Answering you telegram of Oct.
29, I think a hundred thousand dollars is too much for a Democratic congress. Same goes for a Republican congress. A hundred thousand would be dead cheap for one live American in congress who makes his one and only job that of winning the war. Some are born Democrats, some achieve Democracy, and some have Democracy thrust into them. Some also do not know whether they are. Republicans or Democrats until the primary elections are past. Two members of my immediate family being in khaki, I personally vote by preference for men in uniform. Have no use for recent loud effects in yellow. Why not spend a little more than a hundred thousand dollars and get a good model? Why start a second-hand garage? Are you sure a grand jury will not get you, say in Louislana or Arkansas? Sorry to disappoint. having been a good Democrat since 1870. Now trying to be a good American.
