Corp. C. A. Shoffner Dies

of Wounds Received From Bombs Dropped by Boche

CORP. C. A. SHOFFNER

Corporal C. Albert Shoffner, of West Fairview, of Boiling Springs, the former previously reported wounded in action in France, has since died of his wounds.

Details of Corporal Shoffner's death were contained in a letter received by Mrs. Margaret Murry, of West Fairview, grandmother of the soldier, yesterday, from Captain Robert A. McBlain, of Company A, One Hundred and Third Supply Train, in France.

The United States government was today asked to detail sanitary detachments from Army posts and stations to assist Pennsylvania physicians in fighting influenza in Allegheny, Cambria and Westmoreland counties.

Orders were issued today cancelling all football games at Pittsburgh, Allegheny College and Altoona and local organizations urged to secure use of high school buildings of the new type for use as emergency hospitals.

William H. Mullin, of Carlisle, was today appointed a justice of the peace.

UNSINKABLE SHIP SUNK BY U-BOAT

New York, Oct. 18.—The American Steamship Lucia, equipped with buoyancy boxes and supposed to be unsinkable, has been sunk, according to word received here today in shipping circles.

Until this morning, detectives here and at Gettysburg, gave credit to the story that the man and woman left Gettysburg with the murdered man when he started on the fatal trip to Harrisburg.

Urgent representations made to Senator Boies Penrose at Washington by Auditor General Charles A. Snyder and statements by W. J. Richards as to conditions in the anthracite coal field backed by statements made to high Army officers by Adjutant General Frank D. Beary last night brought about the issuance of the order by the War Department cancelling the movement of drafted men from Pennsylvania to Camp Greenleaf scheduled for next week.

General Snyder presented the situation in the anthracite county very forcibly, representing that there are many men ill and that drafted men would go from infected homes, while he said that coal production was being menaced.

ALLIED FORCES ON DVINA FALL BACK SIX MILES

Archangel, Northern European Russia, Oct. 19.—Allied forces on the Dvina have been withdrawn slightly more than six miles in the face of an attack by greatly superior forces, which had been reinforced from Petrograd and apparently commanded by competent officers.

At last reports, the Bolshevik reinforcements were reported advancing and the Allied forces were under a hail of shrapnel shells and "pom-poms." Occasionally a six-inch shell from a Bolshevik gunboat or a land battery would strike.

The positions abandoned by the Allies were held for a week against greatly superior forces. The Allies operating along the Dvina and Vega rivers have been handicapped by a fall of the water, which left boats stuck on sand bars and barred progress by snags at critical times.

One of the feats of the evacuation was the removal of the American wounded from a hospital in the zone of fire to hospital boats. The American doctor commanding the vessel three times slipped up the river in the darkness through the zone of fire before he succeeded in getting the wounded away. The first time the land forces were unable to remove the wounded over the rough and muddy ground and down a cliff to the ambulance was the second attempt the boat remained all night at a point agreed upon, but the stretcher bearers were unable to move down the stream, at dawn in order to escape the Bolshevik shells. The third attempt was successful before dawn and the wounded were carried so quickly that the enemy did not fire a single shell during the operation.

It is believed the Bolsheviks are concentrating their efforts on an attempt to drive the Russian and Allied troops from the Dvina before ice closes the river.

Quarantine to Close All Stores

Work of the nurses and aids at the hospital is worthy of much commendation as the success of the health bureau in handling the cases sent there, was brought about by their splendid co-operation.

It is estimated that about 350 new cases of influenza have been reported since the beginning of the epidemic. Health officials said the situation is well under control and that the number of new cases will be a drop in the number of new cases.

The arrangement to furnish high prices for medicinal purposes and any person attempting to get any of it for medicinal purposes will be given to one person and no prescriptions will be refilled.

More Nurses Needed

DRAFT MOVEMENT IS POSTPONED BY EPIDEMIC OF GRIP

Quotas to Have Entrained Next Week to Remain at Home

All quotas from Harrisburg and Dauphin county, which were ordered to entrain during next week for training camps, were notified today that the movement has been postponed for an indefinite period.

Major W. G. Murelock, state draft board, was notified in a telegram from Washington that all movements of drafted men from Pennsylvania have been postponed until further notice.

The effect of the telegram was to cancel all arrangements for starting the movement of 6,740 drafted white men to Camp Greenleaf, Ga., next week. The movement was to cover the five-day period beginning Monday, August-two men from the county and seventy from the city, with the exception of the quota of 150 men to be started within a few days.

The classification of men between the ages of 19 and 36, not including 21 to 31, is practically completed, with the exception of a few deferred claims that remain to be considered. When the men leave in the next quota, the boards will have reached the point where the men of the latest registration will be next in line for service.

David R. Elder, Dead at 84

and his brother, John were Joshua and Eleanor Shearer Elder, and all his life John Elder has lived at the old homestead engaged in farming, while David was associated with the Pennsylvania railroad, and also served as underkeeper at the jail from 1880-86.

Save Coal

10,000 Harrisburg Families can save a shovelful of coal each, every day. Uncle Sam needs the savings.

When Were You Born

With a family record the answer is always forthcoming. Isn't it a pleasure to be able to consult an accurately compiled record, neatly printed in clear type, with suitable headlines and subdivisions, and tell your inquirer at a glance where either yourself or any of your family had their birthplace. Get the information together and have us print it for you—print it in a way that will please you and be an evidence of your good taste.

THE ELECTRIC MURDER CASE

New Figure Enters Automobile Case; Robbery Motive Advanced

A new element of mystery has entered into the murder of George J. Bushman, well-to-do Gettysburg garage man, whose body was found along the river bank at Lucknow this morning with two bullet wounds in it.

Until this morning, detectives here and at Gettysburg, gave credit to the story that the man and woman left Gettysburg with the murdered man when he started on the fatal trip to Harrisburg.

Urgent representations made to Senator Boies Penrose at Washington by Auditor General Charles A. Snyder and statements by W. J.
