Lingerie May Win the War, Fuel Official Declares
Chicago, Sept. 23.—Lingerie, ladies, may win the war. The latest in Chicago is that the United States has called on the fair sex to don warmer—well, now, it is rather hard to be explicit, but anyway here's the story: It seems that Chicago landlords have been saving coal. Hundreds of complaints have been made to the fuel administration about no heat in the bathroom and so forth.

While Fuel Administrator Raymond Durham admits it may be patriotic to save coal, at the same time it isn't patriotic for a landlord to give his tenants influenza. The fuel administration has issued a signed statement in which it discusses lingerie. It says: "Many of the unreasonable demands by tenants for more heat are due to the improper dress of women who, if properly clothed with (full length undergarments, with full length sleeves and buttoning up to the neck would not require heat when the temperature is as high as 68 to 70 degrees in the morning and evening and 70 degrees or more in the middle of the day."

HARVEST HOME SERVICES
Marysville, Pa., Sept. 23.—Harvest Home services were held in the church of God yesterday at 10:30 o'clock. A special sermon was delivered by the pastor, the Rev. Wesley N. Wright. The Rev. Samuel Fox, of the Duncannon Methodist Episcopal Church, delivered the sermon in the Methodist Episcopal Church last evening. A former pastor of the local church, he and the Rev. S. B. Bidlack, present pastor, exchanged pulpits last evening.

James Cunningham preached a special sermon on "That Thy Days May Be Long." At the close of the morning service all folks over fifty years were presented with a potted plant.

Special Display Yarns and Knit Goods

We Feature Minerva Yarn
This is the final week at this store of Mrs. E. R. Beck, the Minerva Yarn demonstrator. She is conceded to be among the best that have ever been in this store to show the art of knitting and crocheting. Therefore, you will consider it a pleasure and time well spent to come here this week for such suggestions as may be of value to you for your Winter work.

The art department with its thousands of hanks of yarn, in all the pretty colors and desired shades, is among the most complete in this section of the state. It is one of the most popular departments in the store, and small wonder when one considers the many pretty and useful things that may be made from these pretty yarns.

We consider the Minerva the best obtainable, and evidently our judgment is backed up by many satisfied customers, judging from the additional space and people that are required to care for the rapidly increasing business.

Come in this week if possible. Mrs. Beck will gladly assist you — and children receive the same consideration as the women when they come to learn.
