

# ROAD LOAN IS APPROVED BY BIG MAJORITY

## State "Pulled Out of Mud" With 75,000 Votes to Spare

Returns received up to noon today indicate that the majority of Pennsylvania counties yesterday in voting on the proposition to bond the state for \$50,000,000 for road purposes reversed their attitude of 1913; and as a result the bond issue carries by a vote approximating 75,000 to 100,000. The count on the amendment is slow, of course, but William Jennings, treasurer of the Associated Highways Organization of Pennsylvania, at noon declared that Pennsylvania "has indeed voted to pull itself out of the mud."

The campaign to secure favorable action on the bond issue proposition was waged by the Associated Highways Organization of Pennsylvania, an association formed in this city early last spring. The officials named at the organization meeting were as follows: John S. Fisher, Indiana, president; Dr. P. T. Johnson, Erie, vice-president; William Jennings, Harrisburg, treasurer, and Mr. H. James, Harrisburg, secretary. John S. Fisher is a former state senator and was intimately associated with the 1913 bond issue campaign. Dr. Johnson is a prominent official of the Perry Highway Association. Mr. Jennings is president and Mr. James secretary of the William Penn Highway Association.

### Splendid Campaign

For the last two months the Associated Highways Organization has carried on a quiet campaign for the bond issue. Associated in the work were the majority of good roads organizations of the state. The association enlisted the efforts of 14,000 individual Pennsylvanians who agreed to "take off their coats" in the effort to get better roads for Pennsylvania. These 14,000 workers, enlisted by the associated highways, were scattered in every county of the state. In addition the individual memberships of the numerous road-boasting associations were put to work; and these gave an additional 15,000 hustling advocates of better highways. Mr. Jennings and Mr. James directed the campaign from this city. Hundreds of thousands of pamphlets and placards were distributed from Harrisburg during the two weeks preceding the election. The publicity campaign, in direct charge of Mr. James, reached every section of the state, through the hearty co-operation of the newspapers. In all Pennsylvania only four newspapers criticized the bond issue proposition and two of these papers were Harrisburg publications. Motor clubs joined in the effort to get better highways for Pennsylvania. These clubs, the road organizations, Chambers of Commerce, Boards of Trade, department stores and motor truck manufacturers paid for advertising space in the newspapers. "Beat the plate" was used by hundreds of weekly newspapers.

"It is certainly refreshing to know that the people of Pennsylvania have not only elected Senator Sprout Governor, but that they have testified their confidence in him by voting at the same time to entrust him with the construction of what is to be America's greatest highway system," said William Jennings today. "That the money will be well spent we are all well satisfied. When the war is over Pennsylvania will be in a position to put itself on a 25-day-a-week basis—and use it while it is being paid for."

### NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

"Danderine" makes your hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a month, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and hair-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

# NEWS OF STEELTON

## CORP. SCHMIDT IS WOUNDED

### Took Part in Big Attack of September 26, and Was Shot in the Leg

Joseph Schmidt, of Enhaut, this morning received a letter from his son Leo, who is a corporal with the 316th Infantry in France, telling him of the big attack of the latter part of September in which he took part and was wounded. The letter follows:

"I wrote you a short letter the other day, but had very little to say in it. I have more news for you this time. It is not very much, but I want you to know so that in case you see my name in the paper as being wounded you will not worry. It is nothing really serious, and as soon as I get out of the hospital I will be back in the ditch. I have been shot in the right leg just below the knee. It struck a bone, but I do not think it did much damage, and I will probably be out again in a few weeks.

Now, do not think the Huns got the best of me, for we boys surely did give them plenty. We had a hard time keeping after them; they were moving homeward so rapidly, and the Yanks were right on their heels. I will have some great stories to tell you when I get home.

I was in the thick of the attack for three days before they got me, and I sure did my share before they did. I was probably read of in the big attack started on September 26. I was wounded in that attack on the 28th, late in the afternoon, right in front of the Huns' first line. It took until Monday before I got to the hospital and was operated upon. (The Red Cross is certainly doing fine). That was some attack. We captured a lot of Huns, but killed a whole lot more. Of course, they got a few of us, but very few in comparison to what we did to them.

