

DILLSBURG GIRL KILLED BY SHOT

Pauline Gerber Victim of Distinguishing Accident at Home of Uncle at Lemoyne

Dillsburg, Pa., Oct. 25.—Funeral services of Pauline Gerber, aged six years, daughter of Mr. and Mrs. Ray Gerber, of Dillsburg and Mechanicburg Junction, were held this afternoon and burial was made in the Dillsburg Cemetery.

Pauline's mother has been suffering from an attack of influenza and the child had been staying at the home of her uncle, Alvin Bushy, at Lemoyne.

Be Prepared For Grippe-Influenza

Advice Calling a Physician, But Take Precautions While Waiting

If you ever suspect that you have influenza get in touch with your doctor and do what you can for yourself before he arrives.

Take something for your bowels at once. A good vegetable laxative, such as Dr. Carter's K. & B. Tea or Celery King is best—and be sure and rub Mustarine on your throat and chest.

Mustarine is better than any mustard plaster, it will not blister and it has proven of great value in sore throats, colds, bronchitis, tonsillitis and pleurisy. Just rub it on that's all.

STOPS PAIN MUSTARINE CANNOT BLISTER

CELERY KING A LAXATIVE TEA

If You Suffer From Constipation, Upset Stomach or Inactive Liver, Give Celery King a Trial, if You Want Genuine Relief and Want It Quick.

It's a purely vegetable remedy, mild and effective that drives impurities from the bowels and makes you feel better right away.

Use it for sick headache! to give you a sweet breath, clear skin and healthy appetite.

SOLDIERS GETS FOUR PRISONERS

Gettysburg Boy Writes That He Said Prayers When Bullet Hits His Steel Helmet

Gettysburg, Pa., Oct. 25.—Francis E. Miller, one of the three sons of Mr. and Mrs. Pius A. Miller, who is in the service with the country, is surely doing the work for which he was sent across the sea to France.

The young soldier was in camp only three weeks when he was sent across with a bunch of Camp Meade boys, and his folks have just received a letter from him relating some of his personal experiences while being at the front for sixty-five days with his regiment.

He is confident that his trusty rifle brought down at least four Germans, one of them a lieutenant, and in addition he captured four prisoners. While all this was going on he says "I am one of the luckiest boys 'n' the line, I can say without fear of contradiction. A bullet hit my steel helmet and dinged it, but I got only a black eye. Believe me, I said my prayers when this happened. In fact I say my prayers every day that the good Lord will spare me."

The letter had its touch of sadness as he speaks of his best friend, Charles Cool, of Fairfield, being shot down at his side. Other information received states that Cool was wounded, degree undetermined.

FOE'S LINE IS BROKEN IN BATTLE

[Continued from First Page.] canal in the region of Longchamps have repulsed two German attempts to drive them back across the canal.

Along the Serre and Souche rivers the French yesterday resumed their pressure, after having thrown back enemy efforts south of Montcornet.

In the region east of the Oise the French as reported to have penetrated Villers-le-Sec and surrounded La Ferte, northeast.

East of Rethel the French have made an important advance across the Ardennes canal, gaining the villages of Ambly and Flourey. At Ambly the French are only three miles south of the railroad junction at Amagne, the gaining of which would compel the Germans to withdraw from Rethel and the line of the Aisne in that region.

EPIDEMIC'S GRIP ON CITY SLOWLY BEING LOOSENED

Fewer Victims Being Admitted to Hospitals; Death Rate Lower

Dr. J. M. J. Raunick, city health officer, will probably be requested within the next twenty-four hours to prepare a written report on the influenza epidemic situation in Harrisburg, so that it may be presented in Council on Tuesday.

At a meeting this morning suggested by Mayor Keister that he and Commissioner Hassler communicate with Dr. Raunick making the request.

The city officials declared they are willing to do everything possible to have every precaution observed, and that to determine what action should be taken a report would be necessary.

There are only forty-five cases at the Emergency Hospital, Fifth and Seneca streets, to-day. One patient has been discharged. Since late yesterday afternoon twenty burial certificates have been issued by the local health officer.

There were eighteen deaths from influenza and five from pneumonia reported. Slowly but surely the influenza epidemic is losing its grip in Harrisburg as daily the number of new cases decreases, health officers said to-day.

The situation is improving steadily and yesterday only ten patients were admitted to the Emergency Hospital and eight to the Harrisburg Hospital.

Sixty-one patients are now being treated at the Emergency Hospital, Fifth and Seneca streets. One death occurred there late yesterday. In the children's ward there are twenty-six babies now.

Dr. Raunick, city health officer, has again issued a warning to persons recovering from influenza, urging them to take every precaution before venturing out doors or resuming work.

