

MUST HURRY AT HOME IF SOLDIER BOY IS TO GET THAT CHRISTMAS PRESENT

If Tom or Jim, from Harrisburg, fighting over there with the Yanks is going to get his Christmas box, mother, father, sister et al. must get a shuffie on. To-day the Red Cross, local chapter, received 3,300 of these boxes, the latest, lightest little cartons one could imagine measuring 3x4x9 inches, it being estimated that that number would cover the complement which represents our city over there. Another order for boxes cannot be put in until November 15, so it behooves all relatives to report at Red Cross headquarters and present the labels received from Tom and Jim and bearing the O. K. of a commandant on the other side.

On Monday next a big room will be opened at River and Market streets, formerly occupied by the Ford Automobile Company, in charge of Miss Mary Cameron, and that is where labels are to be presented. If passed on by the committee the visitor gets a box and when it is ready for shipment the contents will be carefully inspected. If they meet all requirements it goes to the box.

The statement follows:

Ask any man who ever had rheumatic aches that question

He'll tell you he's heard of it, uses it, wouldn't use anything else for any external pain, ache, muscle-stiffness, soreness, lame back, lumbago, sciatica, sprain, strain.

He'll tell you it penetrates without rubbing, brings relief, giving quick relief. Clean, economical, certain of satisfactory results. All druggists have it—get a big bottle—today from yours.

Applications are being received by the automobile division of the State Highway Department, but it is not probable that any tags will be shipped until late in December.
