

SPROUL STARTS ON HIS MESSAGE

New Governor Is Gathering Data to Outline Policies; to Leave League Chair

Governor-elect William C. Sproul yesterday advised his friends that he will not be a candidate to succeed himself to the presidency of the Union League.

Nomination for his successor will be made at the meeting of the League next month.

In reaching this conclusion Senator Sproul followed a precedent established by former Governor Edwin S. Stuart, who was elected to the executive chair, as was Senator Sproul, during the first term of his presidency of the League and who thereupon decided not to be a candidate to succeed himself at the head of the club.

Potential members of the Union League, in view of the custom which has obtained in that famous big organization for years of continuing presidents in office for at least two terms, are advocating the nomination of former Governor Stuart as President Sproul's successor. They argue that his quitting the presidency when he was elected to the Governorship deprived him of the honor of a second term in the League's leadership and that the present situation pre-fellow members to vote for him, as they undoubtedly would have done had he stood for re-election before.

Governor-elect Sproul has already started to gather data for his inaugural address, says the Philadelphia Inquirer. He will make economy of administration of public affairs, one of the keynote recom-

mendations in various departments. Not only will there be a call for a strict accounting of the large sums spent in various activities in connection with the war, but an immediate halt upon unnecessary expenditures in that direction demanded.

Senator Sproul is convinced that a revision of the State Constitution is necessary to meet unexpected conditions which have arisen since the present constitution was framed and the matter of calling a convention to revise the constitution will be put up squarely to the Legislature.

The Governor-elect will present a comprehensive statement of his views in connection with the great roads system and enlighten the General Association as to his ideas of the popular approval of the proposed \$50,000,000 loan for state highways.

The many other issues dwelt upon in his platform will all be submitted in up-to-date form to the legislators when they assemble in Harrisburg next January.

Memorial Service Held For Sergeant Johnson

Memorial services for Sergeant Ray Edison Johnson, son of Mr. and Mrs. H. W. Johnson, 1427 Berryhill street, were held last night at the Stevens Memorial Church. Sergeant Johnson was the first of the Stevens Memorial Church boys to enlist and was the first of that membership to give his life for democracy. He was given honorable military burial in France, October 6, after having died of pneumonia.

Sergeant Johnson was a member of the Eleventh Supply Company, U. S. Army. In his address of eulogy, Dr. Clayton Albert Smucker, who conducted the service, declared that no greater offering could be given by the church on the altar of freedom than the life of this young sergeant so willingly sacrificed for others.

Telephones to Enlist Aid of Women in War Work Campaign

"Hello! Is that you Mrs. Jones?"

"Well don't forget this is the week of the United War Work Campaign and we must do all we can to raise money to carry home to our men overseas. I was asked to remind you and six other women and to ask you to be kind enough to call up seven of your friends and ask them to do the same."

This is about the gist of thousands of telephone calls being made throughout the ten counties of the Sixth Pennsylvania district of the United War Work Campaign Monday, November 11, the opening day of the big drive for \$170,000,000 for soldiers and sailors welfare work.

A plan for an endless chain of telephone messages has been worked out by Mrs. William Jennings, vice-chairman of the district, and it will be set in motion at once.

The plan in short is for a certain number of women to start the chain. Each will call up seven of her own friends and will pass along the message of the big drive. She will ask each woman called to repeat the chain of seven calls among her friends. In this way it is believed every family with a telephone in the home will be reached in a strictly personal way. No efforts will be made to solicit contributions to the fund by this method, but the importance of the work will be borne in upon hundreds of thousands of people.

So don't be surprised if you get a call about the United War Work Campaign to-day!

All Plans Complete

All plans for the opening of the big drive throughout the district are completed. The campaign will reach into the most remote sections of the ten counties. Every man and woman; every boy and girl will be given an opportunity to contribute to the fund which means so much to the comfort of the fighting men. In many communities the drive among the industrial workers is already under way and some industries are reported to be over the top in both the total amount of

money and the number of subscriptions.

