U.S. COMMAND IN WORLD TRADE

Ernest Trigg Delivers Strong Address on Future of Nation at Carlisle

when E. J. Cattell, of Philadelphia, will speak.

Mr. Trigg, who is president of the Philadelphia Chamber of Commerce, regional adviser of the Fourth Zone of the War Industries Board, and a director of the United States Chamber of Commerce, delivered an interesting address, in which he touched upon the principal features of readjustment after the war. Continued ship building activity for at least five years, a gradual let down of war manufacturing and reversion to peace time standards, stretching out of the United States into world commerce and influence, were among the things predicted. The return of the fighting men will have a big influence on the future growth of the nation, he further declared, as the men will come back with an international rather than a national vision.

Ruilding will be resumed after the

FREAK APPLE FOUND

Waynesboro, Pa., Nov. 9.—Mrs.
Sarah S. Newcomer, Smithburg, Md.,
has grown an apple that is an unusual freak. The apple is of the York
Imperial variety, and one-quarter of
the apple is a dark red with lines as
distinct as if drawn, while the other
three-fourths of the surface is colorded a bright yellow. All the red
of the apple seems to have centered
in the one-quarter and to have
drawn all the color from the other
three-fourths of the apple. It was
not covered to produce this effect. SALOONS AND THEATERS OPEN
