

AUSTRIA TORN BY REVOLUTION NOW POWERLESS TO FACE ALLIED ARMIES

GERMAN LINES CRUMBLING ON THREE FRONTS

Foch's Hosts Advancing in Belgian, French and Italian Sectors

AUSTRIAN FORCES IN UTTER ROUT, FLEEING FOR SAFETY

PARIS, Nov. 2.—Emperor William is persisting in his refusal to abdicate, according to advices received here. He took refuge at German grand headquarters immediately after the meeting of the war cabinet, at which the question of his abdication was raised, says a dispatch to Le Journal from Zurich.

Italian Headquarters East of the Piave, Nov. 2.—Udine, Italian headquarters in the Isonzo offensive, is in sight of the advancing Italian armies.

ROME, Nov. 2.—Eighty thousand prisoners and 1,600 guns have been captured in the Italian offensive, the war office announces.

Valenciennes has fallen to Canadian troops. The Allied armies in Italy maintain their pursuit of the Austrians and west of the Meuse and in Flanders Marshal Foch continues to press the Germans.

With Valenciennes gone the Germans not unlikely will have to give up Tournai and to retreat both in Flanders and south of Valenciennes.

Ghent Endangered by Advance

In Belgium the Allies, including American troops have reached the Scheldt on a wide front southwest of Ghent and are reported to be west of the river at Eecke, seven miles south-southwest of Ghent. The German situation around Ghent is becoming hazardous.

West of the Meuse the Germans now are in a serious position through the successful American and French drive of Friday which placed them in a pocket in the forest of Boulton, north of the Argonne. General Gouraud's men resumed the offensive Saturday and are pressing through the wooded region west of the Boulton forest. The French and Americans have captured more than 4,400 prisoners.

Diaz Gives Armistice Terms

Allied armistice terms have been handed the Austrians by General Diaz, whose victorious troops continued to push the enemy back on a front of more than 125 miles from Lake Garda to the Piave. Between Asiago and the Piave the Allies have advanced to the Brenta at Grigno. The Austrians apparently are fleeing precipitately northward through the Trentino, leaving thousands of prisoners and hundreds of guns to the Allies.

East of the Piave the Italians, British and Americans are pressing toward the Tagliamento along the entire front. North of Sacile they are well east of the Livenza which river also has been crossed south of Sacile. North of Belluno the Italians are pressing onward into the Carnic Alps, outflanking the hard-pressed Austrians in the Venetian plains to the south. North of the Adriatic the Italian Third army is pushing ahead rapidly with the Austrians before them in an apparent rout. It is reported the Austrians are evacuating Udine, the principal fortress on the Venetian plains west of Gorizia. The Allied armies in Venetia have captured additional thousands of Austrians.

Austrian Dreadnought Sunk

Italian naval units also are active against the Austrian coast along the Adriatic. Rome announces that the Austrian dreadnought Veribus Unitis has been destroyed by the Italians. More than one thousand square miles of Italian territory had been liberated by the Allies up to Friday.

Events are moving with dramatic swiftness in the battle zones of France and Italy. In the former the French, Americans and British struck the enemy on three sectors of the long front yesterday. In Italy the Italian, French, British and American forces pressed on in pursuit of the Austrians retreating over the plains of Venetia or plunged through the mountain barrier so long maintained by the enemy on the mountain front.

Copenhagen reports that King Boris of Bulgaria has abdicated. He ascended the throne on October 3. A peasant government is said to have been formed.

Count Julius Andrássy, who has been Austro-Hungarian foreign minister only eight days, has resigned.

Austrian Government Powerless

Advices as to conditions in Austria are confusing. It seems, however, that the Imperial government is powerless in the crisis which has come at Vienna. Some reports say Emperor Charles is a fugitive from his capital, but other advices say he and Empress Zita still are in Vienna. Austria seems to be splitting up into a number of independent states. There seems to be no doubt that the Austrian fleet at Pola has been surrendered to the Croatian national committee. The Croats have declared their union with Italy.

Germany has recognized the new Czecho-Slovak government at Prague and has opened diplomatic intercourse with it.

Three Central Figures in Collapse of Turkey

GEN. ALLENBY

GEN. MARSHALL

ENVER PASHA

Here are the central figures in the events which have led Turkey to plead for an armistice. General Allenby's forces drove the Turks from their strongest positions and their final and successful plea came after the fall of Aleppo. General Marshall's army, which kept driving on, really forced the Turk to show his last card. Enver Pasha, Turkey's young war minister, was responsible to a great extent for bringing his country into the war and having its army officered and directed by Germans.

