If You Don't Need It, Advertise It and Sell It to Somebody Who Does!

Sell it to Somebody Who Does!

MANY of us are such creatures of habit that we store away something of use and value which is not immediately useful to us, on the theory that "sometime it may come in handy."

In these times, when useful things are in special demand, and the production of commodities is necessarily curtailed, there is a real market for USED ARTICLES.

What article of value are you storing away for possible—but not probable—future use?

Would it not be advisable to advertise it, and sell it for cash, to somebody to whom it would be immediately valuable?

You may not particularly "need" the money it would bring to you. But you could USE THAT MONEY to better advantage now than at any previous time of your life.

mankind.

Do you not feel that such an additional investment on your part—over and above the amount you can afford to expend out of your regular income—would be of real service to your country and your cause? For it IS "your cause" just as surely as this 18 your country!
