

PETAINE LEADING FRENCHMEN OVER NEW WAR FRONT

Germans Are Dislodged From Strongholds Along Front of Forty Miles

With the French Army on the Champagne front, Thursday, Sept. 26—Three days after launching their memorable Champagne offensive of 1918, the French again attacked the German front along the line of the Argonne forest from the Suippe river to the Verdun battlefield to-day.

The attacking army was led by General Gouraud, with General Petain in supreme command. In the first hours of the battle some of the highest important buttresses of the Argonne forest were captured by the French and the Germans had dug themselves in.

Along the whole battle front of forty miles the enemy already has been dislodged from his advance strongholds.

General Gouraud's men were continuing their advance to-night along the front west of the Argonne forest. Greater resistance was being encountered.

The Germans, by their retirement to-day, have gained a little time in which to bring up reserves, while General Gouraud is bringing up his guns. The lines they retired to are no stronger than those they abandoned.

Enemy airmen made several spectacular attacks on trench observation balloons to-day. Only one balloon was destroyed, but the observers in three others were forced to descend by parachute. One German airman attacked three balloons in quick succession, plunging down upon one and firing and then rising to dive at another.

One of these burst into flames only an instant before the observer had jumped with his parachute. Shrapnel shells then began to burst close about the enemy machine and it turned and sped away for the German lines.

1,000 TRAIN AT U. OF P. Philadelphia, Sept. 26.—The University of Pennsylvania to-day opened its one hundred seventy-eighth collegiate year under conditions unprecedented in the history of the institution. Plunging down upon the students' army training corps and it is expected that by October 1, when the Government formally takes control of the school, there will be at least 5,000 military and naval students enrolled.

A Real Nifty Gray Suede For the Stylish Girl

A LA FRANCE MODEL. Now-a-days everything is highly practical—war times have no place for novelties of short durability—our stocks follow this practical idea. Please don't get the impression that practical shoes cannot be very handsome—an inspection of the La France models will show you how beauty and durability have been combined.

This Gray Suede has extreme high heel, long last and narrow vamp. Price, \$12.00.

Our La France line comprises all widths and sizes, high and low heels. If you are thinking of shoes for the present or future—don't fail to see our beautiful La France models, as there are none better.

All widths, all sizes—Prices \$8.00 to \$12.00

FOR BETTER SHOES Paul's

POULTON

THREE BIG PLANES SWEEP OVER CITY

people, and will be held for many a day in memory of the air raid. When dozens of whistles throughout the city and environs began to shriek their notice of the concerted air raid by the three airplanes, instead of rushing to cellars and other protected places, as is usual in air raids, the intrepid residents of Harrisburg took advantage of every open place in the streets, roofs, house-tops, and the parks, to observe the aviators. Many people gathered down town on the Mulberry street viaduct furnished a vantage point for hundreds.

Business at Standstill. Many of the industrial establishments and stores were closed for a few minutes while employes watched the evolutions of the birdmen. Every one made a scramble for the bulletins and pamphlets advertising the Fourth Liberty Loan, as they came floating, swirling and fluttering from the air.

The birdmen circled the Capitol dome, and dropped pamphlets over the Capitol grounds. Department employes were ordered to leave their desks at the sight of an air raid over the capital city of the state.

When the whistles began to shriek wildly, to follow soon after by the whistles of the anti-aircraft propellers, the absence of the anti-aircraft gunfire was the only factor to distinguish it from an air raid by enemy aircraft.

The whistles were the result of a morning's telephoning by Mayor Kelster, who got industrial managers and railroad men to readjust their plans at the first word of the impending visit by the airmen.

Big White Planes. The birdmen flew low and in V-shape formation. Their airplanes were of the biplane type and visible from afar because of their white tails.

After the flight over Harrisburg, the fliers descended on a cleared field three miles across the river. This field was marked out by large crosses so that the drivers could see it from a distance. The exact location of the field was withheld so that crowds would not be on hand to interfere with the landing of the aviators.

Lieutenant Orb and Lieutenant Jack Frost were two of the three drivers who headed the raid. Lieutenant Frost is a friend of John C. Jessup, well-known Harrisburg bond salesman, who also is prominent in the Liberty Bond organization of Harrisburg.

Lieutenant Frost called Mr. Jessup by phone from Lebanon this morning and made an engagement for this afternoon.