PREVENTION OF FIRES IS URGED BY WHOLE STATE

Businessmen Join With Home Owners in Lowering Risk in City

This is Fire Prevention Day. The fire loss of \$109,000 annually in Pennsylvania, and \$5 per capita in Harrisburg, which is much higher than the Pennsylvania average, is considered by the State Fire Marshal's office a matter of such vital importance that Fire Prevention Day is being observed all over the state to-day with a view to reducing the great fire loss during 1919. Hundreds of posters urging the necessity of precautionary measures against fires have been distributed in the city, and hundreds of citizens have taken the significance of the day to heart and cleaned up their premises. The removal of all waste material from buildings and grounds is the prime factor in removing a

Germans Continue Resistance to Advance of Pershing's Men; Drive Slows Down Before Grim Stand of Huns

YANKEES GAIN GROUND AHEAD OF SCHEDULE

Losses Small in Great Operation; Enemy Casualties Reported Unusually Heavy; German Allies Going Home

With the American Army North-west of Verdun, Nov. 2.—The American first army continued its offensive movement to-day. Ahead of their schedule, the American forces were engaged in working their way forward to exploit their successes of yesterday. The Germans were continuing their resistance, which promised to grow heavier as the higher ground was reached. Despite the increased volume of the enemy fire, however, the Americans are steadily advancing, although more slowly than on Friday. The line at noon showed no losses of territory, while some improvement of it had been effected. Considering the magnitude of the operation, the American losses in yesterday's fighting were small. On the other hand, the reports indicate that the German casualties were unusually heavy.

Austrian forces on the German front in the Woerre region are entraining for Austria. It is reported here on the strength of statements by prisoners the Americans have taken.

HUNTER KILLS HIS BROTHER

West Chester Pa., Nov. 2.—While hunting rabbits yesterday, Roy Springfield, aged 17 years, was instantly killed by his brother, Edgar, aged 25 years. The two hunters were after rabbits in a clearing near their home when the elder one started a rabbit and pointed his gun at it. At the same time his brother ran in front of the weapon and received the entire load of heavy bird shot in the back of his head. His skull was literally torn to pieces.

BAVARIAN KING WOULD FILL THE KAISER'S SHOES

Ancient House Ready to Grab Reins of Government

London, Nov. 2.—The Bavarian premier has notified Berlin that the Bavarian royal family claims the imperial throne in the event of Emperor William's abdication, according to the Socialist Leipzig Volks Zeitung which is quoted in a Hague dispatch to the Daily Mail.

The reigning king of Bavaria is Ludwig III.

The heir apparent is Crown Prince Rupprecht, who was in command of forces on the western front during much of the war. Since August 10 he has not been with his troops. It was reported that following a quarrel at main headquarters he left the army, but the official report of the incident stated that he had "gone on a vacation."

The royal house of Bavaria is descended from the ancient counts of Wittelsbach, who flourished in the twelfth century. Duke Maximilian of Bavaria was elected to the rank of elector of the Holy Roman empire during the thirty years' war. Elector Maximilian Joseph was raised to the rank of king by Napoleon Bonaparte in 1805.

Three Austrian Army Corps Are in Flight From Sea to Mountain; Roads Open to Isonzo

DIAZ HANDS ALLIED TERMS TO COURIERS

Drastic Nature of Armistice Requirements Shown in Summary of the Demands Made by Supreme Council

Washington, Nov. 2.—An intimation of the drastic nature of the armistice terms submitted by General Diaz to the Austrians is given in an official dispatch from Rome to-day, saying: "The Italian victory is hourly assuming such proportions that any kind of indulgence toward an enemy which up to the last minute of his dominion has insulted our brothers, devastated our lands and fought with the utmost barbarity would be a crime."

In Full Flight

The same message reports that from the sea to the mountains three Austrian army corps are in flight; that all roads are open to Isonzo, the first place where the Austrians probably will attempt to make a stand. Italian naval detachments have occupied the lagoon between the mouth of the Tagliamento and Carole, which was protected by monitors and heavy artillery.

Rome, Nov. 2.—The Allied terms to Austria in response to her application for an armistice have been handed by General Diaz, the Italian commander-in-chief, to Austrian of-

Safer Course Decided Upon by City Officials to Check Epidemic

From reports on the influenza epidemic situation to-day Dr. J. M. Raunick, city health officer, said that there seems to be little doubt that the closing orders on everything in the city must be lifted at noon on Tuesday. He said that while it is too early to make a positive statement to that effect the situation has improved to such an extent that it is not believed there will be any after that time.

No church or Sunday school services will be permitted for violations of the Federal Food Administration's sugar regulations.

The fine was imposed by Donald McCormick after a hearing in the Food Administration office, and the money will be diverted to the Harrisburg chapter of the Red Cross. According to the evidence accepted at the hearing, the restaurateurs were serving more than the individual allowance of two pounds of sugar per ninety meals. They served it in the necessary individual packages, but handed more than one allowance to single customers, it is said.

The regulations governing the sale and use of sugar will be enforced stringently in Dauphin county. Mr. McCormick said, and prosecutions follow where violations are discovered.
