

GERMAN ARMY TO FIGHT ON, FIELD MARSHAL ORDERS

Hindenburg Tells Troops It Is Their Duty to Continue in Struggle

Amsterdam, Sept. 20.—Field Marshal von Hindenburg has issued a proclamation to the German army in the field according to the Zeitung am Mittag, in which the German commander-in-chief alludes to the recent Austrian peace offer, saying that it does not involve an interruption in the war operations.

The old marshal adds that a readiness for peace is not in contradiction with the spirit with which Germany is waging the struggle. It is the army's duty, he says, to continue the struggle while waiting to see whether the enemy is sincere and ready for peace negotiations.

The text of the proclamation reads: "The Austro-Hungarian government has proposed to all the belligerents a conference for a non-binding discussion of peace. War operations are not therefore interrupted. Readiness for peace negotiations is a tradition of the spirit with which we are waging the struggle for the homeland."

"As early as December, 1916, the Kaiser, our supreme war lord, with his allies, offered peace to the enemy. The German government has often since then proclaimed its readiness for peace. The reply of the enemy was scorn and derision. The enemy governments incited their people and armies to continue the annihilating war against Germany. We have thus continued our defensive struggle. Our ally has now made a fresh proposal to host a discussion. The fighting will not be interrupted. The army's task is to continue the struggle. In four victorious years of war, the German army has energetically protected the homeland and proved to the enemy our invincibility. Only by this means do we help break the enemy's will to destruction."

"While continuing to fight, we have to wait to see whether the enemy is sincere and this time ready for peace negotiations, or whether he will again reject peace with us unless we are prepared to buy it on conditions which would destroy our people's future."

TIMES BOUGHT FOR BREWERS AND HUNS; PROBE TO GO DEEP

Fund of \$407,500 Raised by Fifteen Beer Men With Aid of Big Corporation; Alexander Konta, German Agent, Quoted

Washington, Sept. 20.—The federal custodian of alien property, Mitchell Palmer, made public yesterday the names of the fifteen brewers who, with the United States Brewers' Association, raised a fund of \$407,500, from which \$375,000 was loaned to Arthur Brisbane to buy the Washington Times. Mr. Palmer acted immediately after the Senate had passed a resolution introduced by Senator Jones, of Washington, calling upon the property custodian to show the proofs on which he made his speech in Harrisburg, Pa., last Saturday, describing the efforts of brewers to control a newspaper in pro-German interest, to exert their influence upon Congress, and finally, on which he charged that the brewing interests had advanced the money for the purchase of a newspaper to "fight the battle of the liquor traffic under the shadow of the dome of the capitol."

Brisbane Borrows Funds Mr. Brisbane, in published statements in the Times, already has stated that he bought the paper with money loaned by C. W. Feigenpan, a brewer, and president of the Federal Trust Company of Newark, N. J. Mr. Brisbane also has published a letter from Feigenpan defining an arrangement by which the loan was syndicated to fifteen brewers. Mr. Palmer includes in his disclosure this letter and also documents to support his assertion that the loan was made in a way to conceal its course and purpose.

Included in Mr. Palmer's papers are copies of letters written by Alexander Konta, evidently a German agent, to Captain Hans Tauscher, notoriously associated with German propaganda in the United States and to Dr. Bernard Dernberg, Germany's chief propagandist, upon the prospects of buying some great American newspaper. Mr. Palmer connects these with his declaration that the influence which the brewers attempt to exert was thoroughly in the interest of Germany. Mr. Palmer last night declined to say where his office obtained the documents. He added that they spoke for themselves. First among the documents is a letter from Feigenpan to Robert Crain, whose office is in the building which houses Mr. Brisbane's Times, detailing the distribution of the \$407,500 loan. It was divided this way:

George Ehret, \$50,000; C. Feigenpan, \$25,000; Julius Liebmann, \$25,000; C. G. Hupfel, \$7,500; Jacob Ruppert, \$50,000; Joseph E. Uhllein, \$50,000; Edward Landsberg, \$15,000; Reuter & Company, \$15,000; A. J. Houghton Company, \$10,000; William Hamm, \$10,000; G. Pabst, \$50,000; Fred Miller Brewing Company, \$15,000 (this sum was allotted among five individuals at \$3,000 each); C. Schmidt & Sons, \$2,000; F. A. Poth & Sons, \$15,000; Bergner & Engel, \$10,000; United States Brewers' Association, \$30,000; United States Brewers' Association, Adv.-\$25,000; a total of \$407,500.

WOODS PLEDGES AID OF STATE

Pennsylvania Will Assist the Nation in Controlling Capital Issues

Secretary of the Commonwealth Cyrus E. Woods pledged the aid of Pennsylvania in efforts by the national authorities to control the authorization of capital issues during war-time at a conference to outline plans to conserve capital for government purposes, held in Philadelphia yesterday by representatives of Pennsylvania, Delaware and New Jersey. They met at the Federal Reserve Bank and agreed to co-operate on a uniform line of action, the effect of which will prevent the issuance of charters for new corporations in those states, and the consequent issue of stock without the consent of the capital issues committee.

Those present at the conference were: Richard L. Austin, chairman of the district committee on capital issues, Philadelphia; Cyrus E. Woods, secretary of the Commonwealth; John F. Whitworth, corporation clerk, office of Secretary of the Commonwealth of Pennsylvania; Parkey S. Williams, counsel for the capital issues committee; Frank Transue, chief clerk, office of Secretary of State of New Jersey; Kenneth Barnard, secretary of the district committee on capital issues, Cleveland, Ohio; James Satterfield, deputy attorney general, Delaware, and Miss Harrington, chief clerk and head of office of corporation department, Delaware. Mr. Austin acted as chairman.

Mr. Barnard explained the method followed by the capital issues committee in Ohio. There, the Commonwealth, as a war measure, arbitrarily declines to issue any charter, authorize any issue of stock or any increase of capital unless permission has first been obtained from the capital issues committee. By this means,

restriction is placed upon the flotation of 'wild cat' issues; the public is protected from wasting its money on such illusions, and capital is thus conserved for the use of the government in the prosecution of the war. Chairman Austin laid stress upon the importance of co-operative action along the same lines. Secretary Woods stated that he was empowered to go to the limit in co-operating with the capital issues committee in any measure that would prevent the
