QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—a headache—a torpid liver—are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Official Casualty List Confirms Wounding of Two Harrisburg Boys

Reported in to-day's casualty list as being severely wounded while a letter he wrote his wife dated September 24 saying that he was recovering in a base hospital from the effects of a gas attack on August 1, the physical status of Private Harry James Shimp, husband of Mrs. Mary C. Shimp, of 612 Church street, remains somewhat in doubt...

Wounded or gassed, Private Shimp belongs to Company D, 112th Regiment, John H. Paul, had been wounded, degree undetermined. Though Paul lives in New Kingston, Cumberland county, Mrs. Smith was given as the soldier's nearest relative.

Mrs. Sarah Calvert of West Fairview, has received a wire from the War Department stating that her son, Private Silas Franklin Calvert, November 16. He has issued an appeal to all the clubs to take part. The trophy will be called the Victory medal and will bear a likeness of General Foch, who is an ardent golf enthusiast.

Eugene Grace, president of the Bethlehem Steel Company, sent word that he would pay the expenses of a tour of the country for its golf champions and the Belgians who have been asked to come here.

Walter Camp Now in West to Start Mighty Sports Campaign

Walter Camp, Yale's former athletic head, now athletic director of the United States Navy Commission on Training Camp Activities, has gone west to assist in organizing the campaign in the Northwest for the \$170,000,000 which it is proposed to raise in the November War Work Drive...

Mr. Camp is a firm believer in using athletics for patriotic purposes. He believes that the great Northwest furnishes one of the most fertile fields in America in which to develop the idea and he will spend several days in organizing the movement by using the athletic resources of the country...

Conferences are planned with athletic officials at Detroit and Chicago, representing universities, amateur athletic clubs, professional sports organizers and Navy officials, relative to organizing the athletic program for the week of November 11-17. Mr. Camp will appear at Northwest athletic leaders for general support of the plan and will indicate details of the organization of any kind.

Early Christmas Shopping Necessary This Season

With shorter shopping hours than ever before, merchants are urging the public to begin its Christmas preparation at once. Such an appeal was just made some time ago, but while buying in general is large, Christmas shopping is not as brisk as it might be.

Merchants say that a considerable number of persons are showing forethought by making the most of their leisure hours now, but the great bulk of these purchases were for the boys "over there." The articles have already been written in respect to organizing the athletic program for the week of November 11-17.

All England Opposes German Peace Terms

London, Oct. 23.—All England, with the exception of the few professional pacifists who have wanted peace at any price ever since the war began, regards as unsatisfactory the German reply to President Wilson's note.

Lord Northcliffe, in his newspaper, the Evening News, declares the reply unsatisfactory in every respect and merely designed to draw the Allies into negotiations, if not controversy. He says Germany must get out of Alsace-Lorraine before peace can be considered.

Six Big Elevens to Play For War Fund

New York, Oct. 22.—During the united war work campaign next week, six big elevens will be engaged in various war work activities, sports will be relinquished to furnish large contributions.

William R. Roper told the General Sports Committee yesterday that three football games will be played at the Polo Grounds on November 16 and 22, instead of one game. He said that the plans of the committee were nebulous and the letters in every respect to five hundred colleges, asking them to get into the drive.

Cornelius J. Sullivan announced that John D. Rockefeller, Sr., had donated 1200 medals to be played for in golf competitions at clubs the country over on Saturday, November 16. He has issued an appeal to all the clubs to take part. The trophy will be called the Victory medal and will bear a likeness of General Foch, who is an ardent golf enthusiast.

Of the three big colleges, Princeton, Yale and Harvard, Harvard was the last to face the Red and Blue, on Franklin Field. This was in 1904, when Stevenson, the great Penn quarterback, had a run in with a wearer of the Crimson, causing so much unpleasantness that future football games between Harvard and Penn were never scheduled.