The machines made a big hit in the Lebanon-Reading territory yesterday. The weather was bad, but they flew just the same. The rain, they felt, interfered with their flight to Carlisle, which was to have occurred yesterday afternoon.

For that reason they made a day late in reaching Harrisburg.

War Work

American women nurses are installed in eight miles in the rear of the fighting lines 'over there.'

Right here at home many women should learn nursing to take care of the sick or in emergencies, the wounded.

You can learn a great deal by obtaining the 'Medical Advice' book of 200 pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Babe, 200 prescriptions for acute and chronic diseases; profusely illustrated by woodcuts and colored plates. Ask your druggist or send 50c to Publishers, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals, she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

Boswell, Pa. 'I tell you the whole world what a blessing Dr. Pierce's Remedies have been to me. I had a cough for five years and doctored with several different doctors—each one doctoring me differently. At last I was persuaded to undergo an operation for fibroid tumor at which time they said they removed two tumors and the appendix, but still continued to suffer. At certain times it seemed I could nearly lose my mind. I began to take the 'Favorite Prescription' and 'Pleasant Pellets' and I can now truthfully say I am better than I have for five years. I will always praise Dr. Pierce's remedies with all my heart.'—Mrs. W. M. Hoekensmith, R. F. D. 2, care of D. D. D.

U. S. Troops Pushing on For Fresh Gains

delegates. Meanwhile, the Allied forces are pressing on and pushing farther apart the divided German-Bulgarian armies.

From the new line reached Thursday night, the American forces between the Argonne and the Meuse continue to press northward through the hilly wooded country northwest of Verdun. The Americans are well beyond the original German lines and hold important observation points along the front. A light rain fell Friday on the American sector and the weather was unfavorable for observation.

12,000 Prisoners Are Taken. West of the Argonne to the Suippe the French have advanced more than three and one-half miles and taken and passed beyond formidable German defense points, including the famous Navarin farm, the Butte du-Tahure and the Butte-du-Mesnie. General Petain's men took more than seven thousand prisoners, who, with five thousand taken by the Americans, brings the Allied total for the first day of the attack to 12,000.

In the Argonne forest itself the Allies apparently are making little effort to move northward. The Allied command seemingly believes the forest will be cleared automatically as the Americans and French progress on either side. Already the Germans facing the French in the forest have been outflanked on the east.

Hindenburg Line Is Reeling. The new British attack launched this morning is north of the scene of the operations of the last fortnight looking to the encirclement of St. Quentin and threatens the German defenses north of Cambrai. South of the Seneze river the British are well within the Hindenburg line and on ground untouched previously by heavy fighting. West of Cambrai they are just west of the German line and the new operation probably is planned to outflank the Hindenburg position from Cambrai to St. Quentin. The Franco-American thrust farther south is aimed against the communications behind this front.

Serbian troops at the apex of the advancing Allied salient in Macedonia have advanced more than 55 miles from their original positions. The important base of Ishtib has been occupied and the Serbs are fighting for Veles. Northeast of Ishtib Serbian cavalry is pressing rapidly toward the Bulgarian border.

East of the Vardar and north of Doiran the Allies are crossing rapidly the hitherto supposedly impassable mountain heights. The Serbs have got well over the Gradets range and the French and Greeks are on the heights of the Balchitza range. British troops are marching on Strumitsa, the Bulgarian base in this region. Progress also is being maintained west of the Vardar and near Monastir, while the enemy troops in the wings, especially in Albania, are rapidly getting into a dangerous position.

Germany's Ally Crushed by Terrific Attacks

tions, but saying he would receive duly qualified delegates of the Bulgarian government.

London, Sept. 27.—Premier Malinoff of Bulgaria, has made an offer of an armistice to the Allies, according to a Berlin message transmitted by the Exchange Telegraph correspondent at Copenhagen. The message states that the premier's offer was made with out the support of other members of the cabinet or of King Ferdinand.

The Berlin message says that Malinoff's offer has created great dissatisfaction in Bulgaria and that strong military measures have been taken to support the Bulgarian front.

According to statements from Sofia by way of Jassy, it is added, a counter movement against the action of the premier has already been set on foot. (This would seem to indicate that a revolution is in progress in Bulgaria.)

