RED CROSS HAS CALL FOR 1,500 PROPERTY BAGS

Will Be Sent to France and England For Use of **Soldiers**

WANTED—Patriotic women of Harrisburg to volunteer their ser-vices and material for making property bags for wounded sol-diers. Experience unnecessary. Apply to Mrs. Walter A. Dearth, 1717 North Second street.

The latest call to patriotic service for women of Harrisburg was re-ceived this morning by the local Red ceived this morning by the local Red Cross chapter when it was asked that 1,500 property bags be made and sent to National headquarters by December 1. This bag will be used by wounded soldiers who are in hospitals. It is imperatively necessary. Red Cross officials say, that these property bags be made just as soon as possible to be rushed overseas. Women who do not have the time to make the bags have been asked to furnish materials for the patriotic workers. Mrs. Walter A. Dearth, 1717 North Second street, has been placed in charge of the new work.

A property bag, it is explained, is made from pieces of washable cretonne or other fancy, colored material that is durable. The size is about 12x18 inches. It is used by wounded soldiers in the hospitals as a receptacle for their personal effects. These bags will be sent to hospitals in France and England, it is believed.

Accompanying the order from Division headquarters came instructions for the making of the bags. Mrs. Dearth, who is in charge, has stated that she will be very glad to give information in this connection to any volunteer.

Chapter officials did not hesitate to Cross chapter when it was asked

Chapter officials did not hesitate to Chapter officials did not hesitate to express their gratification when they learned of the new order. "It means," said an official, "that Harrisburg chapter is taking a place high in the ranks of Red Cross organizations throughout the nation. We have been given a big allotment, I believe, because the national headquarters has confidence in our work."

Shade Tree Commission **Appointment May Come** Along "in Due Time"

City Commissioner Gross, who promised to introduce a shade tree ordinance yesterday and did not, explains the failure to get this important measure under way with the statement that City Solicitor Fox 4dvises him that Mayor Keister, under the law, laust name the commission and not having discussed the personnel of the commission with the Mayor or his colleagues it was necessary to further postpone action.

For several months the matter of giving proper attention to the shade trees of Harrisburg has been under consideration and it was understood the general subject would be discussed at the Erie convention of the League of Third Class Cities, but if it was taken up at Erie nothing has been heard about it here.

Commissioner Gross now expects to get the ordinance before city council next week.

At the meeting of Council yesterday Commissioner Burtnett observed to Commissioner Gross:

"Mayor, if you don't trim the trees in North Second street soon I won't be able to wear my silk hat!"

Commissioner Gross replied, as his colleagues laughed, "We'll take care of that in due time."

Plans for a public meeting to be held shortly to which the Chamber of Commerce and other business and civic organizations will be invited for the purpose of hearing Major Wm. B. Gray deliver an address on the possibility of making the Susqued hanna river navigable were announced at a meeting of the Harrisburg Rotary Club at the home of A. W. Myers, 1700 State street.

The report of the Public Affairs committee, consisting of James W. Barker, Wm. Rufus McCord, Charles M. Forney and Professor Bertram W. Saul, reported that they had taken up at length Major Gray's proposal for the deepening of the river and that it appears to be feasible and should have the early attention of the community. The club will ask Major Gray to address the proposed meeting, date and place of which will be announced later.

The club also discussed plans for putting into effect for the period of the war in Harrisburg the country-wide movement for two minutes of prayer at 11 a. m. each day. The committee on Americanization.

Touring Car Collides With Third Street Trolley; **Driver Misjudged Distance**

A Grant touring car containing Roy Herr, a Harrisburg engineer, and his wife, living at 1200 North Sixth street, collided with a southbound trolley car at Third and Cumberland streets, early this afternoon, severely shaking up the occupants of the machine, but causing no injuries. Passengers of the street car, mostly women, were thrown into a mild panic following the accident. Herr, with his wife, returning from a visit to Mifflin, attempted to cross Third street at Cumberland ahead of an oncoming trolley when the latter,

Third street at Cumberland ahead of an oncoming trolley when the latter, failing to stop at that corner, ran into the machine, demolishing the windshield, breaking the steering gear and otherwise damaging the automobile. The loss to Herr will amount to about \$100. Herr's explanation of the accident is that he considered the street car far enough away to permit his crossing Third street and his miscalculation of the distance caused his undoing, he said.
