Newport, Pa., Oct. 14.—A fire which for a time threatened to spread beyond control of the local fire-fighting forces and caused the for a council to call upon the fressing room of the liquor cooling building of the Elk Tanning Company and completely destroyed the building, which is on the north side of frame construction. No one was in it when the first started. Seventy men usually are employed in the fort started. Seventy mated this morning. Besides a storage room for the tanning liquor used in the tanning of leather, it houses the carpenters' room and men's dressing room. The clothes estimated this morning. Besides a storage for many of the workmen were destroyed in the far.
The fire was started, it is thought, when a workman changing clothes troyed a lighted match or cigaret. The fore was kept under control by the local fire company of the recentling company was cancelled after the local companies got it under control.

As Spanish Influenza is an exaggerated form of Grio, LAXATIVE BROMO QUININE Tablets should be taken in larger doses than is prescribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE TABLETS in time.

11, 1 met avoung man, and we were much in love and became engaged, but a jealous friend broke it up. It nearly drove me out of my mind, as there has been no one else I cared for all these years. He never has given up the friendship, and does not seem to want to give it up. I have been out with him several times, but we have never become engaged again. Now he is in the service and writes to me, not love letters, but friendly ones, and I send him boxes of good things as though I were his mother. What do you think he intends to do? Does he care, or does he just want the friend-ship? I cannot love anyone else. Under the circumstances, would it not be all right for you to show him pretty plainly that you still care deeply? He may be going to France at any time, and I should make an I effort to have the situation cleared up before he sailed.
