RELIGIOUS ACTIVITIES The Rev. Floyd W. Tomkins, D. D., pastor of the Episcopal Church, Phila-delphia, chairman of the Committee on Evangelism 'of the World's Sun-day-School Association, reports a Sunday school decision meeting in Chili in which 90 young people lecid-ed for Christ, and many other noble results of Sunday school evangelism.

results of Sunday school evangeliam. "The Church in the House" method is a kindly suggestion in the present distress and "closed" churches, as in apostolic times, can be restored. The Rev. G. W. Enders, D. D., pastor of the Christ Evangelical Church, York, says "Erect again the family altar, and at the usual hours of divine wor-ship gather the family for family worship with the Word-praise and prayer-on Sunday, October 27th. There should be intercessory prayer for our country, the president of the United States, our sons and brothers in the army and navy. Pray for speedy victory and truth, tighteous-ness and peace."

The system each morning and flush ing out the whole of the internal poisonous stagnant matter. Every one, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of lime-stone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigest-ble waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully in-vigorating. It cleans out all the sour fermentations, gases, waste and acid-ity and gives one a splendid appe-tile for breakfast. While you arc enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thor-ough flushing of all the inside or-gans.