The British government to-day received from an official authorized source an application from Bulgaria for an armistice. Germany intends to send a solemn protest to Bulgaria against Premier Malinoff's request for an armistice, according to Berlin reports received in Amsterdam and forwarded by the Exchange Telegraph Company.

The Serbian official statement announces that Serbian cavalry have reached a point fifty-five miles as a crow flies north of the line from which the offensive was started.

CITY CALLED TO ADD 10 TONS OF BELGIAN CLOTHES

Children of City Who Bring Gifts May Hear Singing Comedienne at Majestic

FOR THE BELGIANS!

Miss Florence Timpon, singing comedienne, invites the children of Harrisburg to a theater party in the Majestic Theater Saturday afternoon. All children who bring garments for the Belgians will be admitted free of charge.

Soldiers and sailors stationed in Harrisburg, living at the "Y" have tendered their services as volunteer workers.

Mrs. W. G. Gipple and Mrs. William Strouse, coworkers in the big campaign, call for help on the part of all Harrisburg to put the campaign over the top.

Harrisburg has contributed ten tons of clothing to the Belgians. This is half of the allotment assigned to the city! If another ten tons is raised in two days the city is going to fall back to the rear rank as a war work district, spoiling its magnificent record as an "over the top" city in Liberty Loan and war work campaigns. Such is the substance of statements made by workers in the big campaign for clothing for the Belgians now being waged here by the National War Aid for the Harrisburg chapter, American Red Cross. Hundreds upon hundreds of loyal citizens have sent freezing and starving unfortunates who are refugees in Belgium and France. But this is just the beginning. Red Cross workers say, "We dare not miss this opportunity to be of service to humanity! We must go over the top! We have an unstained record. No further exhortation should be needed than the mere fact that clothing is so scarce in Belgium people are wearing salt bags as clothing and using rags as shoes."

The rooms at Fourth and Market streets and the single room at 23 South Fourth street used as overflow headquarters, are being filled with clothing. But the full twenty-ton allotment must be reached if the city desires to keep its standing among the highest in Red Cross work.

Technical High school boys helped last night in the packing of clothing. Several of them discarded their coats and hats when they came

to hunt for them, the apparel had disappeared in the great potpourri of clothing. It was only after diligent search that their garments were found snugly nesting among piles of attire for the people overseas.

Many contributions of money have been received from people who explained that they didn't have any clothing. This money will be used to purchase more clothing.

Among contributions coming yesterday was a beautiful broadcloth coat brought into Red Cross headquarters.

"I know what the Belgians like. This is just what they want." Upon examination a half dozen clean handkerchiefs, some collars and other female delights were found with the coat. Another contribution of an entire wardrobe came from two women who are sisters. "Sister did the other week and we want her clothing to be doing its part in the winning of this war," they said.

Soldiers and sailors stationed at the Central Y. M. C. A. volunteered their services yesterday. They will give their afternoons and evenings to the cause.

The West Patriotic auxiliary of the Red Cross sent a huge bundle of clothing this morning as their contribution to the campaign.

Mrs. William Strouse, collection chairman, announced this morning that fifty boxes have been packed and 6,700 pounds of clothing are already on the way to the Belgians. It is believed that ten tons of the clothing are now the total of contribution from Harrisburg.

Theater last night Miss Florence Timpon, a singing comedienne, announced she will give a theater party to the children of Harrisburg Saturday afternoon in the Majestic. All children who bring clothing to be deposited in the receptacles to be found at the theater door, will be admitted to the performance without charge. This is through the courtesy of C. Floyd Hopkins, manager of the theater. It was explained.

Police arrested another alleged bootlegger last night on the charge of furnishing liquor to soldiers. It was the second bootlegger arrested in two nights. Patrolmen McCated, Bathurst and McFarland arrested the man at the intersection of the Fifth and Walnut streets, where he was seen passing liquor to the soldier.

PENALTY TO BE ADDED. C. E. Bussett, chairman of the tax collector for the city school district, announced that beginning next Tuesday a 5 per cent penalty will be added to all unpaid 1918 school taxes.

TOMORROW Take a bill from the old pay envelope and BUY YOUR FIRST W. S. S. Buy Your Liberty Bonds Early

FOUR MORE BILLS OF AGAINST BRETZ

Vasil Dundoff Held For Trial For Killing Colored Man

Four more bills of indictment have been returned by the grand jury against Harry M. Bretz, lawyer and member of the bankrupt firm of Bretz Brothers, hardware dealers. Bretz was charged with the murder of Vasil Dundoff, a colored man, in two cases and embezzlement by attorney in the other two prosecutions. Trial of the cases against Bretz may be started before the week's session of criminal court closes. Four true bills against him were returned about noon yesterday also.

