Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards after 17 years of study with his patients. Dr. Edwards Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood daysyou must get at the cause. Dr. Edwards 'Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggiets. Take one or two nightly and note the pleasing results.

That industrial accidents may be kept to a minimum, methods for close co-operation between the Bureau of Inspection and the Bureau of Statistics and Information are being perfected. As accident reports are received daily in the Bureau of Statistics and Information any indication of increase of accidents in any locality of the state, will be immediately made known to the Bureau of Inspection for concentrated activities along lines of inspection for safeguards and for safety education, in such localities, in addition to the constant work of the department to cut down the waste from industrial casualties. Through the Bureau of Municipalities every assistance will be given every municipality in the state desiring to institute public works or planning following the close of the war.
