#### Supreme Court Allows Test Case From Easton; Harrisburg Jitney Cases

Under a per curiam order by the Supreme Court, an appeal has been allowed to that tribunal from the decision of the Superior Court in the test case of the City of Easton vs. A. R. Miller, a trolley motorman,

which raises the question whether an old ordinance of Easton can regulate the routing of the cars, or whether this is a subject exclusively in the control of the Public Service Commission. There has been considerable litigation between public service companies and various municipalities throughout the commonwealth relative to the question involved, and it is pointed out that this is the first time the subject has been submitted to the Supreme Court for decision. The Harrisburg jitney cases have been fixed for argument in the Superior Court in the week of December 2. The Superior Court handed down the following orders: John C. Winston et al vs. Albert

H. Ladner Jr. et al, order to advance argument refused. Borough of Wilkensburg vs. Pittsburgh Railways Company, Township of Harbor Creek et al vs. Buffalo and Lake Erie Traction Company et al, City of McKeesport vs. Public Service Commission, and City of Pittsburgh vs. same, advance joint argument granted and cases listed for the week of December 2. Commonwealth of Pennsylvania vs. Bessie Todd, Quarter Sessions, Adams; nolo prosequi. Commonwealth of Pennsylvania vs. the Welsh Mountain Mining and Kaolin Manufacturing Company, Common Pleas, Dauphin; appeal from capital stock tax assessed by the Attorney General. Case ordered

### John H. Pomeroy Dies Following Operation; Was Scotland Printer

Chambersburg, Oct. 9.—Following an operation for abdominal trouble, John H. Pomeroy, for many years superintendent of printing at Scotland Industrial School and a brother of former Superintendent of Public Printing A. Newin Pomeroy, died in Chambersburg Hospital last night. He was a son of the late Major John

M. Pomeroy and had been identified with Franklin Repertory until about fifteen years ago, when he entered the service of the state at the Scotland school. Mr. Pomeroy was a member of Central Presbyterian Church. In late years he had devoted his attention to large peach and apple orchards in the Parnell Knob region and during the summer lived close to Edenville, where his father-in-law, L. L. Springer, operated as an extensive grower of fruit. During the war period he supervised the turning of hundreds of locust trees into opins for American ships. His widow and three daughters survive. Mr. Pomeroy was sixty years old and was one of the best-known citizens of this place, residing in Lincoln Way East.

### Ferdinand in Austria

Amsterdam, Oct. 9.—Former King Ferdinand of Bulgaria, accompanied by Prince Cyril, his second son; two Bulgarian generals and a large suite, has passed through Budapest to his estate at Erenthel, Lower Austria, says a Budapest dispatch to the Cologne Gazette.

### Railroads Smash Records Carrying Food Supplies

New York, Oct. 9.—Announcement that the eastern railroads have been smashing records during the last few days in the transportation of food for export and to supply the cities on the Atlantic seaboard was made here last night by A. H. Smith, regional director. His figures showed that 1318 cars of livestock and perishable freight moved east from Chicago yesterday as compared with 1,259 cars Saturday, the best previous showing. SMYRNA TO ASK PEACE Athens, Oct. 9.—Delegates from

the government of Smyrna, Turkey, are expected to reach Athens with an offer of peace to the Entente Allies.

### Advantages of Shorter Business Hours

In a speech before the Chamber of Commerce recently, Mr. Veliers, the housing expert, emphasized the fact that even the highest-priced mechanics in war times could seldom be induced to work over eight hours, even though exceptional inducements were offered. Mr. Veliers said it simply proved that there are other things in life greater than mere money. The men are not contented to work for money all the time. So with salespeople. There can be no sound reason why they should be expected to work from 8.30 or 9.00 A. M. to 9.00 or 10.00 P. M. on Saturdays. This makes practically a thirteen or fourteen-hour day in which they are obliged to be away from home. Closing our store Saturdays at six conserves the energies of our employees and gives them more time for the recreation we all crave. Many of our valued customers have voluntarily assured us of their co-operation by expressing intentions of doing their shopping during the daytime. We hope greater efficiency in service will repay them.

### A Dutch Kitchenette Is A Great Time Saver

A place for everything and everything in its place, is especially emphasized in the systematic arrangement of the Dutch Kitchenette. Every home should have one, as it saves hours each day, and avoids, the fuss and worry of looking for things out of place—that's what gets on the nerves. The Dutch Kitchenette has many decided advantages. Their popularity makes them a scarce article, as we cannot get enough from the factory to supply the demand. We received a partial shipment, but not half the number we should like to have had. If you wish one, make your selection as soon as possible. The Bowman Club Plan makes it possible to have one delivered on the payment of One Dollar. Convenient payments care for the balance. BOWMAN'S—Fifth Floor.

### Buy A Fireless Cooker The Domestic Science Kind

Conservation is the order of the day, and conservation of fuel especially. If it pays to conserve fuel for the sake of the war industries, it pays, to conserve for the sake of your pocketbook. The "Domestic Science" Fireless Cooker makes it possible to cook food better, with less worry and with less heat than by any other method. Permit us to demonstrate the reasons why. Ask about our Club Plan. It permits selecting your Cooker now and paying for it while you are having the use of it. BOWMAN'S—Fifth Floor.
