

PEACE! PEACE! PEACE!

PEACE!! Does not mean the immediate return of our Boys;

PEACE!! Does not mean the return at once to PEACE conditions;

PEACE!! Does not mean that our sons have ceased to need our care;

PEACE!! Means an increased vigilance to protect them from the results of decreased activity and greater leisure; of reaction toward lowered ideals.

PEACE!! With its inactivity, means an increased consciousness of cold, of loneliness, of dreariness, which only the evidence of our love can dispel.

PEACE!! Means that these boys were made fit to fight, so shall they be made ready to take up anew the duties of citizenship.

PEACE!! Means that the SEVEN SOLDIERS' WELFARE ORGANIZATIONS have today undertaken a greater task; their need for funds is multiplied.

PEACE!! Not PRE-WAR, but PEACE of a new world; of a new America.

PEACE!! We were victorious in WAR, we will not be defeated in PEACE.

PEACE!! You gave to fit the Boy for battle, give now for his own sake.

PEACE!! You gave in your anxiety and sorrow, give thrice in the day of your rejoicing.
