WIFE-SEEKER IS NOT DISCOURAGED

His Letter of August Last Identical With One He Wrote 13 Years Ago

Mechanicsburg, Oct. 2.—Much interest and amusement is being displayed by some people of Mechanicsburg in regard to the letter published in the Telegraph on August 26, from one Samuel Koozts, who writes for a wife, when it develops that his persistency is almost unparalleled and that discouragement is not in his dictionary.

"I will take the present opportunity to write you a few lines to ask you if I would be welcome to come to see you, and if I can't have you, if you know of some Miss—one or Eucher, or Null, or Bricker, or Snyder, or Fry, or Hoover, or Uhrlich, or Eberly, or Nissley, or Snavey, or Coover, or Myers, or Bowers, or Swartz, or Hoffman, or Miller, or Lightner, or Garret, or Bear, or Grove; or if you know of some widow woman under 35 years of age, please give me my address and tell me to write me a letter and I will give information and come to see her. I will bring this letter to a close. Yours respectfully, Samuel Koozts, Culbertson, Franklin Co., Pa."

CATARRH IS NOT INCURABLE

BUT YOU CAN'T RELY ON SPRAYS AND INHALERS.

There is no use permitting yourself to be deceived. Perhaps, like thousands of others afflicted with Catarrh, you are about ready to believe that the disease is incurable, and that you are doomed to spend the remainder of your days hawking and spitting, with no relief in sight from inflamed and stopped-up air passages that make days miserable and the nights sleepless.

Of course this all depends upon whether or not you are willing to continue the old-time, make-shift methods of treatment that you and many other sufferers have used for years with no substantial results.

You must realize that the disease itself, and not its symptoms, is what you have to cure. Of course you know that when you are cured of any disease its symptoms will disappear.

For the benefit of those afflicted with Catarrh or other blood diseases, we maintain a medical department in charge of a specialist skilled in these diseases.
