NEWPORT WATER VALUATION MADE

Public Service Commission Orders New Rate Schedule to Be Filed in 30 Days

The plant and system of the Newport Home Water Co., supplying the borough of Newport, Perry county, is given a value of \$51,538 by the Public Service Commission in deciding the amount of the rate of the borough against the rates of the company for water service today, the principles used in the big western Pennsylvania water cases being applied.

The order allows the company a total revenue of \$7,032.66 and directs that it file new schedule of rates based upon that return within thirty days. The allowance for operating expenses fixed at \$2,625 with \$800 for annual depreciation, and \$3,607.66 as its seven per cent return. The commission declined to allow anything for service lines which were paid for by patrons or for wells, pumping station and reservoir not being used.

The Newport decision will probably be a precedent in determining a number of other water company complaints.

Cases Go Over—The Public Service Commission has dismissed without prejudice and with right to renew after the war a number of complaints filed against grade crossings and service of some electric, water and other companies. The times are not propitious for making dangers now it is contended.

Forty Reasons—Over forty recommendations for pardons are being made out for action by Governor Brumbaugh this week as a result of the meeting of the State Board on Wednesday when the first meeting was held since June.

SPROUL MEETS WESTERN MEN

Babcock's. Buttermilk Party Marked by Presence of O'Neil and Friends

Many western Pennsylvanians greeted Senator William C. Sproul, candidate for Governor, and the Republican State ticket, with Senator Boies Penrose, at the Saturday afternoon "farm party" of Mayor E. S. Babcock near Pittsburgh.

A warmth of welcome, contrasting with a biting cold atmosphere, was given Senator Sproul, Senator E. E. Beldeman, of Dauphin, candidate for Lieutenant Governor; James F. Woodward, of McKeesport, candidate for secretary of Internal Affairs; other State candidates, and Senator Penrose. A band vied with a negro quartet in providing entertainment, and great long tables were spread out on the lawn from which the guests partook of refreshments.

Five hundred automobiles conveyed the guests from the city, and for over an hour Candidates Beldeman and Woodward, with Senator Penrose, were kept busy at one entrance based upon that return within thirty days. The allowance for operating expenses fixed at \$2,625 with \$800 for annual depreciation, and \$3,607.66 as its seven per cent return. The commission declined to allow anything for service lines which were paid for by patrons or for wells, pumping station and reservoir not being used.
