Thompson, of the Mercantile Trust Company, Pittsburgh, which at one time was receiver of the former, but king's funds now. Under the order just made by the County Court, John W. Thompson, as executor, has accounted for \$768,231.40, including unclaimed deposits, to pay the estate.

Patrolman Keptford is survived by his father and mother, sister, Ada, and three brothers, Clayton, Clyde and Raymond. His father is a watchman in the Bethlehem Steel Company and his three brothers are in the Bethlehem Steel Company police force.

Kepford was made a patrolman during the McCormick reorganization in 1902, and a sergeant in 1905, and was dropped from the force by ex-Mayor Meads and became a policeman for the Cumberland Valley Railroad. He was stationed at Chambersburg. When the commission form of government was inaugurated here in 1914 he again joined the force. For the last several months he had been a traffic officer and patrol guard.

The Salvation Army Lass Whose Smiles and Pies Make Tired Yankees Think of Home and Mothers

The Salvation Army is well-known on this side of the water as the hat for contributions after the hymns. Over there she is the lass with a big cup of hot coffee and a pie just like mother used to make when home and mother.

The Salvation Army is one of the seven organizations to be benefited by the United War Work campaign, and every Harrisburg contribution helps to buy one more pie or loaf for a hungry soldier.

ARMISTICE IS ENTERED INTO AT NOON TODAY

best part of two other divisions, the Evening Standard says.

Terms of Peace Being Discussed at Conference of Allied Commissioners

London, Oct. 31.—The preliminary conversations which lately have occupied the Allied representatives in Paris have been concluded and more important discussions now are beginning, according to reports reaching official quarters here. To take part in the discussions, Andrew Bonar Law, chancellor of the exchequer went to France yesterday, crossing the channel in an airplane.

The scope of the deliberations of the Allied representatives has not been announced and although it is stated from a reliable source, some official declaration of armistice terms possibly may be made before the end of the present week, nothing definitely is known about them.

DUAL MONARCHY NOW IS FACING CRISIS OF THE WAR

Allies have driven in their wedge east of the Piave, it apparently is the intention to outflank the Austrians on the north in the foothills of the Alps and crush them from both the north and the west.

The situation of the Austrians guarding the Trentino along the front from the west of Lake Garda to the Piave also is becoming serious. Between the Brenta and the Piave the fifteen Austrian divisions operating there have been cut off by the capture of Vadal pass. Elsewhere on this front the Austrians must retreat northward through the Alps with the Italians, British and French pressing hard at their heels. If, as reported, the Italians are attacking from St. Elvio southward to lake Garda as well as eastward from the lake, the Allies have begun the familiar pincer movement in the Trentino.

Serbia Nearly Cleared of Enemy. Austrian troops also are retiring from Serbia and the left wing already has crossed the Danube, Vienna announces. The Serbs have reached the Danube near Semendria and the fall of Belgrade and the complete liberation of Serbia would seem but a matter of a few days, if not hours. In western Serbia the Austrians also are marching north toward the Danube.

Turkey Agrees to Armistice. This report from London followed closely on official announcement that Turkey's plea for an armistice received in Washington, October 14, would be submitted to the governments at war with Turkey. The inter-Allied Conference continues its labors at Versailles.

Yanks Will See Own Activities Through Films. Paris, Oct. 13. (By Mail)—To General Pershing belongs the credit of showing to the soldiers of the American Expeditionary Force their own activities through the medium of motion pictures. By miles of news film made on the spot the various sectors are doing and what they themselves look like when practicing the art of war-making. The newest film service is to be famous as the 'Yanks Weekly' and is to be released twice a week, showing in every Y. M. C. A. hut as the latest of the many friendly acts of the seven service organizations combined in the United War Work Campaign. Paris will be headquarters of the news film and Homer Croy of New York will direct operations.

Advice to the Lovelorn. BY BEATRICE FAIRFAX. SEND A PHOTOGRAPH. A week ago I sent a young man a picture of myself, not realizing the picture was being taken. It is not my nature to do such a thing, but I accepted a 'dare' made by one of my friends. I now feel very hurt about it, as the young man does know it was a 'dare.'

Why do sensible girls of your sort ever taken seriously the silliness of their companions? Having taken the 'dare,' you may have to accept certain of its consequences, but at least you can write a frank, self-respecting note to the young man, telling the truth as far as you can without involving others, and asking him to return the photograph.

U.S. STEEL FEELS MARKET DECLINE

Majority of Losses Retrieved at End of First Hour's Selling

New York, Oct. 31.—Wall Street further heavy selling of popular issues attended the active opening of to-day's stock market. U. S. Steel bearing the brunt of the movement at a decline of a large fraction. High grade rails also reacted, Canadian Pacific losing two points. These recessions were balanced by a five-point rise in Mexican Petroleum and advances of one to two points in Marine, pf., American Smelting, Baldwin, Locomotive General Motors, Texas Company and People's Gas. By the end of the first half hour most losses were fully retrieved, steel rallying 1 1/4 points.

On the early rebound, the more important industrials and equipments, comprising the war group, rallied with U. S. Steel, and oils also scored further gains, but rails made an indifferent showing, aside from the consistent strength of Southern Pacific. Much of the improvement was lost in the second hour when fresh selling forced U. S. steel down two points from its best, other leaders reacting to a like extent. Before midday, however, fresh support was seen in steels and other prominent issues, the market showing firmer tendencies all around.

Italy Recognizes the Need of Civilian Aid to Men of Firing Lines

Rome.—Italy's King and her Commissionary General have paid high tribute to the heroic American civilians who are giving aid in strengthening the morale and fighting power of the Italian troops. It has just been announced. King Victor Emmanuel sent a message to the American Commissionary of all overseas Y. M. C. A. work, as the royal contribution to the United War Work Campaign of the Y. M. C. A. of Italy. The National Catholic War Council K. of C. War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army, the King's message was as follows:

"To offer something to the soldier at war facing the enemy is not only a brotherly thought of graciousness but also a patriotic duty. It means to keep their minds in all hours vigilant, prompt and courageous. To have given this institution so great a boost, the National Catholic War Council K. of C. War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army, the King's message was as follows:

"I take pleasure in expressing my great admiration of the philanthropic work accomplished by the American Y. M. C. A. with the mobilized army, both in the granting of large and generous financial aid to the already existing Italian 'Case del Soldato' and in the establishment of many new 'cases,' in which your enthusiastic and able associates cooperate actively in the great work of civil and military aid. I am greatly pleased to observe how these 'cases' increase daily in number and influence, so that their moral and material benefits to our brave troops at the battle front have already resulted in a great increase in the morale of our American fighters.

The victorious counter-offensive on the Piave has also clearly demonstrated the utility of the comfort-distributing stations established by the Y. M. C. A. in immediate contact with the battle lines, and this new organization, which gives the report of its efficacy promised by the noble initiative of our American fighters.

The 'Case del Soldato' are the Italian equivalent of the Y. M. C. A. huts.
