DEBS CONVICTED OF OBSTRUCTING WAR RECRUITING

May Be Sent to Prison For Twenty Years and Fined \$10,000

Cleveland, O., Sept. 13.—Eugene V. Debs, charged with violating the espionage act, was found guilty by a Federal jury yesterday.

Talking to newspapermen after the verdict, Debs said:

"It is all right. I have no complaint to make. It will come out all right in God's good time."

Of the original ten counts of the indictment only four remained when the jury retired to consider the evidence. The verdict found him guilty of three; not guilty of one.

Crimes He Committed
He was found guilty of attempting to incite insubordination, disloyalty, etc., in the military and naval forces; uttering language tending to incite, provoke and encourage resistance to the United States and to promote the cause of the enemy.

The count on which he was adjudged innocent charged that he opposed the cause of the United States.

Congressman Flays Postmaster General

Washington, Sept. 13.—Albert Sidney Burleson, postmaster general, was denounced in the House today as "the arch politician of the times, and the principal cause of the demoralization of the mail service, by Representative Miller, of Minnesota. Mr. Miller said that criticism of a public official is justified only when the public welfare requires it but that the mail service was in a deplorable condition, "forced there by the unrelenting and oppressive hand of Albert S. Burleson."

After drawing a verbal picture of the men in France almost completely cut off from communication with their families at home, Mr. Miller declared: "These conditions come from causes which are not hard to find. Investigation discloses that the mail service is demoralized, a demoralization that results from a tyrannical, even brutal, treatment of the hundreds of thousands of postal employees by the Postmaster General and from certain policies adopted that seem to ignore all consideration of efficiency."

"We, who know Mr. Burleson before he became postmaster general, expected he would administer that office along the narrowest and most bitterly partisan lines," Mr. Miller continued. "He is the arch politician of the times. He can see no proposition except la a bitterly partisan

"Four hundred men are wanted at once for field service at the American front in France. These field workers will be divided into fifty units of eight men each, and they will live at the posts de secours or rest stations, giving constant attention to the soldiers passing to and fro between the firing lines and the rear.

"Thirty-five men are wanted for stenographers and sixty for office clerks.

"The women workers required include 250 for canteen service, more than 400 for hospital but service, about 450 automobile drivers, seventy-nine for airplane hut service and seventy stenographers."

Applications for these positions will be received at local Red Cross headquarters.

Need For More Red Cross Workers to Fill Vacancies on Staff Across Seas

The great need for more workers both at home and abroad in Red Cross service is set forth in a bulletin received at the headquarters of the Harrisburg chapter. There is urgent necessity for workers in the local workrooms, it was explained by Red Cross officials, and there is also a great need for overseas workers. In the bulletin from national headquarters this appeal for workers is made:

"The number of men and women now wanted for enrollment in the service of the American Red Cross abroad is in excess of 5,000, and this number is increasing weekly. Recruits to increase the personnel as above indicated must be obtained by the end of the present calendar year.

Special appeal is being made by the National Bureau of Personnel, to the various Red Cross divisions, to put forth particular efforts in enlisting workers, so that the effectiveness of the organization in the war zones may not be impaired.

"Among the workers wanted to add to the foreign personnel are more than 1,500 men for the transportation service, mostly truck drivers in Chicago for the enrollment and instruction of recruits in this service.

Use Prison Labor, Says Warden Francis

Pittsburgh, Sept. 13.—Following an earnest appeal by Warden John Francis of the Western Penitentiary, the Pittsburgh Chamber of Commerce has called upon Congress to enact legislation which will permit 50,000 inmates of prisons in the country to be permitted to engage in war work. It also asked the Chamber of Commerce of the United States to place the demand before other commercial bodies of the country.

According to the views of Mr. Francis, the criminal is a patriot according to his lights. He will be glad to help win the war if allowed to do so. State laws passed to fit peace conditions prevent this. He holds that it should be possible to suspend these laws for war purposes during the continuance of the war by act of Congress. That it has not been done Mr. Francis believes to have been due to an oversight and not to the determination of anybody to refuse to make use of the resources of the prisoners' labor.
