

POLICE SEEK TO FIND MOTIVE IN CHAPIN KILLING

Story of Financial Trouble Lacks Gandor; Probe His Night Out

New York, Sept. 20.—At the district attorney's office interest continued today in the case of Charles E. Chapin, who was city editor of the Evening World and who yesterday was indicted for the killing of his wife, whom he shot while she lay asleep last Monday in their apartment at Hotel Cumberland.

The commission, if one should be appointed, will pass only upon his sanity at the time he is examined and not upon his mental condition at the time he killed his wife. If it finds him insane he will be committed to the State Hospital for the Criminal Insane at Matteawan and if he is ever released from there as cured, he will be brought back to this county and placed on trial.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear, and how clear, soft and white the skin becomes. Yes! It is harmless.

Assistant District Attorney Magee, who was called to doubt his sanity when he first talked to them on Tuesday, are not so sure now that he is not perfectly sane. Since Chapin's arrest the police have received considerable information touching his habits and friendships. They have begun an investigation into his life during the last several years and already have come upon facts which, they say, negative his statement that he was devoted to his wife and that their married life was ideal.

At the district attorney's office it was said today that Chapin had lacked candor concerning his debts, which, he declared, had no effect upon his mind as to drive him to the idea of murder and suicide. He has refused to name any of the persons or firms to whom he owes money or to tell how much money he owes. The only debt of which the police have information is an unpaid account of \$800 at the hotel where he lived.

Under the law, according to his own confession and if he is sane, the killing of his wife was premeditated and premeditation without any motive is sufficient to support a prosecution for first degree murder. It is with the view of discovering a possible motive underlying the admitted premeditation that the police are checking up his private life and friendships up to the time of yesterday with a taxicab driver, a hotel clerk and persons who knew him when he kept a yacht in Gravesend Bay and had entertainments on board. Investigation is also being made into the statement that he spent the entire night wandering in parks after he had killed his wife.

So far he has not retained other counsel than Joseph B. Keating who appeared for him when he was arraigned in a magistrate's court.

Brown & Co. Take Over Another Building to Care For Expansion of Trade. Among the important business announcements of the season is one from the uptown furniture house of Brown & Company, who state that they have just secured the building formerly occupied by the E. L. Rinkenbach jewelry store, at 1215 North Third street, and will shortly occupy it in connection with the adjoining buildings at 1217 and 1219 North Third street, thus giving this progressive firm three connecting buildings on Third street, and another building communicating with them on Verbeke street.

Owing to war conditions in the building trade, no improvements on the property just secured at 1215 North Third street, will be made at the present time except the placing of a new front adapted to the proper display of furniture and the opening of archways through the wall separating the buildings, in order to throw the buildings all together into one store. When the firm of Brown & Company opened its doors for business nine years ago only part of the building at 121 Third street, was occupied. This last addition to the floor space used by the firm is the fifth such enlargement which has been made during the intervening years. Spirits of Pennsylvania Boys High at Front. The boys of the Twenty-eighth Division can stop fighting now and come back home and yet command the riotous homage of Pennsylvanians, according to Capt. A. Nicodemus, of Harrisburg, just over from France. The Captain had this to say about the "Twenty-eighths" last evening: "All the Harrisburg boys I have seen in the last three weeks—and that is a very large number—have been well," said the Captain. "The local boys are in the Twenty-eighth Division, and I have been handling pay and a large part of the supplies of that division. All of them have always been exceptionally fine in France. Harrisburg can justly be extremely proud of them."

Pastor Elected Another Year by Congregation. At the annual congregational meeting of the Church of God held Wednesday night, it was voted to have the pastor, the Rev. O. M. Kravbill, returned for another year. J. B. Martin was elected a delegate to the East Pennsylvania Eldership, which is to convene at Mechanicsburg October 3. The local Liberty Loan committee met last night in Council chamber to shape plans for waging the fourth campaign. E. S. Gerberich, was chosen president of the body. The other officers are: Vice-president, Adam H. Luckenbill; secretary, John W. Few, Jr. A parade committee and speaking committee were also appointed. It is also expected that the women of the borough will lend a hand in soliciting for sales during the campaign. The Senior League of the Methodist Church, asked to hold its school-house last evening. About twenty-five persons made up the party. Funeral services were held this afternoon for John Joseph Leroy Schaeffer, the infant son of Mr. and Mrs. Richard Schaeffer, who died Wednesday night. The Rev. Fuller Bergstresser, pastor of the Lutheran Church, officiated. Burial was made in the Middletown Cemetery. Shifter No. 2447 of the Pennsylvania Railroad Company was derailed yesterday morning while shifting at the siding of the shale brick plant. The track bed had been washed away by the heavy rain. Several other engines and other equipment, owned by Wells Brothers Construction Company, which built the aviation depot near here, were shipped yesterday to Hammond, Indiana, where the company has a large contract.

RAIN HOLDS UP FARM TRACTOR DEMONSTRATION

Six of Fifteen Machines Perform According to Catalogue Qualifications

There was vast disappointment this morning when it was found that the steady downpour of rain would prevent the continuing of the tractor plow contest at Marsh Run. Despite bad roads many motored over, but only to find that the State Agricultural Department, having taken counsel with all hands, had decided to postpone the exhibition until tomorrow. The husky farmers from Dauphin and many nearby counties being accustomed to the adversities of weather, came in just the same and had the machines operated they were game to look on. The program now is to start early to-morrow, unless rain continues but whatever the weather it is certain the tests will be completed.

To Work To-morrow. Yesterday six out of fifteen contestants finished on time, that is within three hours. The greatest caution was taken by the official observers to carry out regulations to the letter. Each tractor was given a space to plow, in accordance with what it is claimed the machine can do in the catalog issued by the manufacturer. The space allotted in measure of plowing speed. Each of the six machines which finished made a different width, some armed with three plows others with two. If the entire squad of contestants had lived up to the claims made in their catalogs all would have finished within three hours. The plowmen, accompanied by a government expert, got away to an even start at precisely 3.30 and six finished on the second, almost of 5.30. The nine which could not meet their own requirements were to return and "plow out" this morning, but now they have the chance to-morrow.

Regulations are practically under government supervision and there is no evasion. The United States Department of Agriculture gave the territory which embraces nearly 250 acres, the prime condition is that the whole of it must be cultivated and seeded with wheat when the tests are finished.

State Men Promoted to Be Officers in Army

Buy Early For Christmas

It is urged by those high in political and mercantile circles that Christmas Shopping should be done early this year on account of prevailing conditions.

To put Christmas buying off until late will bring about confusion and congestion that will seriously interfere with the mails and railroads as well as sources of supply—

Chambers of Commerce—and other civic organizations encourage early buying.

If you were to go shopping and were to price the articles, elsewhere, that we then you would realize what this big call means in the way of saving money.
