

Von Hertling Assures Huns U-Boat Cripples the U. S.

London, Sept. 25.—Count Von Hertling, the German Imperial Chancellor, in addressing the main committee of the Reichstag yesterday, declared the submarine warfare is slowly but surely diminishing Allied tonnage.

TELLS HOW TO GET BACK OLD TIME AMBITION

Discoverer instructs druggists everywhere not to take a cent of anyone's money unless Bio-feren doubles energy, vigor and nerve force in two weeks.

7 A DAY FOR 7 DAYS

Any man or woman who finds that they are going backward, are not as strong as they used to be, have lost confidence in their ability to accomplish things, are nervous and run down should take two Bio-feren tablets after each meal and one at bedtime.

Seven a day for seven days. Then take one after each meal until the supply is exhausted. Then if your nervousness is not gone, if you do not feel twice as strong and energetic as before, if your sluggish disposition has not been changed to a vigorous active one, take back the empty package and your money will be returned without comment.

No matter what excesses, worry, overwork—too much tobacco or alcohol—have weakened your body and wrecked your nerves, any druggist anywhere is authorized to refund your money on request if Bio-feren, the mighty upbuilder of blood, muscle and brain does not do just what is claimed for it.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Leucithin, Calcium Glycero-Phosphate, Iron Peptonate, Manganese Peptonate, Echinacium, Potassium Gentian, Phenolphthalein, Clearexin Capsicum, Kola.

Keeps Teeth Clean and Gums Healthy. Specially indicated for treatment of Soft, Spongy and Bleeding Gums.

ALL DRUGGISTS AND TOLLET COUNTERS. Bio-feren LEAVES NO AFTER-EFFECTS EXCEPT HEALTH.

CLEARINGHOUSE IS PROPOSED TO CATCH THIEVES

Police Chiefs Have New Plan For Recovery of Stolen Automobiles

A clearinghouse for the recovery of stolen property was organized at a meeting of the committee of seven chiefs of police of Pennsylvania cities held in the Senate hotel yesterday afternoon. Harrisburg will be headquarters of the clearinghouse.

The committee was appointed at the annual convention of the Chief of Police Association at Altoona last July. The clearinghouse will be supported from funds of the various police funds, and by nominal fees to be paid by motorists.

It was pointed out that with the clearinghouse, when a theft in any city is reported, rather than himself involving the expense, trouble and uncertainty of wiring to neighboring cities, the local police can wire to the clearinghouse, and from there as a central point all police chiefs in the state can be notified of the theft within a short time.

The Pennsylvania clearinghouse will begin operations January 1, 1919. It was decided by the committee to offer a reward for information leading to the recovery of stolen automobiles and the arrest of offenders.

Leon B. Day, superintendent of police at Scranton, was elected president of the association, and William B. Thomas, chief of police, of Jenkintown, secretary and treasurer.

SUGAR CROP TAKES BIG DROP

San Juan, Porto Rico, Sept. 25.—The government yesterday announced that the sugar crop for 1918 is 133,796 short tons, as compared with \$503,081 tons in 1917, a decrease of slightly over ten per cent.

Hair On Face DeMiracle

Ordinary hair growths on face, neck and arms soon become coarse and bristly when merely removed from the surface of the skin. The only common-sense way to remove objectionable hair is to attack it under the skin. DeMiracle, the original anitry liquid, does this by absorption.

Only genuine DeMiracle has a money-back guarantee in each package. At toilet counters in 50c, \$1 and \$2 sizes, or by mail from us in plain wrapper on receipt of price.

FREE book with testimonials of highest authorities, explaining why it increases and how DeMiracle de-vitalizes it, mailed in plain sealed envelope, on request, DeMiracle, Park Ave. and 123th St., New York.

GOVERNMENT IS TO NAME WAGES FOR U. S. LABOR

Plan Likely Is to Go Into Effect Early in November

Washington, Sept. 25.—Standardization of wages in all war industries is to be effected by the general government in the near future.

Fixing a wage scale for a great number of classes of labor is now in progress by a board of experts employed by the labor policies board. The task is an enormous one, and the difficulties encountered have been likewise enormous.

It is believed, however, that the work can be accomplished and the wage scales put into effect by the first of November. What is proposed is simply this: In every factory, engaged in war work, the wages of every man, from the highest paid skilled laborer to the lowest paid common laborer, are to be fixed by the government.

The plan upon which the war labor policies board is now working follows closely that by which wage scales were established in the shipyards.

Do Not Expect Friction. Employers and labor representatives have been consulted, and while in many instances their views were widely divergent, the board and its experts have nevertheless been able to reach conclusions regarding what wages ought to be.

The country is to be divided into industrial zones. Differences in cost of living in the different zones will be taken into consideration, and will be the basis for the only differences in the wages to be paid in the same classes of labor.

Czecho-Slovaks Attack Huns and Magyar Troops With Daggers in Italy

Washington, Sept. 25.—German and Magyar troops have been defeated by a Czecho-Slovak unit on the Italian Trentino front in a fierce battle which was concluded by the Czechs in a desperate attack with daggers, says an official dispatch today from Rome.
