Beidleman Home Folks' Rallying Cry Is Adopted in Other Counties

The Dauphin County Boosters Com date for lieutenant governor:
"Make it unanimous for Beidleman

has proved a popular slogan since it has proved a popular stogal since it was adopted by the Dauphin County Boosters' Committee and sent broadcast through the columns of the Harrisburg Telegraph the past week. It has been adopted by newspapers all over Pennsylvania, and the call issued tor's home district has been reprinted many times.

many times,

"We, members of the Boosters' Committee, call your attention to the popularity of Senator E. E. Beidleman abroad, as a further appeal to his own neighbors and homefolks to 'make it unanimous for Beidleman' at home. The Booster Committee has received reports from all parts of the state. It is not a question of victory for Dauphin county's candidate for lieutenant governor, but of majority, and we are especially desirous of repeating on Tuesday what was done at the primaries—the carrying of every precinct in the city and county for him by fine majorities.

British Strike on Both Sides of Rain of Missiles Fairly Smothers Germans; Yankees Get 2,500 Prisoners

> By Associated Press
> With the American Army Northwest of Verdun, Nov. 2.—The First American army smashed forward for material gains along the entire front yesterday. In conjunction with the French army on its left, the Americans resumed in force the operations begun September 26.

Preceded by the heaviest artillery preparations yet used by the Americans the infantry went over the top at 5.30 o'clock this morning all along the line. By 8'o'clock the troops had taken Champigneulle. St. Landres Et St. Georges, and the Lan D'Huy farm and 2,500 prisoners. There was opposition only at

Later stiff opposition developed in the Bois Des Loges and continued for some time, but before noon all the objectives along the entire front had

Enemy Smothered by Fire.

The Americans never before had so much artillery in action. Although the artillery preparations was of only two hours' duration, the concentrated rain of missiles fairly smothered the Germans.

The enemy had in line in the morning between the Meuse and the Bourgogne wood, nine divisions, including some of his best men. Against him the Americans threw in a superior number of fresh troops, all rested men, in good spirits and ready for a fight.
