SOLDIER SENDS SOUVENIR HOME

Lieut. Clyde L. Bream Finds Dead German With Prayer Book Open in His Lap

Gettysburg, Pa., Oct. 22.—F. Mark Bream, one of Gettysburg's letter carriers, has received a souvenir from his son, Clyde L. Bream, who is in France, that the young soldier prizes so much that he sent it to his father for safe keeping, fearing that he might lose it during his move from place to place in France.

AMERICAN WOMEN LEAD THE WORLD

They Have Beauty, Health and Brains

"A really beautiful woman is always a healthy woman," remarked one of our noted beauty specialists, "for true beauty comes from the blood and strong, steady nerves. Rich, red blood, the fountain of life and youth, shows itself in a clear, rosy skin, solid flesh, fine form and a keen bright mind. Red blooded women, with strong nervous vitality, are sought after by men; they are the hope and leaders of the world. American women lead the world in health, beauty and intelligence, and their number is increasing. They have learned the value of Iron and Phosphates in keeping their in perfect condition. The number of weak, pale, fagged out, run down and nervous women is bound to decrease rapidly, once the power of Phosphated Iron becomes more generally known," said a leading doctor. "There is not a reason in the world why women should not be strong, happy and a joy to look upon when the remedy is at hand. Phosphated Iron has accomplished wonders with my patients. It has restored health, vitality, strong nerves and happiness to whole families. It's the healthy, red, iron blooded, strong, phosphated, red, iron and women that enjoy life and lead in every work. Think it over! To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules so no one can allow dealers to substitute pills or tablets. Insist on capsules. G. A. United States Infantry, enlisting while that regiment was stationed here last summer. During the evening of the second day of the battle of the Marne, Sergeant Bream was crawling up to the front to have an interview with his commanding officer concerning the getting of supplies for the men, as well as a hot meal for the boys. Passing numerous large shell holes on the way in one of them he saw a dead German soldier in a sitting position with his back against the side of the hole. It was apparent that the man had been wounded and crawled into the hole for protection, and while there got out his German Catholic prayerbook and was reading the prayers when death came to him, the open book lying in his lap when Sergeant Bream saw him.

The American soldier took the book and it is this that he considers one of his most valued prizes and which he sent to his father. The book is a small sized one, sanctioned by the German Catholic Church, and flanked in blue tawny, in the morning prayers, evening prayers, prayers for victory, prayers before and after battle, prayers for victors, prayers for the dead and the wounded and sick, prayers for the lords, and prayers for the rulers of the country. A letter received to-day conveys the information that Sergeant Bream has been commissioned a lieutenant.

A Slight Chest Cold Often Leads to Deadly Pneumonia

When you catch cold during this epidemic don't take any chances. Influenza starts with a cold, so send for your doctor at once. In the meantime protect your throat and chest and ward off infection by using Mustarine. Rubbing Mustarine on the throat and chest stops all aches and pains quicker than anything you can buy. Tens of thousands use it for sore throat, chest colds, pleurisy, tonsillitis and bronchitis—it's wonderful.

United States Army Officer in Charge of Relief Work Sends Out Warning

Lykens, Pa., Oct. 22.—The United States Army Medical Corps is doing splendid work at the Lykens emergency Hospital and authorities say the town has the best-equipped hospital in the state. On account of wrong impressions and the circulation of erroneous reports, Lieutenant Colonel Watson A. Lawrence of the United States Army Medical Corps, who is in charge of the work in this district, with headquarters at Pottsville, requests the publication of the following statement:

Thirteen Influenza Victims Admitted to Hbg. Hospital

Thirteen patients were admitted to the Harrisburg Hospital suffering from Spanish influenza yesterday. Three deaths occurred. The average for each day is decreasing steadily, hospital authorities say.

Only One Report

Only one physician made a report to the health bureau to-day, stating he had treated only eight new cases of influenza in the last three days. Officials believe now that most of the new cases will develop in families in which members have already been ill, and that others will contract the disease by contact unless every precaution is followed in preventing a spread of the germs.

Health Bulletin Suggestions to Ward Off Grip and Pneumonia Danger

Keep away from people who sneeze or cough. Keep in the open air as much as possible. Avoid crowds. Don't let yourself get run-down. People who are weak and whose vitality is low are the earliest victims. Keep your resisting power at its best by taking a pure food body-builder such as Father John's Medicine, which is a safe preventive of pneumonia.

A simple cold is a danger signal. Treat it promptly with Father John's Medicine which has had more than sixty years of success for coughs and colds. Remember that the gentle laxative effect of Father John's Medicine drives out impurities at the same time its food elements build strength to ward off disease. Guaranteed free from alcohol or dangerous drugs Father John's Medicine is a doctor's prescription. Begin taking it today.

Among contributions was the gift of \$25 from Dr. Ellis N. Kremer, pastor of Reformed Salem Church in memory of his son, Ellis N. Kremer, Jr. A number of gifts from anonymous contributors were received. Prominent among the contributions was that of the St. Vincent de Paul Society of St. Mary's Catholic Church. The society has given \$25 and it is hoped the lead of this organization will be followed by others. A plea has been made to charitable organizations of the city as well as church and civic societies to join with the Red Cross in raising the money.

The goal is \$2500. The subscriptions may be paid in monthly installments if it is desired. The money will be used for the support of children made destitute by the recent influenza epidemic. Contributors may be made at local Red Cross headquarters in the basement of the Public Library.
