See Difference Between Corn and Field-Fed Hogs

From the amount of enthusiasm and interest shown by the farmers of Dauphin county who participated in the farm tour of the upper end of the county yesterday to study improved pig raising, it is certain that the appeal of the United States Food Administration for increased hog production in Dauphin county will be fruitful in no small degree.

RHEUMATISM---THE INVADER S. S. S. ITS CONQUEROR

Meet Rheumatic Attack With Famous Remedy.

Be assured your Rheumatism will master you unless you conquer it. This disease, beginning its attack slowly and with little notice from its victim, gradually increases in violence until the whole system is involved. The patient often becomes a wreck or a cripple. It attacks in various forms,—Arthritic, Muscular, and Inflammatory. No part of the system is immune to its influence. The pains attack every portion of the body, and when the disease gets a firm hold upon the system, the patient becomes helpless.

But the origin of this most painful of all diseases is in the blood, and no amount of external treatment can overcome the trouble. Rubbing with liniments and ointments may suffice temporarily in allaying the pains, but the trouble is deep in the muscles, joints and ligaments, and can be driven from the system only through the use of a medicine that will attack the disease in all parts of the body, and that is what S. S. S. does.

S. S. S. being purely vegetable, and containing not one particle of mineral, is most welcome to the stomach of the Rheumatic sufferer who has long been dosed with ineffectual remedies, and who as a consequence, has become greatly weakened. S. S. S. retains its medicinal effect throughout the entire course of the blood stream, and will drive from the system every particle of those poisonous acids and waste materials which have caused the disease and produced its dangerous symptoms. Hundreds of people have written us of their experience with bad cases of Rheumatism, and how they have found relief from the use of S. S. S. For fifty years this remedy has been on the market, and to-day it is bringing relief to thousands of Rheumatic sufferers.

Why should you continue to suffer from this disease when the remedy is available? Do not delay purifying your blood and getting rid of your pains. Go to your nearest drug store, get a bottle of S. S. S. Start a course of treatment that will bring real relief, and begin your counter-attack NOW against insidious and pain dealing Rheumatism.

For a free booklet on Rheumatism and its treatment, write our Medical Department, explaining fully about your own case and our own Chief Medical Adviser will give you absolute free many helpful suggestions as to diet and proper treatment. mal husbandry at State College, also addressed the farmers. The address followed the dinner at Hiram Yeager's farm, one mile east of Halifax. Good old-fashioned cider, made the day before, was not the least of the attractions at dinner.

The farmers gathered at the farm of Howard Speer, near Speeceville. There two hogs were on display, one which had been grain fed, and weighed 235 pounds, at an expense of \$25.60. The other was turned loose in a pasture and in the same length of time, weighed 264, at an expense of \$11.20. One hundred and sixty days was the length of time required to fatten the hogs.

Wilkes-Barre Liquor Men Openly Defy Ban

Wilkes-Barre, Pa., Oct. 23.—Every liquor store in this city was thrown wide open yesterday morning to fill all orders backed by the prescription of a physician. In defiance of the closing order of State Commissioner of Health Royer, the liquor dealers declared they were acting under an interpretation of the legal status and would submit to arrest for the sake of testing their right to do business.

Widow Preferred to Meet Death at Home

"For many years I suffered from stomach trouble. All the doctors I tried helped me but little. All said I would have to go to hospital and be operated on for gallstones or I would not live much longer. I told them I preferred to meet death at home. One day I picked up an advertisement of Mayr's Wonderful Remedy and since taking a course of it more than a year ago have not had a single pain in my stomach, have good appetite and can eat anything. It is a simple, harmless preparation that removes the curable mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. George A. Gorgas, H. C. Kennedy, Clark's two Drug Stores and druggists everywhere.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh. Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags," and pessimists we should see a little optimistic group of rosy-cheeked people everywhere. An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentable poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

RECEIVING WAR CROSS

The patriotic spirit and devotion with which American women have so far performed war service so work and made sacrifices has never been equaled in the history of any country.

Philadelphia, Pa.—"I was in a miserable condition. I had pains all over my body and would have hot flashes and dizzy spells. The doctors' medicines gave me so little relief that I started to take the 'Favorite Prescription' which my sister had taken with excellent results. In a very short while my pains left me and I was feeling well and strong. I feel exceedingly grateful for what Dr. Pierce's Favorite Prescription has done for me, and I recommend it to other women at the critical times of life."—Mrs. Emma Grimes, 3044 Archer St.
