

'CORN BELT IS ON FIRE' IS WORD TO CHAIRMAN HAYS

Republican National Committee Flooded With Messages of Victory; People Stirred

Washington, Nov. 1.—The Republican candidate for Congress from Arizona is in military service in France. His Democratic opponent is stamping Arizona keeping politics in continuous session. Upon reading Wilson's appeal the "Tucson Citizen" wired President Wilson:

"Referring to your appeal to the country to return a Democratic Congress, can you have any possible objection to the election of Lieutenant Maddock, who has been serving his country in France since last May? Do you think his election would be misunderstood on the other side of the water? On the other hand, would not his defeat be taken in Germany as a repudiation of our fighting forces?"

Lieutenant Maddock is only typical of all Republicans. Hundreds of thousands of them are on the firing line in France, fighting against the same thing. Their answer to President Wilson's slander of their party, his charge that they are unfit and unsafe to participate in public affairs, and his audacious appeal for the election of only rubber-stamp Democrats who will cringe and fawn and do his bidding, has been instantaneous and vehement.

Not only from every state north of the Mason-Dixon line, but from several southern states, solidly Democratic, have telegrams been pouring in on the desk of Chairman Will H. Hays assuring him that Mr. Wilson's party is not only unfit to govern, but that they will fight without a truce. This Federal Bank district of five or six southern states assessed to take one hundred and ninety millions of dollars in Liberty Bond issue, while the point votes of all their Democratic Congressmen far outnumber those of New York, which alone was assessed ten fold more in Liberty Bond subscriptions. Same comparison as to drafted men for Army and in the matter of war taxes, and meanwhile the lone Texan private a tizen runs the show to the exclusion of the rest of the east, north, middle and western states."

From one western state which the Democrats have been hopeful of carrying comes a bunch of telegrams from businessmen, farmers and workers, saying that the Republicans are aroused and will carry the election overwhelmingly because of the President's action. In this state, particularly, Republicans have been able because they had been disposed to take the President at his word a few months ago when he said, "Politics are adjourned."

From another western state comes news from several quarters indicating that the President's action will cost the Democratic party in that state not less than 50,000 votes.

French Army Officers Praise War Workers With American Forces

Paris.—General Gouraud, the French commander, whose successes in the Alps have fastened his name to the American readers, has written an appreciation of the aid rendered his army by American agencies, which has been made public in connection with the United War Work Campaign. A similar tribute has been written by General Dugan, another of France's military leaders who has won recognition in America. General Gouraud wrote to Emmanuel Sautter, director general of the Foyers du Soldat, which are conducted by the French connection with the American Y. M. C. A. as follows:

"For some time past I have seen the work of your organization with the fourth army, and most highly appreciate each day the help and comfort which it affords to our soldiers, assuring to them a material and moral support. It is a most admirable work and I take this occasion to express to you my profound appreciation of its benefits.

I wish and sincerely hope that the efforts which you are putting forth to enlarge the scope and more fully extend your branches may be crowned with success. I beg to assure you, Monsieur le Directeur General, my profound and grateful appreciation.

(Signed) GOURAUD."

There were thirty-seven American Y. M. C. A. workers in the Foyers du Soldat when this was written, and as the K. of C. and Salvation Army are uniting in their efforts to provide comfort for the French soldiers, the extent of the appreciation of American aid can be estimated. General Dugan wrote as follows:

"I beg to certify that the representatives of the Y. M. C. A. have rendered great service to the wounded of this division during the last periods of the combat. Never hesitating to advance to the front, they have distributed to the wounded warm drinks, biscuits, candies, cigarettes, even to the advanced posts of the Echelle and the Chauhan. I desire to signify the bravery, modesty and discretion which the members of the Y. M. C. A. have shown in the accomplishments of their charitable mission."

Wanted For 200,000 Russian Captives of Huns

Copenhagen, Nov. 1.—The Copenhagen office of the Moscow prisoners of war relief committee asks the Associated Press to convey to America an appeal in behalf of the more than 2,000,000 Russian prisoners in Germany and Austria who appear to have been generally forgotten. At least 200,000 of the prisoners are ill and death announcements reach the Copenhagen committee daily literally in bundles.

Similar committees, formerly working in London, Paris, The Hague and Bern, have been forced to abandon their work owing to the failure of obtaining food for the prisoners, thus placing everything

GIFT BOOKS For Men in the Service

Every man in camp misses books, whether he was a great reader before entering the service or not—so one of the first gifts to buy for a uniformed friend is a book or two.

Many of our book friends are buying books for their soldier friends, and, then, before they send the gift they scatter friendly comments through the book. In that way little greetings are popping up just when the soldier least expects them.

Greeting cards for the boys overseas must be mailed on or before November 15—that means only 2 weeks more.

Choice now from a great assortment.
