A glorious opportunity! Small wonder that Registration Day, September 12, will cause such enthusiasm.

Berlin trembles BERLIN under martial law! The news has an ominous sound.

A UNITED AMERICA AMERICANIZATION effort continues throughout the country under the auspices of Chambers of Commerce and kindred organizations.

OUR HOUSING PROBLEMS IT has been suggested by one who is familiar with the building conditions here that local builders are probably ready to proceed with the construction of dwellings for rent or sale.

LABOR NOTES Modern methods of mining and smelting have made it profitable to reopen a nickel mine in Norway that was abandoned half a century ago.

THE PRICE OF WHEAT The President's order fixing the price of 1919 wheat at \$2.20, the same as for this year's crop, is modified by the promise to appoint a commission which will examine next spring whether the increased cost of labor or other considerations justify an advance in that figure.

GOVERNMENT OF MURDER [From the New York Times] Probably nothing calling itself a government ever received such a diplomatic communication as that which the murderous Bolshevik government has received from Great Britain.

DO YOU KNOW —That Pennsylvania will register next week an army of men greater than Grant commanded at the close of the Civil War?

seeking residence here. The congestion about which we hear so much is largely along the Atlantic seaboard and what affects, to some extent, the towns near ports need not necessarily embarrass this city.

WHAT EXPERTS FOUND MAJOR GRAY told the Rotary Club the other day that the United States Government selected Harrisburg as the site for its \$25,000,000 warehouse development because it is the best transportation center in the entire East.

Politics in Pennsylvania By the Ex-Committeeman

Partisans of Judge Eugene C. Bonniwell, candidate of a majority of the Democratic voters of Pennsylvania for Governor, last night turned the tables upon A. Mitchell Palmer, the Democratic national committeeman from the Keystone State, and demanded that he resign as official representative of the Democracy of Pennsylvania.

Both sides get ready for a fight to the finish. —The Philadelphia Inquirer in its resume of the situation says: "A call for A. Mitchell Palmer to resign as a member of the Democratic National Committee because of his being a member of the Bonniwell camp last evening, came from the Bonniwell camp last evening."

Evening Chat

The increase of clocks in the departments of the state government is commencing to give concern at the Capitol. Under the regulations all of the clocks in the various offices of the Commonwealth here are owned by the state and are in charge of an official clock repairman who knows them good tempered and accurate.

The half dozen or so mulberry trees which are in the Capitol Park in front of the State Treasury are not to be made away with when the office in front of the building is changed and the terraces created on the Third street side in accordance with the plans of Arnold W. Brunner.

The federal government has put a crimp in redbird shooting, although the state allows it, and the blackbirds are now vanishing in the early fall shooting. Because of a treaty with Canada the bobolink is protected, but the same code prescribes an exact season for the bird.

Col. Samuel Felton, who has been in charge of important movements of troops in France and who is commended for his gallant service, is brother of Edgar C. Felton, state president of the Pennsylvania Steel Company, and has a number of friends here.

There are now four stars, all of them for overseas soldiers, on the service flag at the home of Mrs. John Y. Boyd, of this city.

Charles W. Crowther, who has the job of making out the schedules for moving the drafted men from Pennsylvania to unscramble the time tables of something like twenty-five railroads to get the trains going all right.

Fred Ikelor, one of the Democratic candidates for Congress-at-Large, used to be in the Legislature. William J. Nell, the new Lebanon county commissioner, has lived in that county all his life and is well known to many residents of this city.

Campbell the Luzerne county fuel administrator, is going after bars which sell to miners and is having a real interesting time of it. The Rev. Francis Blackburn, Philadelphia minister, leaves his pulpit to enter the army's fighting ranks.

Clinton Rogers Woodruff, active in civic affairs in Philadelphia, has been touring New York state.
