MIDDLETOWN

FOUR NEW CASES AT CAMP COLT

Gettysburg Board of Health Working Hard to Overcome Spanish Influenza Epidemic

Gettysburg, Pa., Oct. 14.—The local board of health is taking rigid steps to prevent, if possible, any spread of Spanish influenza throughout the town. While the conditions in the town are not yet alarming, all steps are being taken that would help to stay the disease in its course. Although almost two hundred cases are known to exist in town, only three deaths have as yet been reported. The disease has spread much more rapidly in some of the rural districts of the county than it has in town and this, together with the conditions at Camp Colt during the past two weeks, during which time one hundred and twenty-four of the boys died, has made the citizens use every precaution to prevent contagion.

The epidemic of influenza now sweeping through Pennsylvania has reached such alarming proportions and is increasing so rapidly that we feel it our duty to call public attention to the danger which threatens the entire Commonwealth, and to urge that all citizens, both men and women.

NO CASES AT LIVERPOOL Liverpool, Pa., Oct. 14.—At a special meeting of the local board of health, held at the local church on Sunday afternoon, it was decided to keep open the Red Cross meetings at the school house until further notice. As there are no cases of influenza in town the public schools were allowed to keep open. All Liberty Loan meetings at the school house were ordered cancelled by the board of health.

The best man was Frank Steyer, of Mechanicsburg. After congratulations, Mr. and Mrs. Guinivan left on a honeymoon trip for two weeks.

Misled on U-Boat War, Bernhard Now Says

Copenhagen.—George Bernhard, writing in the Berlin Vossische Zeitung, says that the submarine warfare would never have been proclaimed if the German people had not been deceived and misled. Discussing the peace steps taken at Washington in 1916 and 1917, the writer says: "If we had known that President Wilson had been continually requested to act as peace mediator and even that special conditions had been submitted, our action would have been different. Had we known that at the moment unrestricted submarine warfare was declared, the president Wilson had agreed to accept the role of mediator, the German people, in the great majority, would never have tolerated a policy which brought upon them the reputation of being double-tongued."

GIRLS' PANS AND WEAKNESS

Yield to Lydia E. Pinkham's Vegetable Compound. Thousands of Girls Benefited. St. Louis, Mo.—"When I was only fifteen years old mother had to put me to bed every month for two days because I suffered from pain. I also suffered from a weakness and a doctor told me he did not help me. Finally mother made me take Lydia E. Pinkham's Vegetable Compound and it has made me strong and healthy. So when mother or I hear any woman complaining we tell them about Lydia E. Pinkham's Vegetable Compound and what it did for me."—Mrs. JOHN FRAME, 1121 N. 18th St., St. Louis, Mo.

Girls who suffer as Mrs. Frame did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved more suffering among women than any other medicine.

Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves need more energy. Given the right kind of medicine, any tired-out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man. So says a student of the nervous system who advises all men and women who feel worn out and find it hard to get up ambition enough to get a regular job to get a package of Bio-feren at any drug store. This is the new discovery that pharmacists are recommending because it is not expensive and it gives out vigor and ambition into people who despair of ever amounting to anything in life. People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have regained their old-time confidence and energy in less than two weeks. No matter how worn out your nerves went back on you; no matter how run down, nervous or tired, out you are, get an original package of Bio-feren at once. Take two tablets after each meal and one after bedtime—seven a day for seven days—then one after each meal till all are gone. Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, determined men possess, your purchase money will be gladly returned. Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Sulfate; Ganga-nese Peptonate; East-Nu-Vom; Pleurosedin Gentian; Phenolphthalein; Cleared Cinnamon; Kola.

Avoid the "Flu"

Keep away from crowds. Don't expose yourself to contagion. Keep premises clean—disinfected and well ventilated—fresh air and sunshine are very essential. Sleep under plenty of cover. Keep the hot water bottle convenient. Avoid exposure to drafts, dampness and decided changes of temperature. Take good care of your general health. Insist on members of your family covering the nose and mouth when coughing or sneezing—if the symptoms are serious send at once for your physician. Leading health authorities say: The best preventive is the use of a good nose and throat antiseptic.