Penn State Far Over
The work among the students of the colleges is thoroughly organized under the direction of Dr. William A. Granville, president of Pennsylvania College at Gettysburg. Penn State College, Bellefonte, with a quota of \$10,000 has already subscribed \$22,000, of which \$15,000 was contributed by the men in the student army training corps. "Every student-every institution" is the keynote of the student drive and all indications point to a realization of that goal.

Hundreds of boys and girls are being enrolled in the ranks of the Victory Boys and Victory Girls and these hustling youngsters are setting a swift pace for many a grown-up by pledging to give from \$5 to \$10, which is to be money which they have actually earned.

In every city, town, village and township the homes campaign will start to-day and reports filtering in to district headquarters here are that every community in the district is going over the top early in the week.

Great Thanks Offering

"It should be a great Thanksgiving offering," said E. J. Stackpole, chairman of the district to-day. "With our boys now undoubted victors we should pour out our gold and silver in a stream that will carry the comforts of home to those who have willingly gone forth to battle for the world and for the Stars and Stripes. It will take millions to provide those comforts during the period of demobilization, and it is important that the \$800,000 quota for the district be topped by from thirty to fifty per cent."

Mr. Stackpole has two sons at the front. Captain E. J. Stackpole, Jr., is now in a base hospital, wounded severely.

A. H. Dinsmore, acting campaign director also expresses confidence that the campaign will be a complete success. His confidence is based upon the thoroughness of the preliminary organization work and reports already in of one of the largest cities in the district having reached its quota.

The first report on the work in the district will be made Monday night by 9 o'clock, it is expected.

Christian Science Church Active in Work in War; Makes Much Clothing

Everybody is taking an interest in war relief, and because little is heard of the work of the Harrisburg's Comforts Committee, that is no indication its members are not busy. This committee is composed of Christian Scientists having headquarters in a storeroom located at 355 South Thirteenth street. They solicit aid only from their own members, gratefully accepting contributions in money or material from any others desiring to assist.

This room has been open for months where garments are made from material new and old, as well as knitted articles, most of which are sent to the Christian Science forwarding committee of Boston for shipment overseas or wherever needed by soldiers, sailors and refugees.

About 600 articles have been forwarded by this committee, including children's clothing of all kinds, sweaters, socks, wristlets, scarves, helmets and miscellaneous articles. Women, expert in cutting, sewing and knitting meet at this room every Tuesday and Thursday to make up garments and teach others how to make them, much of the work being done at the homes of members.

Here baby bonnets are being fabricated from pieces of velvet and silk, looking so nice and neat when finished it gives one a desire to see the little bodies wear them. Underwear for children have been made from old stockings, and children's dresses from shirts, Petticoats and baby sacks are formed from skirts and dresses and many small pieces of cloth remaining are made into quilts.

One of the very interesting features of the work is the making of boys' trousers and suits from men's clothing contributed for the purpose. This clothing is thoroughly renovated and made up into complete suits, looking good as new when finished. They are clean, warm and ready to wear when distributed by the Christian Science welfare workers among our needy little neighbors "across the pond." They have pockets in them too, just the right size for a handkerchief, top or ball, and the mothers who make them are happy in the assurance of the comfort and joy their work will give to the needy little men and their mothers also if they are so fortunate as to have any.

The purpose of these activities and the quality of the work performed in the preparation of these useful articles reflect so little credit upon the committee in charge and those assisting them.

New Bloomfield Man Gets Honors of War When He Loses Sight in Battle

New Bloomfield, Nov. 11.—Receiving nearly every dignity which a hero of the war could command, including honorable wounds which caused the loss of his sight, the name of George H. Behnhel is on everyone's tongue in his home town to-day. Promoted from private to first lieutenant, recommended for the Croix de Guerre for bravery, bearing the red shoulder bar signifying that his entire command had been cited, are some of the things besides the loss of his sight which have made Behnhel a hero here. His parents, Mr. and Mrs. H. S. Behnhel, recently received a letter from their son, written by a comrade of the latter, in which he tells of his plight, but "promises to be around shortly." Behnhel, it is believed, lost his sight a short while after he was recommended for the Croix de Guerre. He is a former employe of the Philadelphia Press and a graduate of the University of Maine.

