DEMAND ON OLEO BOOMS LICENSES

Unusual Business at the Dairy and Food Division Offices

Closing months of the year do not seem to have brought any diminution in the number of licenses for the sale of oleomargarine at the Dairy and Food Commission's office...

Puts an End to Catarrh Nuisance A Direct and Simple Way That May Be Adopted With But Little Cost

There must be readers suffering from chronic catarrh who would like to know how they can stop catching cold after cold, for they must realize that sooner or later this may lead to serious deafness and injury to the system in general.

Dr. Blosser, a respected physician, and for forty-four years an enormous specialist in catarrh, is the discoverer of this pleasant, direct method that cures man, woman or child.

It is made from medicinal herbs, flowers and berries, which you smoke in a dainty pipe or cigarette, and inhale the vapor into all the air passages. It contains no tobacco, even though it is used in the same manner.

Dr. Blosser's Catarrh Remedy is equally effective in all forms of catarrh, bronchial irritation, asthma, catarrhal headache, and ear troubles that may lead to deafness. You will breathe better and feel better after using it.

For ten cents (in coin or postage) a small package will be mailed, containing some of the Remedy made into cigarettes, also a leaflet for smoking in a pipe and a neat little pipe. Month's supply, either form, costs one dollar and twenty-five cents. Address THE BLOSSER COMPANY, Box 4429, Atlanta, Ga.

Vote "YES" To All Road Users:

Does Dauphin county—does Central Pennsylvania—know the economic handicap of BAD ROADS? "YES" —

Because with few exceptions this section of the state has never had good roads.

Is it not a fact that while the merchants of the market centers suffer as a result, THE FARMER SUFFERS MORE, because of the increased cost of getting his produce to market? "YES" —

Good roads bring the farms closer to town; they reduce the cost of transportation; they cut down the time required to get from place to place.

Doesn't that make Good Roads a direct BENEFIT to the Farmer, the Business Man, the Consumer, the Automobileist—in fact the General Public? "YES" —

Is there a remedy? "YES" —

Is it by voting for Constitutional Amendment No. 1 on the election ballot next Tuesday? "YES" —

Does that authorize the legislature to pass enabling legislation, so that without a cent of increased taxes on the farmers or anybody else, the state may from time to time issue bonds for road improvements? "YES" —

Then listen: Support Amendment No. 1 on Tuesday. Vote "Yes." Improved roads must come. Pennsylvania demands them. Provide the State with the means to build them rapidly—by a loan if necessary.

Don't take a chance that the necessity for good roads might result in a curtailed appropriation for our schools and worthy charitable institutions.

Vote for the so-called "fifty million bond issue," with the assurance that bonds will not be used unless absolutely necessary—and in no event until after the war is over.