WILSON'S ANSWER TO BE GUIDED BY ALLIED COUNCIL

Official Text of Peace Plea Is Now in President's Hands

Washington, Oct. 23.—Although no intimation has been given as to the course President Wilson will follow in regard to the new German note, there is a growing feeling here that he will be guided largely by the decision of the supreme council at Versailles, as the paramount issue is a military one, involving withdrawal of the Teutonic armies from France and Belgium.

The official text of the German reply reached yesterday by the Swiss legation, together with the English translation prepared by Frederick Oederlin, the Swiss charge, was delivered today to Secretary Lansing. The official translation was expected to clear up rather vague phrases referring to an armistice contained in the unofficial version.

In Washington there still is a difference of opinion as to whether the German note will draw an answer from the President. Those contenting that it would point to the fact that Mr. Wilson had characterized his reply to the first note as a "decision," meaning that there could be no further discussion of the issues involved.

In the general view, the only immediate question is whether the Germans desire peace to the extent of admitting a military defeat, counting on the fertile fields in America in which to develop the idea and he will spend several days in organizing the movement by using the athletic resources of the country.

Nothing short of such an admission, which would leave the details of an armistice to the Allied command, was regarded as acceptable.

Liberal German Papers Demand Kaiser Get Out

Amsterdam, Oct. 23.—The liberal newspapers of Germany are demanding the abdication of the Kaiser and some of them go so far as to threaten him and the other German rulers guilty of precipitating the war.

The Frankische Tageblatt, of Nuremberg, a Socialist newspaper of the milder sort, says: "William II. should otherwise before history, had he, like Charles V, renounced his power instead of being forced to lay down his crown and marshal's staff and enter private life at President Wilson's behest."

"Had he sacrificed himself for the people and better peace conditions, the Kaiser would have left the throne with his opponents, even the Social Democrats, gratitude."

"It is the misfortune of kings that they refuse to hear the truth, though Social Democrats are perished telling them. The war against foreign enemies being lost, now the enemies of our peoples' free development should be deprived of power."

EAGER TO GO BACK TO U. S. FRONT LINES

"I want to go back to the front where the shooting is," "Home Sweet Home!" exclaims Dan B. Fortney, of West Fairview, in a letter to his parents, Mr. and Mrs. George W. F. Fortney, who is now in hospital recovering from wounds but his letter tells that he is mighty anxious to get his second wind and slam the Hun.

Horses Arriving Now For the Great Show at Madison Square Garden

Coming from Pride Crossing, Mass., twenty-eight horses entered by Judge William H. Moore in the National Horse Show beginning November 11 at Madison Square Garden, arrived in New York yesterday and were taken to his private stable in West Fifty-eighth street. This is the first string of show horses to reach New York for the coming exhibition at the Garden, and from now on shipments from Canada and the West will be coming in at frequent intervals.

Included in the string were the four gray coach horses, Lord Gray, Lady Gray, Toronto and General, that have won two legs on the Alfred G. Vanderbilt Memorial Gold Challenge Cup for road four-hand teams, and that will compete against the new team of J. Campbell Thompson, who won the first competition for the gold cup in 1915.

Will be one of Judge Moore's principal competitors. He has assembled a brand new team made up of gigantic gray hunters, the wheelers standing 16 1/2 hands high and the leaders 16 hands. Every horse in the team has either followed the hounds or won prizes over the jumps in the show ring.

It is said they can trot a 5-minute mile and can gallop a mile in 1:30. The team has been coached by Judge Moore and Mr. Thompson, who had entries in the annual competition for the Vanderbilt Cup every year since it was first offered. When Mr. Thompson defeated Judge Moore in the first contest the latter immediately set to work to assemble a new team and at the National Horse Show of 1916 his new famous grays turned the tables on the winners of the previous year. It was then that the competition caused him to cancel his entries, and Judge Moore's team had a walkover. The latter now has two legs on the trophy and another victory would make it his permanent property.
