"Campaign workers in the Central Pennsylvania counties comprising the Sixth Pennsylvania District should strive for from thirty to fifty per cent more than their quotas," declared E. J. Stackpole, chairman of the district.

London, Oct. 31.—The German military party, says the Evening News, "despite the defection of the German allies, hopes by a policy of sham democracy to prevail upon President Wilson to secede from the Entente Allies."

"The German minister here (Heine) is supporting the plan, and emissaries from Berlin in Switzerland are trying to get into personal contact with President Wilson through messages."

London, Oct. 31.—General Groener, the Prussian war minister, after an audience with the Emperor, has gone to German headquarters as the successor to General Ludendorff, who resigned several days ago, according to a Central News dispatch from Copenhagen.

BEAUTY SPECIALIST TELLS SECRET
A Beauty Specialist Gives Simple Home Made Recipe to Darken Gray Hair
Mrs. M. D. Gilepie, a well-known beauty specialist in this city, recently gave out the following statement regarding gray hair:

Any one can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Barbo Compound and 3 ounces of glycerine. These ingredients can be bought at any drug store at very little cost, or the drugist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off.

FEW FOLKS HAVE GRAY HAIR NOW
Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.
Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. A good grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who wear this even color that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.