In Courtroom No. 2 before Judge A. W. Johnson, specially presiding, the murder trial of William Evans, colored, closed shortly before noon. It is expected that jury will return a verdict late this afternoon. Counsel for Evans started court officials by not putting him on the stand. Other witnesses for the defense testified that Evans had been drinking heavily all day. The defense in the case contends that he was too drunk to be held responsible for the shooting on the night of February 15 when it is alleged he stabbed Rufus Gilliam.

Vasil Dundoff, Steleton, charged with shooting a colored man when the latter came into the Dundoff store and started an argument attacking Vasil's father, was indicted by the grand jury.

In Courtroom No. 1, before Judge George Kunkel to-day, Thomas Jackson, John Drew, John Hatchett and Bessie Jackson, were on trial on charge of robbing Andy Yokakis of his pocketbook containing \$109. Witnesses testified that the four surrounded Yokakis as he was about to enter the store at Altoona and that later Drew threw a pocketbook along the tracks. When the four were arrested four bundles of money, one in each stocking, one in her pocketbook and one in her handkerchief, a total of \$175, drew had \$10; Jackson, \$34, and Haddock, \$3. The case went to the jury this afternoon.

Before Judge McCarrell, Carrie Jackson, colored, was on trial on charges of selling liquor without license at her home in South Third street, Steleton. Other cases disposed of follow: William Jackson, charged with selling liquor, \$500 fine, costs and three months; John J. Hargest, Jr., larceny, bill ignored by grand jury; F. and Mary J. Penney, selling liquor without license, bill ignored; John Slovic, assault and battery, bill ignored; Harry Musselman, assault and battery, settled; George Elliott, serious charge, preferred by 1-year-old girl, jury out; William Johnson, serious charge, convicted; Stella Collier, bawdy house, cost, \$15 fine, 30 days in jail; Joseph Washington, unlawful possession of drugs, \$15, costs and three months.

Quinn Would Pay Only Half Fare Unless He Gets a "Comfortable Seat"

The Public Service Commission to-day called upon by C. F. Quinn, of Harrisburg, an officer of the State Federation of Labor, to rule that the Harrisburg Railway rule that the company will give only half fare for each passenger for which it did not provide what he termed a "comfortable seat."

Mr. Quinn some time ago made an attempt to sue the company against the company and to-day entered a formal one as an individual. The company, he charges, fails to give adequate service at rush hours, that it has recently arranged to advance fares from five to six cents; that the advance is in violation of a reasonable dividend on "legitimate liabilities"; that the stock and bond liability is above the physical value of the plant and equipment; that the case is one in which the state commission should make a physical valuation and that the company refuses to provide sufficient cars to seat passengers.

Harrisburg Lineman Is Instantly Killed in Power Substation, at Steelton

While engaged in making repairs on the transformation of power at Avenue Substation of the Harrisburg Light, Heat and Power Company at Steelton about 8 o'clock this morning, Adam A. Fenicle, 35, when he came in contact with a live wire. Following the accident the man was taken to the Emergency Hospital at Steelton, where he died shortly afterwards.

Fenicle, who was 35 years old, is survived by his wife and one child. He had been in the employ of the company for many years. Coroner Eckinger is to hold an inquest late this afternoon.

P. Mark Parthemore Wins a Captaincy

Another Harrisburg man to be honored by a commission in the United States Army is P. Mark Parthemore, residing in No. 11 in this city, at 2216 Penn street. News of Mr. Parthemore's elevation to a captaincy in the Chemical Warfare Service reached Harrisburg from Washington to-day. The captain was formerly promoted by the Mt. Pleasant Press and is married.

ANOTHER BOOTLEGGER TAKEN BY POLICE. Police arrested another alleged bootlegger last night on the charge of furnishing liquor to soldiers. It was the second bootlegger arrested in two nights. Patrolmen McCated, Bathurst and McFarland arrested the man at the intersection of the Fifth and Walnut streets, where he was seen passing liquor to the soldier.

ICE STATIONS CLOSED. The heating plant has been entirely overhauled during the summer months and important repairs made. Several new boilers have been installed. These will be ready for use before the demand for heat warrants and makes necessary their firing.