The Huns have fine dugouts, all fixed up as though they had expected to stay for some time. Plenty of beer in them, more than we have them time to drink. The Yanks had a fairly good supply of bread, which ate."

## Emergency Hospital's Last Patient Dies

Yesterday morning at 11 o'clock, Nick Manjaric, of 256 Main street, was considered well enough to be discharged from the emergency hospital, provided he received attention at his home. He was discharged and died three hours later, due no doubt to his failure to take the precautions prescribed. He was the last patient at the emergency hospital.

The canvas and equipment of the emergency hospital have all been thoroughly fumigated and is being prepared for shipment to any point in the state that it may be required. All the nurses and aids have left the hospital, many of them having gone to emergency hospitals in other towns. Only enough militia men remain to help in the packing of the equipment, all of which will be taken away by to-morrow.

## Roscoe Zeigler's Death Confirmed

Official confirmation of the death of Roscoe Zeigler, of Lincoln street, was yesterday received by his parents, Mr. and Mrs. O. J. Zeigler. Zeigler was a private in Company F, 60th Engineers.

About two weeks ago the parents of Zeigler received a card telling of the safe arrival of their son in France, then came a rumor that he had died on board ship before his arrival. The parents immediately started an investigation, but could secure no official report until yesterday.

Zeigler, according to the official announcement, died aboard an English transport on October 8, while en route to France with his regiment. He was buried at sea. Details and the cause of death have not been furnished by the officials.

## RED CROSS CHAPTER RESUMES ITS WORK

The rooms of the Steelton Chapter of Red Cross were opened this morning with a good number of women ready to go back to the work which has accumulated during the quarantine. A special call has come for fifty sweaters to be finished before Saturday, and quick work must be done to make this possible.

A special date will be announced in the papers shortly for the return of the packed Christmas cartons. A postal inspector is to be at the rooms to inspect all packages brought in.

## MAURER RECOVERING FROM HIS WOUNDS

Harry L. Maurer of the Sanitary Corps of the 12th Infantry, who sometime ago was reported as having been severely wounded in action, is recovering rapidly and will shortly rejoin his outfit, according to a letter received by friends this morning. In his letter he says that Wayne Jefferson, a member of the same company, has recovered from shrapnel wounds and has returned to his company.

## ASKS ALL RESERVES TO ATTEND DRILL

Captain Reider, of the new Steelton Reserves, has issued an invitation to all the members of the old organization of both companies to attend the meeting of the new organization to be held in Pelton Hall to-morrow evening, regardless of whether they have signed for the new organization.

## DOWNES FUNERAL TO BE HELD TOMORROW

Funeral services for Mrs. Mary Elizabeth Downes, widow of Abraham Downes, will be held to-morrow afternoon at her late residence, 236 Locust street, at 3:30 o'clock. The Rev. Mr. Daugherty, of the United Brethren Church, will officiate. Burial will be made in the Oberlin Cemetery.

## CHURCH NOTES

The Woman's Guild of Trinity Episcopal Church, will meet to-morrow afternoon at 3 o'clock in the Parish House.

Mrs. Bannan's Sunday school class of the Methodist Church, will meet at the home of Mrs. Frank M. Kennedy, 157 South Fourth street, on Thursday evening.

## UNITED WAR FUND COMMITTEE TO MEET

The executive committee of the United War Fund drive will meet this evening in the office of Frank A. Robbins to perfect the plans for the drive to be held next week.

## MORE CLOTHING BADLY NEEDED

### Home Nurse Reports Many Cases of Dire Distress in Need of Assistance

Although the Associated Charities of Steelton has made numerous calls for clothing for infants and children up to 12 years of age, not half enough has been received to clothe the many children that have been left orphans as a result of the epidemic.

