Governor Urges That Trees Be Planted In Soldiers' Memory

Governor Brumbaugh in a pro-

Governor Brumbaugh in a proclamation issued to-day urges the people of Pennsylvania to observe the Fail Arbor Day, October 25, by the planting of trees in memory of the state's soldier dead. The proclamation follows:

"Upon the day, et aside as Autumn Arbor Day—namely upon Friday, October 25, 1918, it is most fitting to plant trees in memory of the heroic soldier dead of the state. The planting of trees is at all times a worthy service. When the tree is planted with appropriate ceremonies and given the name of a patriotic of the community whose life has gone out and up it is really the planting of a great purpose, a tangible evidence of our love and loyalty, an assertion that as the tree grows so shall the regard of the people grow, that the dead shall not die but live in the hearts of those that follow on.

The school authorities of our Capitol City as early as August 1, 1918 initiated this movement, now widely observed in many states. Let Pennsylvania not only have the distinction of beginning the movement, but let Pennsylvania lead all the rest in this wholly commendable service."