Robert B. Reeves, Secretary of Y. M. C. A., Again Well

ROBERT B. REEVES, Secretary of the Y. M. C. A., Harrisburg, who is out again after a severe illness of influenza and gradually recovering his strength. He was unable much to his regret to act as campaign director of the United War Work drive in this district but the splendid response of the workers through the activities of the district organization has been a tonic to the popular general secretary.

First Copy Printed of Telegraph's Peace Extra to Mr. Longaker

The first copy of the Harrisburg Telegraph off the press in the early hours of the morning telling of the signing of the armistice terms by the German envoys will go into the archives of Norris S. Longaker, the well known division passenger agent of the Pennsylvania Railroad.

Mr. Longaker spent the night in the Telegraph news rooms sitting beside the Associated Press wire anxiously awaiting news of peace. When it came he called up the Mayor's office and gave first notice of the celebration to follow. Then he followed the making of the Peace Extra and bought the first paper off the press containing the peace dispatch.

CUTICURA HEALS RASH

On face. Skin very red and itched so badly that at night could not sleep. Face felt as if on fire. Sent for sample Cuticura Soap and Ointment. Afterwards bought more. Used two cakes Cuticura Soap and one and a half boxes Ointment and was healed.

From signed statement of Miss Ella Dear, 236 Urbane Ave., Pittsburgh, Pa., Jan. 19, 1918.

Clear the pores of impurities by daily use of Cuticura Soap and occasional touches of Cuticura Ointments needed to soften, soothe and heal. They are ideal for every toilet purpose.

Single Cakes Free by Mail. Cuticura, Dept. H. Boston. Sold everywhere. Soap 25c. Ointment 25c and 50c. Talcum 25c.

Look out for Spanish Influenza.

At the first sign of a cold take

"OUT OF DANGER"

Then to get back health and strength in the next time for doctor and patient after grippe, influenza or other wasting diseases. A good tonic is needed and the Medical Profession is a unit in endorsing Iron, Nut Vonica, Gentian, Capsicum and Zinc Phosphate for this purpose. Many preparations containing Iron, however, are very constipating, and have no harmful or unpleasant after effects. These tablets are safe, sure health-builders and their use is strongly advised just at this time. Weigh yourself before taking them and note how quickly they commence to do good. Nearly every druggist sells Chase's Blood and Nerve Tablets at sixty cents a box. Special strength, ninety cents.

Victory! Thanksgiving.

Now It's Up to You at Home

The Boys in the Service Have Done Their Part ---

Prove to them that you mean what you say when you say "I didn't get to the front line trenches but I always help Uncle Sam go over the top here in America."

Give YOUR Share to the United War Work Fund

Tomorrow starts the Big 7 in 1 Drive Give seven times as much as you would give to one drive because there are seven organizations joined together for one drive for THE SAME CAUSE.

The 7 drives are in 1 so that you have only one time to give but Give Enough to Help the 7

When the War Fund Solicitor calls on you be ready and save his time. Say "yes, certainly I will give to the limit".

Bear This In Mind

The Boys over there and in the camps here will need MORE looking after than ever before.

Relaxation will come quickly and the Boys will want something to occupy their minds and time.

The 7 War Work Organizations will Look After the Boys It's Up to YOU to Look After the 7 Organizations

Resinol stops itching instantly

Don't let that itching skin-trouble torment you an hour longer! Just spread a little Resinol Ointment over the sick skin and see if the itching does not disappear as if you simply wiped it away!

And—even more important—this soothing, healing ointment rarely fails to clear away promptly every trace of the unsightly, tormenting eruption, unless it is due to some serious internal disorder.

Resinol Ointment usually gives even prompter results if the sore places are first bathed thoroughly with Resinol Soap and hot water.

Resinol Ointment and Resinol Soap contain nothing that could injure or irritate the tenderest skin. They clear away pimples, redness and roughness, stop dandruff. Sold by all druggists.