Associated Charity workers report many cases of dire distress which should be attended to immediately. In many homes conditions have been discovered much too bad for publication, and these must receive attention immediately. Miss Winship, the district home nurse, is doing all in her power to alleviate the distress, but the cases are too numerous for her, and the demands have been so much greater than the receipts of money and clothing that but a small proportion of the needy cases have really been attended to. There is sore need of children's underwear and clothing of all kinds for infants. Such articles, or money with which to purchase them, will be received for the purpose by Mrs. C. A. Alden at 401 Pine street, and at McCurdy's drugstore in the Bank building.

## CHURCH NOTES

A business meeting of the U. E. Sunday Schools will be held to-night immediately after the prayer service.

# FOCHT DEFEATS SCOTT S. LEIBY

## Returned to Congress by a Big Vote in Every County in District

Reports this morning from the Seventeenth district show that Congressman Benjamin K. Focht, Republican, had defeated State Senator Scott S. Leiby for Congress. Mifflin county is claimed by 500 for Focht, Union county by 600 and with no definite returns available from Huntingdon and Fulton counties, that part of the district is said to be carried by at least 500 by Focht.

In Juniata county, with sixteen districts reported, returns show 1,159 for Focht and 950 for Leiby. Franklin county, reporting thirty-two districts, give 2,346 to Focht and 1,921 to Leiby. Snyder county, thirteen districts reported, give Focht 1,040, Leiby, 829.

Senator Leiby carried his home town, Marysville, 218 votes being cast for him, while 127 were cast for Focht.

## Advice to the Lovelorn

### A TIMID LOVER

DEAR MISS FAIRFAX: I have known a girl for the past four years, but not until recently have I grown to love her. She has shown me in minor ways that she cares for me, but how much is uncertain.

Before I began to show my affection for her she was intimate with another young man, a friend of mine. She had a dispute with him and told me he was completely out of her mind. Recently this man has started to pay her attention again, and she is accepting his invitations while endeavoring to make me believe that he did. You have probably read of becoming the friend he was.

As I love this girl very much and

do not wish to lose her, I would appreciate your advice.

PERPLEXED.

The only direct method of ending such anxieties as yours is to tell the girl you love her and ask her to be your fiancee. But I know no other way of overcoming your dread of your rival and your fear that the young man you so much admire is playing with you.

### IS LOVE A DISEASE?

DEAR MISS FAIRFAX: About a year ago I met a young man two years my senior. A month ago he introduced me to a friend with whom I fell in love. They are both 20. The first friend asked me to marry him, but I did not give him any answer. The second asked me, and I grasped the opportunity and said "yes." They both want me to marry them before you go away.

### ASHAMED OF HER FIANCEE

DEAR MISS FAIRFAX: I am very much in love with a young man, but am ashamed to go anywhere with him, as he is very ignorant of etiquette. Every time we go on the street he walks on the inside. He does many similar things. He seldom treats me and when he does he buys cheap candy. Yet he has good habits and does not smoke, chew or drink.

I hate to give him up, but all the girls make fun of me for going about with him.

### CONTANT READER.

If you are truly in love, the small things you mention ought not to trouble you. Don't you think it's extremely frivolous to think of "giving up" a young man because he isn't familiar with all social observances and does not buy expensive candy? Try looking at his side of the question.

## Perry County Registers Strongly For Republicans

New Bloomfield, Pa., Nov. 6. — Perry county registered a smashing victory for the Republican candidates at the polls yesterday, although both amendments failed to carry. Sprout a majority of 1,214 over Bonniwell and Beldeman 904 over Logue. Woodward defeated Johnson to a score of 2,238 to 1,404.

## QUICK RELIEF FROM CONSTIPATION

### Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them 40c and 25c per box. All druggists.

Focht with a vote of 2,238 carried away Congressional election from Leiby whose vote was 1,657. In the legislative fight Sowers received a vote of 2,353 while Gray received 1,548. In the gubernatorial returns, Sprout's total was 2,457, while Bonniwell had 1,243.

### CORPORAL SHUTTER GASED

Corporal Emery Shutter, Company A, 316th Infantry, was gassed in an attack September 26, according to a report received yesterday. He is now in a base hospital and his recovery is said to be certain.
