that you will be asked by some stores who are not as fully prepared as we are.

Come Tomorrow---Saturday the "Last Day"
