

Count Karoly Proclaims Hungary a Republic When King Frees Him of Fealty

Berne, Nov. 5.—Count Karoly, after obtaining a release from his oath of fealty to the emperor, proclaimed a republic in Hungary, according to a dispatch to the Bund from Vienna quoting the Viennese newspaper Die Zeit.

FOCHT AND HIS EX-EMPLOYEES

Congressman From 17th District Tells Vance McCormick to Get Out of Ananias Club

(Special) Chambersburg, Pa., Nov. 3.—In making a final swing through his congressional district, Congressman B. K. Focht made a short stop here and when his attention was called to an article in National Chairman Vance C. McCormick's Harrisburg Democratic Evening News, said the article in question was reprinted from the Lewisburg Journal, a Democratic paper published by the Democratic postmaster there. It is alleged that Congressman Focht refused to re-employ two men formerly engaged in his printing establishment upon their return from the Texas border. "This is too silly to notice," said the Congressman, "and is just one more last-hour McCormick fabrication sent along to prejudice the minds of the soldiers in the various camps who will vote next Tuesday. However, in order that not even a campaign misrepresentation may possibly reflect upon the two most excellent and respected young men, Captain S. B. Wolfe and Warren Musser, I feel constrained as a matter of justice to them to enter a complete denial and utterly condemn these McCormick allegations as cheap, debasing and unworthy. My answer is that following the return of Captain Wolfe to the South and until his troop was dismembered, he wrote each week most interesting letters for publication in the paper on which he is alleged to have been refused employment, while Mr. Musser within three weeks has been among his old friends in Juniata county urging

them to vote for me. This attempt made by McCormick to influence the soldiers and laborers comes with little grace from him in the presence of his persistent refusal to enlist, although he is a bachelor with no dependants, and since not so very long ago he said he thought a dollar or so a day was enough for a laboring man to receive.

Joe Ready Departs For Winter Quarters; to Return With Spring

Joe Ready went away to-day. Joe's home is Harrisburg, street and number unknown. Every fall, with the rest of the birds, Joe goes South. But to quote a well-known ad, "Never fear, he will return." Every spring Joe comes walking back to town with his well known grip, and proceeds to celebrate his return by seeing if he can hold more liquor than he could the year before. The home he occupies most, according to police, is the jail. And it is the police to whom he says good-by, and greets first on his annual pilgrimages.

WAR NEWS ADDS TO MARKET TONE

Peace Stocks Feel Surrender of Austria in First Half Hour

New York, Nov. 4.—Wall Street.—War news over the weekend, including Austria's surrender, imparted strength to peace stocks in the first half hour of to-day's trading. Mexico petroleum led with a gain of seven points, Royal Dutch coming next at a five point advance and Marine pfd. rising two points. Ralls also made a good showing, transcontinentals featuring that section at gains of one to almost two points. Steels, coppers and motors average one point advances, but these were soon lost in part. Interest attached to the initial dealings in the new Liberty 4 1/2's, the first transaction in that issue consisting of one lot of 3,800,000 at 98, two per cent. under

Reventlow Advises Full Surrender

Copenhagen, Nov. 4.—Complete submission to the Allies was advised by Count Reventlow, the naval writer, in the Berlin Deutsche Tages Zeitung. The article was very mild for the usual bellicose Reventlow. The German newspapers for many weeks have not been so bare of comment on the military and political situation as they are at present. Apparently, the German press is awaiting the result of the Versailles conference. Immediate peace is demanded in manifestoes published by German Socialist organizations and feminist groups throughout the Empire. The last-named groups in their statement declare the German women will take every means of opposing the continuation of the war.

MR. VOTER OF PERRY, JUNIATA, FRANKLIN, FULTON, MIFFLIN, HUNTINGDON, SNYDER, OR UNION COUNTY Do You Favor Putting a YELLOW STREAK in the AMERICAN FLAG? Benjamin K. Focht in the Congress of the United States voted FOR the McLemore Resolution. Congressman Farr, REPUBLICAN, OF PENNSYLVANIA, in a speech in Congress before this resolution was voted on, said: "A vote for this resolution is a vote to put a yellow streak in the American flag." Congressman Focht voted to keep American citizens off the high seas, against the legal right of American ships to carry arms and ammunition, against raising an adequate army by selective draft that the Hun-horde might be held in their terrible ravaging sweep—by every one of these votes putting a yellow streak in the American flag. Congressman Focht in his Lewisburg Saturday News of May 19, 1917, says: "President Wilson has evaded more problems than any other man in public life in a like time; he has side-stepped more vital issues, he has switched his opinions more often, he has reversed himself more frequently and more violently than any other President we have ever had." But no one has yet accused President Wilson of putting a yellow streak in the American flag. Mr. Voter of the Seventeenth District, you will decide tomorrow by your vote whether you are going to trust President Wilson, who has kept the yellow streak out of the American flag, or Benjamin K. Focht, who has tried so hard to put it in. The thousands of boys from the district on the other side carrying the American flag (still without a yellow streak) to Berlin and victory—who do you suppose they would rather have behind them, President Wilson or Benjamin K. Focht? What message are you going to send them by your vote tomorrow?

Voters, Read These Words of Colonel Roosevelt!—"President Wilson says that Republicans are not good enough to serve the Republic in Congress at this time. But they are good enough to die for the Republic in the Army and Navy. They are good enough to pay the taxes and subscribe to the Loan!" "We have sent our sons and our brothers to spill their blood like water overseas under the flag; we have given our strength and our money without stint to serve the country at home, to float the loans, to back up the war activities of every kind; and now we are told that the blood of our sons, and the money saved at the expense of our wives and little children, do not entitle us to any word in saying how the war is to be waged! Or what are the terms on which peace is to be made or what shall be our policies after the war?" Mr. Republican, and Mr. Independent Voter, what are you going to do at the polls to-morrow? Do you not think it will be safer to favor with your ballot the Republican Ticket than the Democratic? Bear in mind that the Republican Party is the Party of Reconstruction; the Party of Unconditional Surrender, and the Party of 100 per cent. patriotism. Vote for the Republican nominee for Congress and insure loyal and patriotic representation at Washington. TO BE ON THE SAFE SIDE, MARK YOUR BALLOT AS FOLLOWS: REPUBLICAN X AND DEMOLISH AUTOCRACY AT HOME
