### FIGURES POUR IN **SHOWING LOAN TO** BE OVER THE TOP Number of Bonds Purchased in Drive Thought to Be 30,000,000

By Associated Press

Washington, Oct. 21.—Estimates and figures showing the success of the Fourth Liberty Loan poured into the Treasury to-day, indicating that there were about 25,000,000 subscribers during the campaign which closed Saturday night and that the six billion-dollar goal was passed by several hundred millions, All orders for coupon bonds are being filled immediately and plenty of registered bonds will be ready as fast as requisitions for them, accompanied by the necessary information concerning the individual owners, reach the Treasury.

Thirteen hundred clerks were at work to-day examining, counting and shipping bonds as fast as they came from the bureau of engraving nd printing. They were received in huge bundles, carefully wrapped and sealed, and went to the federal re-serve banks in much the same form. Although the exact number of bonds sold will not be known for many weeks, officials estimate that it exceeds thirty million. In the Third Loan slightly less than 25,000 were bought.