HARRY FORBES. Funeral services for Harry Forbes, aged 54 years, will be held at his home, 200 Verbeke street, Monday afternoon, at 2 o'clock. The Rev. W. A. Hanson, pastor of the Messiah Lutheran Church, will officiate. Burial will be in the East Harrisburg Cemetery.

Wives Seek Deserting Husbands Through the New Draft Questionnaires

Scores of letters asking state selective service officials to aid in the location of deserting husbands, many of them missing four and five years, through the registrations under the selective service act, have been received at state headquarters from wives all over the state.

They have been unable to do much, officials say, because of the fact that selective registrants are not listed alphabetically. The names of all registrants are filed at the headquarters but they are listed alphabetically under every one of these before the missing man would be located, which would necessitate a tremendous amount of work.

Where the deserter's wife has given the probable district in which her husband registered, she has sent the letter to the local board with the request that they aid the wife if possible," Chief Clerk Keenan said.

C. E. Pass Is Honored by Order of Red Men

Prothronary Charles E. Pass, active in Red Men lodge affairs, at the recent session of officials of the order in Chicago was elected as the Great Tokolan and in that position will be the representative of the Great Inchoonee of the Great Council of Red Men.

Next week Mr. Pass will go to Concord, N. H., and will install the officers of the State Great Council and will also confer the degree of Pochontas on others. Mr. Pass also will be in that position at the various cantonments and will be in charge of the order in Concord, N. H., to raise a war fund of \$500,000 by having each member of the order contribute \$1.

Riverside Alderman Asks For Police Protection

Alderman George L. Smith, of the Fourteenth ward, whose office is at 3208 North Fourth street, has asked the police department for protection for better protection of his district, who, for the past few weeks have had vast quantities of fruit stolen from their orchards and yards. Not young boys, but men of the neighborhood are accused of being the pilferers.

"Yes," said Mr. Smith to-day, "we've got no police protection up here and the thieves are growing rapidly. The thieves are taking truck from the war gardens and fruit from the trees besides corn, cabbage, potatoes and tomatoes and the like. I tried to interest the state police in the matter but they said they had no jurisdiction in the ward."

SICK WOMAN NOW WELL

Took Lydia E. Pinkham's Vegetable Compound. Read Her Letter.

Pottersville, Pa.—"For a long time I was bothered with pains on the side, and was so weak from my trouble that I could not do any lifting or hard work of any kind. If I tried to go to school or to work, I would come home when lying down it seemed as though some one was tearing my head loose. Lydia E. Pinkham's Vegetable Compound has restored my health and I am quite myself once more."—Miss HAZEL CHUBBUCK, Pottersville, Pa.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Chubbuck, or suffering from displacements, irregularities, inflammation, ulceration, backache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Chubbuck's experience and try this famous medicine and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

Health Bureau to Name Delegates to Session

Mayor Kelster this morning turned over to the Health Department the matter of appointing delegates to the North Atlantic Tuberculosis Conference of eight states, to be held in Pittsburgh, October 17 and 18. It will be the fifth annual conference.

The United States Army, United States Public Health Service, American Red Cross, Federal Children's Bureau, Women's Committee of the State Council of Defense, and state and local tuberculosis associations will be represented at the conference.

The rehabilitation of tubercular soldiers and rejected draftees will be discussed particularly at the conference.

VICTIMS OF INFLUENZA

Those Who Are Weak and Run-Down Easy Prey to Wide-Spread Epidemic

Commonsense Way to Avoid a Threatening Public Danger

Doctors agree that people who are weak and run-down are the earliest victims of the influenza epidemic, whose ravages are assuming serious proportions in New England and New York.

If you find yourself tired, weak or losing flesh this warning should be heeded promptly. You are in real and very great danger because the germ of this epidemic is specially contagious and in your weakened condition should you come in contact with it you would fall an easy victim.

The commonsense preventive is to begin taking Father John's Medicine at once because the pure food elements of which this old-fashioned, wholesome body-builder is made are easily taken up by the system and turned into vital, resisting energy; giving you fighting strength to ward off the influenza germ.

Remember, Father John's Medicine is not a stimulant. It is guaranteed free from alcohol or dangerous drugs and does its work simply and effectively through the wholesome food elements which it contains.
