Lone American at Trieste When Italians Land; Lived Like Caveman Four Years

Trieste, Nov. 7.—The only American in Trieste when the Italian forces landed, was Arthur Baker, of Pittsburgh. "We had been living like cave men for four years," he said to the correspondent, "never seeing a friendly face and spending our entire income on food. It required \$15,000 to live even decently. It was a common thing for rich men to beg a pair of trousers from acquaintances. There was so much paper money that it was valueless. The only way to obtain a thing was to find something the other fellow wanted, and then trade."

Middletown

Herbert Guide Brinser, 30, died at the home of his sister-in-law, Mrs. Anna Smith, Palmyra, yesterday. His wife had been called to the home of her sister, who was ill, and while there she became sick and sent for her husband. A few days afterwards Mr. Brinser took sick from influenza, which developed into pneumonia causing his death.

Mr. and Mrs. Brinser lived in Catherine street. He is survived by his wife, parents, Mr. and Mrs. H. R. Brinser, Pine street; one brother, Lane Brinser, in France; three sisters, Clara Brinser and Miss Olive Brinser, at home, and Mrs. Elva Brinser, of Clifton. The funeral will be held from his parent's home, 327 Pine street, on Friday afternoon with services at 2 o'clock. The Rev. O. M. Kraybill, pastor of the Church of God, of which Mr. Brinser was a member, will officiate. Burial will be made in the Geyer Cemetery, Hillsdale. The body can be viewed from 12:30 to 1:30 Friday. Services will be private. A meeting of the United War Work campaign will be held in the council chamber, North Catherine street, this evening at 8 o'clock, and all captains and lieutenants of the Fourth Liberty Loan are urged to be present. William Richards, who is employed in the basement at the local shoe factory, had his left hand badly mangled when it caught in a heel pressing machine. Had he not had presence of mind, the hand would have been cut off. He went to the office of Dr. H. M. Rhodes who dressed the injury requiring eighteen stitches. Fortunately no bones were broken.

E. P. Henry, of South Wood street, received a telegram from the War Department that his son, Corporal Clarence Henry, was wounded while in action overseas. He is a member of Company B, 316th Infantry. He is in an American base hospital.

Mr. and Mrs. Samuel Weirich, of Pike street, who have two sons, John Weirich and William Weirich in service received word that the former was badly injured about the legs and back and the latter badly gassed, having his face badly burned. Both young men are well known in town. E. C. Steiner, the bottler, who was closed some time ago by an order issued by the government, covering plants within the half-mile zone of the aviation depot, has been allowed to open up again, but dare not sell to any person living within the half-mile zone. All orders must be sold outside of the zone. George Fishburn, wife and children, of North Spring street, are all confined to their beds with influenza, and Miss Weidner, the trained nurse for the board of health and the Red Cross was called to their assistance. Miss Ida Beaverson, of New Cumberland, is spending several days in town. David Gibson has accepted the position as special policeman at the ordinance depot, taking the place of E. C. Steiner, who resigned. Henry Campbell, of Witherspoon

avenue, is seriously ill with pneumonia. Percy Dethl and son Russell Dethl, spent yesterday at West Fairview. Daniel Palmer is spending the week end at York with relatives. The Boy Scouts held their first meeting in the Methodist Episcopal Church, Tuesday evening, after being closed during the ban on the town. Scoutmaster C. Hoover, gave them the first drill. There were fifteen present.

Myers, of Susquehanna street, received word that their son, Grover Myers, had been wounded twice, the first time both arms being injured and later he was wounded in the head while on the firing line. Miss Cora Plasterer has returned home from a week's visit to her brother, James Plasterer, Lemoyne. Mr. and Mrs. H. E. Brandt, of town, received word that their son, Max Brandt, who is located at Fort

Bliss, Tex., has been seriously ill with double pneumonia and was unconscious for several days. The committee of the Red Cross linen shower, which has been on the move for the past two weeks in town and who have been meeting with such good success, are urged to meet at the home of the chairman, Mrs. A. L. Etter, North Union street, this evening at 7 o'clock. Dr. D. W. Laverty, one of Middletown's local physicians, is confined to his bed at his home, North Union street. The Wincroft stove works have a force of carpenters at work putting down a new set of steps in front of their building, South Union street, near the subway.

Suffragists Break Even in Election

Washington, Nov. 7.—Suffragists seem to have broken even in the election, victories in Michigan and South Dakota being offset by decisive defeats in Oklahoma and Louisiana. The result in Michigan, where the most important contest was scheduled, was in doubt until virtually all the districts were heard from. Suffrage seems to have been carried in that state by from 10,000 to 15,000 majority. A suffrage victory also is conceded South Dakota, although earlier returns left the result somewhat in doubt. Another blow was the rebuke administered to the two women candi-

DANGER AFTER SPANISH INFLUENZA OR GRIPPE

How It Can Be Avoided and Treated. Simple Rules to Be Followed. No Occasion for Panic

No need of anyone being afraid of the after effects and slow recovery from Spanish influenza, hard colds or Grippe, if they will use common sense and start in building up their health and strength the right way. The main thing is to get the blood rich, red, and pure, so it can carry life-giving oxygen and strength to every part of the body. Impure blood is the cause of so many slow recoveries and set-backs. Doctors say: "Get the blood right and the rest is easy, that nine-tenths of all sickness is due to lack of iron and phosphates; the healthy strong, vigorous man or woman's blood is always loaded with these two life-giving elements." Physicians also claim with fresh air and nourishing food nothing equals Phosphated Iron as a blood tonic and health builder. Phosphated Iron takes hold from the first dose. Results are seen and felt; strength returns, food digests, appetite picks up, sleep is restful, there is a color in the cheeks and a sparkle to the eye that only blood, charged with iron and phosphates can give. It is the duty of everyone who has had Spanish influenza, Grippe or a hard cold to build up their system with nature's tonic, Phosphated Iron. It is sure health protection. Safety first. The results will repay you many times. Give yourself a show. Special notice: To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules. On sale by G. A. Gargas, the druggist, and leading druggists everywhere.

Several Hundred More Women's and Misses' Suits and Coats On Sale Friday and Saturday At prices to you as low as these garments, in many instances, have sold at wholesale. Last week's group of coats and suits were quickly disposed of to women who readily saw the unusual values offered. The lot this week is a still higher grade of garments secured by our staff of buyers while in New York. It is really surprising to see how a nation-wide epidemic, like the recent one, can upset the market conditions among the manufacturers. Cash and unquestioned financial standing therefore secure opportunities for price concessions that were not possible a few weeks ago. But our customers who act as promptly as we must, secure the first advantages in selection and profit by the savings. This store does not make a practice of quoting comparative prices, as it is an easy matter to put a supposition price considerable higher than the selling figure. We prefer to have you see and judge for yourself the exceptional value that is offered at these prices. Suits Special at \$39.50 Coats Special at \$25 and \$35
