## GERMAN LINES MENACED FROM VERDUN TO SEA

Allied Armies Beat Huns Local Boards to Examine Fri-Back on Every Front in Ever-growing Battle

London, Oct. 1.-"Feelers" have been put out by Turkey for an armistice, the Evening News to-day says it understands. While these advances are said to be semi-official, no notice will be taken of them, the article states, until an official telegram is received.

London, Oct. 1. Under the threat of its speedy capture by the British the city of Cambrai has been set on fire by the Germans. Field Marshal Haig reported this in his official statement to-day.

British troops last night continued their closing in movement on Cambrai. They captured Proville, to the west of the city and Tilloy, close by on the northwest, Field Marshal Haig announced in his official report to-day.

Farther south on the front between Cambrai and St. Quentin, the town of Vendhuile was captured by the British.

North of the St. Quentin and British wedge has been thrust still farther into German-held territory and the town of Levergies has been captured. RIDING PUBLIC

CAMBRAI was in flames to-day as the British were breaking great holes in the Hindenburg line from Cambrai to St. Quentin. The Germans set fire to Cambrai apparently in the hope of destroying the great quantity of supplies there before the British could surround the town, which already is encircled on three sides. North of St. Quentin the British have taken Vendhulle, west of Le Catelet. Farther south they have reached a point east of St. Quentin and have captured Levergies.

In Belgium King Albert is leading the Belgian and British armies to further successes and is rapidly driving into the heart of the net-work of German railroads centered about Ghent.

General Allenby in Palestine has thrown his cavalry far to the north of the Sea of Galilee, and they are reported to be two and a half miles from the important railroad junction of Damascus. On the Mediterranean coast French mounted forces are approaching Bey-
