ANNOUNCE MARRIAGE

Philadelphia, Oct. 5. — William G.

Philadelphia, Oct. 5. — William G. McAdoo, director general of railroads, rapidly is earning the title of "Little Father of Railroad Men" by a series of orders, each giving the railroad employes an advantage or privilege they never had before. His latest is an order to the effect a train crew may have a 50 per cent. discount on the cost of meals in the dining car.

Before the advent of government control of railroads the roads made rules in this regard, many of them allowing the men a substantial discount, but never as much as 50 per cent.

At the office of Regional Director Markham, in this city, those in authority stated yesterday they could not say whether this reduction in food prices for railroad men was based on cost, but admitted it was a liberal discount.

Last week when I was in New York the car lines were asking shoppers to avoid rush hours, so that both workers and shoppers might travel more comfortably.

That gave me an idea. On Saturcustomers as quickly as we would like to, because in addition to our usual number of patrons, there are many business and professional women who cannot shop on any other day.

If the women who can command their own time for shopping would come earlier in the week, we could give everybody the best of service. We recommend Monday as an especially good shopping day, since our new models are usually shown then for the first time.

Noteworthy among new arrivals are some exceptional values in exclusive furs:

45-inch full belted natural muskrat coat, \$250,00.

Four models in light and taupe nutria fur coats, 27, 29 and 33-inch lengths, \$150.00, \$185.00, \$225.00 and \$250.00.
