ALLIES AND GERMANS BATTLE FOR WAR GAINS IN FLANDERS

Allenby Leads English Troops Against 100,000 Turks

BULGARS DESERT GERMAN RANKS IN MACEDONIA

560 of One Regiment Put to Death by Order of German Officers in Holy Land War; Enemy Burns Villages and War Material

London, Monday, Sept. 23.—General Allenby's remarkable success in Palestine was achieved against a total enemy strength of 100,000 Turks, according to unofficial dispatches reaching London.

London, Sept. 24.—British cavalry, pushing up the Mediterranean coast of Palestine, have occupied Haifa, it was officially announced to-day.

East of the Jordan the Turks are withdrawing towards Amman on the Hedgas railway. Australian, New Zealand, Jewish and other troops are pursuing the enemy and have reached Es-Salt, fifteen miles northwest of Amman.

The total number of Turks taken prisoner will exceed largely the 25,000 already reported, the official statement announces.

In Palestine, Macedonia and France the Allied offensives progress successfully. General Allenby's forces in Palestine have followed up their rout of the Turkish forces with additional gains. In Central Macedonia the Allies are pressing vigorously the advantages won and the difficulties of the Germans and Bulgarians are increasing. Field Marshal Haig has taken a new step in his investment of St. Quentin and is fighting toward the northern outskirts of that German strong point from east of Verdand.

On the Mediterranean coast of Palestine British cavalry has occupied the ports of Haifa and Acre, marking an advance from just north of Jaffa of more than sixty miles since the present operations began. Acre has been famous in history for the sieges it has undergone and Napoleon met with a serious repulse there in 1799.

The rout of the Turks in the area west of the Jordan has compelled the Turks east of the river to retreat. They are being pursued closely by Allied forces and the king of Hedjas. Es-Salt has been reached and the Allies are pushing north rapidly along the Hedjas railway. General Allenby reports that the number of enemy troops taken captive will largely exceed 25,000. German and Bulgarian troops in Macedonia, their communication lines almost entirely gone through by the Franco-Serbian

KAISER BEGS HIS SOLDIERS TO STOP BOASTFUL YANKS

Says Americans Have Promised to Give Lorraine Back to the French

London, Sept. 24.—In an address to Austrian officers at Briey, near Metz, yesterday, Emperor William recalled to them that they had before them on this front the Americans, who have promised France to give her Alsace-Lorraine, and who wished, he said, to "add big deeds to their big words."

The Exchange Telegraph correspondent at Amsterdam wires the text of this address, delivered during an inspection trip of the Emperor around Briey, where he distributed 400 iron crosses, visited field hospitals and spoke to German, Austrian, French and English wounded in their respective languages. Later, adds the message, he addressed the Austrian officers, saying: "You may fight our battles as good comrades and in return for our help, which we have often given you, and for our strong, free and common future."

"You know we have, perhaps, to face heavy fighting. You know whom you have in front of you. The Americans promised France to give her Alsace-Lorraine, which France alone cannot reconquer. They also wish to add big deeds to their big words. You will, with the help of my troops, give them the right answer at the right moment."

Washington, Sept. 24.—Describing his recent visit to the western front, Senator Thompson, of Kansas, Democrat, told the Senate to-day that while in some quarters there is a belief that the war can be ended this year, the general opinion abroad is that another year will be required to bring Germany to her knees. HINDENBURG LINE YIELDS IN DRIVE BY ALLIED ARMY

With the British Army in France, Sept. 24.—10 a. m.—The fighting for the vital positions which have defended the main Hindenburg line east of Epehy and Ronsey continued yesterday and last night. No marked change in the situation resulted, but the advantage lay with the British.

A vigorous local engagement is taking place to-day on the front nearly west of St. Quentin, between Honion and Fresnoy. Fighting on the western front is not on as large a scale as last week. In addition to the thrust against the German defenses east of Verdand, where the British have not yet reached the Hindenburg line, Field Marshal Haig is improving his line at points farther northward and has repulsed a German attack west of Le Catelet. Northeast of Arras the British have broken up a German attack at Gavrelle, while in Flanders the British have regained part of their old positions at Voormezele, south of Ypres. Activity on the French front south of St. Quentin to the Aisne is confined to artillery duels.

St. Quentin, the center of the Hindenburg line between La Fere, on the south, and Cambrai, on the north, appears to be doomed. French units have reached the Oise river between Vendeuil and Travecy, while the British seem to be in a position to launch a blow along the line to the north of the city which will make a German retreat from the place imperative.

Along the Lorraine front encounters and artillery duels have been reported. Bad weather virtually has put a stop to operations there for the past few days.

The band of patriotic women working in the Belgian clothing headquarters at Fourth and Market streets were kept busy all through the morning assorting the hundreds of garments that came to them, ready to be shipped to the Belgians. A contribution of \$4 came from a loyal American who said he had no clothing but wanted to help the cause.
