"When a Girl Marries"

By ANN LESLIE

A New, Romantic Serial Dealing With the Absorbing Problems of a Girl Wife

CHAPTER XXXVIII
Copyright, 1918, by King Features Syndicate, Inc.

Jim's working day begins at 8, and the cap factory lies across the river. So I had to get up at 6 this morning. I woke Jim half an hour later. But Neal, whose job didn't summon him till 9, I permitted to sleep until Jim was almost ready for breakfast, then I hurried my brother off to the bathroom to wash and shave, and tried to tidy up his room a bit before I served Jim's breakfast on the refectory table.

Jim had small appetite for his coffee. I didn't blame him. Over on the window sill lay Neal's collar and tie. His blue serge coat was draped across the back of a chair and his hat hung crazily on a branch of one of the Italian torchers. The room had an air of having been slept in. It was from this tardy setting that Jim limped off to his day's work.

An hour later I saw Neal start jauntily away. And then I grimly set the place in order.

Scarcely had I finished when Evvy arrived. While I dressed she perched cozily on my bed and began to chat about "that scold of a Bryce woman," and "handsome Captain Winston," and "poor, wicked Pat Dalton." There I stopped her. I didn't want to learn anything about the husband of Jim's sister, Virginia, from Evvy.

Evvy flitted from the subject good-naturedly.

"Put on the cunning little dress you wore yesterday," she said. "It's so becoming."

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderine at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.

An Easy Way to Remove Grease Spots

VERY simple, inexpensive and sure way to remove grease spots from coat collars, garments and fabrics of any kind is to make a paste of

by dissolving one cup of Soap Chips in two cups of boiling water. Apply after paste hardens with a soft cloth and sponge off with cold water. Will leave no "rings" because the Borax in the Chips dissolves all the grease.

"It's the Borax with the Soap that does the work"

Advice to the Lovelorn

BY BEATRICE FAIRFAX

RETURN OF FRIENDSHIP RING
DEAR MISS FAIRFAX: I have been going regularly for over a year with a young man whose company I enjoy very much, and I don't love him well enough to think seriously of our friendship, though he showed his love for me.

Through some argument we have broken our relations and I doubt whether we will ever be friends again. He has given me a diamond ring (not an engagement ring) and I am in doubt whether I should return it.

K. S.

I think you ought not to retain a gift of that nature if your friendship is broken. Why not return the ring with a note?

Wishes to Become Acquainted

DEAR MISS FAIRFAX: I am very fond of a girl who lives across the street from me, and her appearance seems very sweet and attractive. I do not know if I love her such that I should like to meet her. Please tell me how I can do so, as I do not know any of her friends.

I don't want, either, to raise any false hopes.

J. A.

There is no way of becoming acquainted with a well brought-up young girl except through an introduction by one of her friends or yours. As raising false hopes aren't you anticipating things a little?

Shall She Congratulate Him?

DEAR MISS FAIRFAX: I would appreciate an immediate answer to my question, as the young man is going across shortly. I knew him a few years ago before he enlisted in the Navy, and now I hear he has been promoted to be an ensign. Would it be proper for me to act as if nothing had happened and see if this will bring about any explanation of his curious conduct.

CONSTANT READER.

By all means, write him a nice letter and congratulate him on his promotion.

Thirty Patients Treated at Millersburg Hospital

MILLERSBURG, Pa., Oct. 26.—Patients at the Emergency Hospital are said to be rapidly improving excepting several pneumonia cases which remain about the same. There were more than thirty patients at that institution this week, but a number of them have already been discharged as cured. The two United States Army surgeons who had charge of the hospital since its opening, were suddenly called back to their posts Wednesday expecting to leave soon with their regiments for France. Efforts were at once begun by the board of health to secure other surgeons to take their places. Many of the 250 cases in Millersburg are now convalescing and fewer new cases are being reported each day. Dr. D. E. Hottelstein, who was housed up with several broken ribs, the result of an automobile accident, is rapidly improving. On account of the illness of several of the carrier force of the Millersburg Postoffice last week, the postmaster and clerks in the office took turns in delivering the mail.