A number of persons who have not heeded this warning from physicians, contracted pneumonia, which in others are in a critical condition now for the same reason. In discussing this phase of the epidemic situation Dr. Raunick said the number of deaths may continue to reach a high total unless precautions are taken by those who are recovering from mild attacks of influenza.

Coal Region Hard Hit

The noon bulletin of the State Department of Health reports an increase in influenza cases in the soft coal region and in Shenandoah and Pittsburgh with great need for nurses reported from Lackawanna and Luzerne counties. Since the outbreak of the epidemic, which has caused 2,400 deaths in Schuylkill and Northumberland counties. Conditions are reported as improving in Chester and other eastern cities.

Four officers of the public health service were to-day given orders from Washington to report for duty in this state and two will go to Westmoreland county and two to Cambria, while five additional officers will probably be in the Pittsburgh district by tomorrow. Efforts to obtain physicians from Ohio to aid in western counties are under way.

Acting Commissioner Royer to-day renewed his appeal for nurses to care for convalescent cases, sent forth in grave danger by attend persons getting out of bed too soon.

Notices that the State Capitol is closed to visitors were placed at all entrances to-day and no meetings will be held here next week.

Six more deaths from Spanish influenza were reported at the Harrisburg Hospital this morning. Eight patients were admitted for treatment. The deaths are: John Zupanic, 225 Russell avenue, Middletown. He died yesterday morning. He was an employee of the Middletown car shops.

George Tadosewicz, 245 Myers street, Steelton, died at 8 o'clock last night. John Lingie, aged 26 years, 917 North Sixth street, died at 7.20 last night. Mike Steubel, 645 South Third street, Steelton, died at 2.55 this morning.

Theodore Bowers, 622 North street, died at 5.45 this morning. Mrs. Martha Miller, aged 39, West Fairview, died at 6.45 this morning. Miss Katharine Naughton, the assistant superintendent, is reported to be improving.

Washington, Oct. 25.—Further subsidence of the influenza epidemic over the country was indicated in reports received yesterday by the Public Health Service from forty-four states. The situation still is serious in many localities, however, and more particularly in the larger cities.

There was practically no change to-day in Army camps, 2,772 new cases being reported, a decrease of one from yesterday's total. Pneumonia cases decreased from 742 yesterday to 697 to-day, and deaths were 307 against 327 the day before. The total of influenza cases reported now is 298,275; pneumonia cases, 48,328, and deaths, 16,174.

MUTINOUS CROATS SEIZE FIUME CITY

By Associated Press. Fiume, Oct. 25.—It was announced in the lower chamber of the Hungarian parliament yesterday that the Croatian soldiers of the Seventy-ninth Regiment at Fiume had revolted, seized the city and destroyed the railroad there.

Count Apponyi, Count Andrássy and the opposition deputies thereupon demanded the resignation of the ministry, according to Budapest advices received here.

Dr. Wekerle, the premier, declared in view of the increasing difficulties of the situation, he would propose to the king a coalition ministry.

Moffitt Residence Offered as Convalescent Home to City's Busy Nurses

Solution of the problem as to how to give adequate and deserved care to Red Cross and State Department nurses, as well as other volunteer nurses who have been stricken with influenza while combating the disease of others and whose convalescent condition does not permit their resumption of duties just now, seemed in sight to-day when it became known that the Moffitt Estate had tendered the use of the big Moffitt home on North Front street near Hamilton, as an emergency convalescent hospital for the care of these cases.

The commendable offer turning over the Moffitt house to "flu" victims among the nursing fraternity who are no longer fit enough for a hospital care, came jointly yesterday to William Jennings, chairman of the County Public Safety Committee and Red Cross officials here.

It was said to-day by Red Cross officials, that if the latter are successful in gathering a sufficient corps of helpers and assistants necessary to maintain the emergency establishment, they will accept the offer and move into the big house.

Six Red Cross and state nurses are at present in city hospitals convalescing from the disease. BIRTH ANNOUNCEMENT. Enola, Pa., Oct. 25.—Mr. and Mrs. Harry C. Bailey, of Youngstown, announce the birth of a daughter, Sunday, October 20.

MAKE CONGRESS REPUBLICAN, IS CRY

[Continued from First Page.] that the Republicans in Congress have been the ministry of the administration and have made possible the enactment of the eight most important war measures so far placed upon the statute books.

Keystone Delegation's Record. And in this Pennsylvania's delegation has played a very important role. There are very few delegations with better records on the eight important measures than Pennsylvania's, and those that can boast of such achievements are likewise Republicans. Not only do the eight Republican members who desire to return certain of being elected, but even those candidates before the people for the first time are sure of their solid party strength.

Pennsylvania's part in winning the war has proven a very important factor in the Congressional campaigns.
